The Philippine Statistics Authority (PSA) extended assistance to registered persons affected by a residential fire in Davao City by replacing their damaged National IDs.

A total of 26 registered persons in Barangay Leon Garcia received the replacement National IDs.

"Having a valid proof of identity, especially in times of emergencies is essential," said PSA Undersecretary Claire Dennis S. Mapa, PhD, National Statistician and Civil Registrar General. "A valid ID helps agencies in identifying those who are in need of assistance post-emergency. It is our hope that through the immediate issuance of the National ID of the registered persons in Barangay Leon Garcia, we are able to help them in rebuilding their lives."
