<sup>d/</sup> Data generated from the Labor Force Survey (LFS) October 2017 survey round. It is based on DOLE Department Order (DO) No. 149 Series of 2016 and DO No. 149-A Series of 2017 that enumerate the work that would render a person below 18 years of age to be engaged in child labor. As this data satisfy only a few of the criteria for child labor, it cannot be compared to the results (data) from the 2011 Survey on Children

<sup>e/</sup> Coverage rate is the aggregate count of PhilHealth beneficiaries (eligible member and qualified dependents) under Formal Economy (Private, Government, Household Help/Kasambahay, Enterprise Owner and Family Drivers), Informal Economy (Migrant Worker, Informal Sector, Self-Earning Individual and Organized Group and Others), Indigents, Sponsored Members, Senior Citizens and Lifetime Members as a percentage of the total population.
