APPENDICES

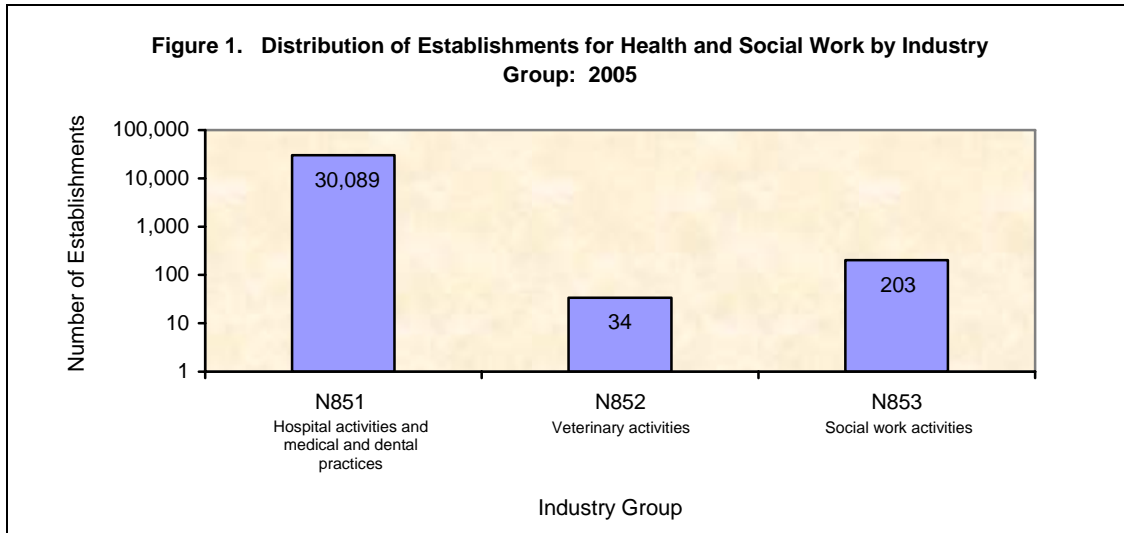

Appendix A	1994 Philippine Standard Industrial Classification (Major Division N)
Appendix B	2005 Annual Survey of Philippine Business and Industry Questionnaire (ASPBI Form No. 1)

BRIEF ANALYSIS

Number of Establishments

A total of 30,326 health and social work establishments were covered in the 2005 Annual Survey of Philippine Business and Industry (ASPBI). Of the total number, 29,671 establishments or 97.8 percent had an average total employment (ATE) of less than 20 workers. On the other hand, only 2.2 percent or 655 establishments had an ATE of 20 or more workers.

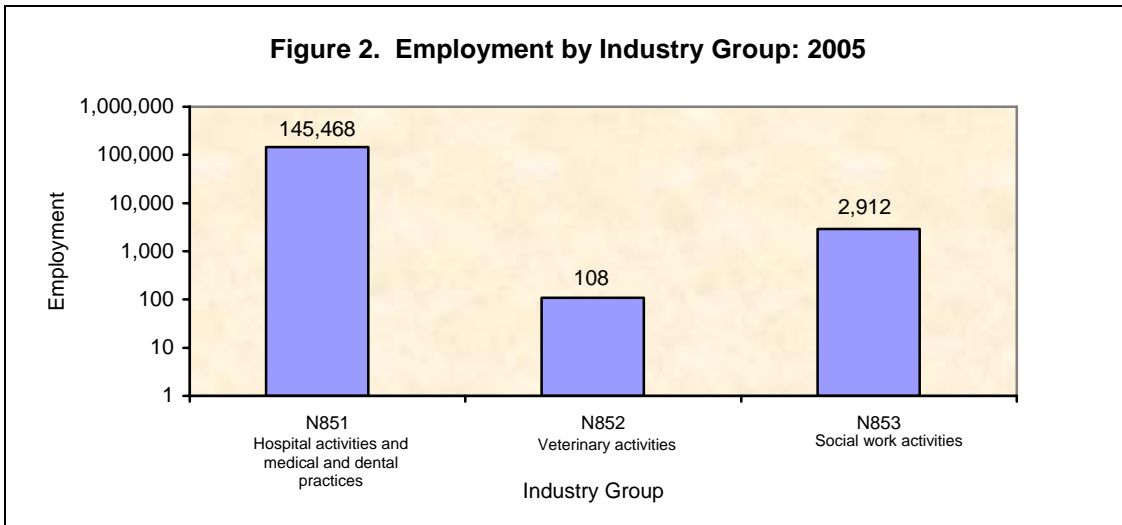

Majority of these establishments, 99.2 percent or 30,089 establishments were engaged in hospital activities and medical and dental practices. About 203 establishments or 0.7 percent were involved in social work activities while only 34 establishments or 0.1 percent were engaged in veterinary activities. *Figure 1 displays the distribution of establishments by industry for health and social work sector.*

Employment

Employment in all health and social work establishments reached 148,490 workers. Establishments with ATE of 20 or more workers, although comprising only 2.2 percent of the total number of health and social work establishments, employed almost half of workers numbering to 73,472 or 49.5 percent of the total employment for the sector.

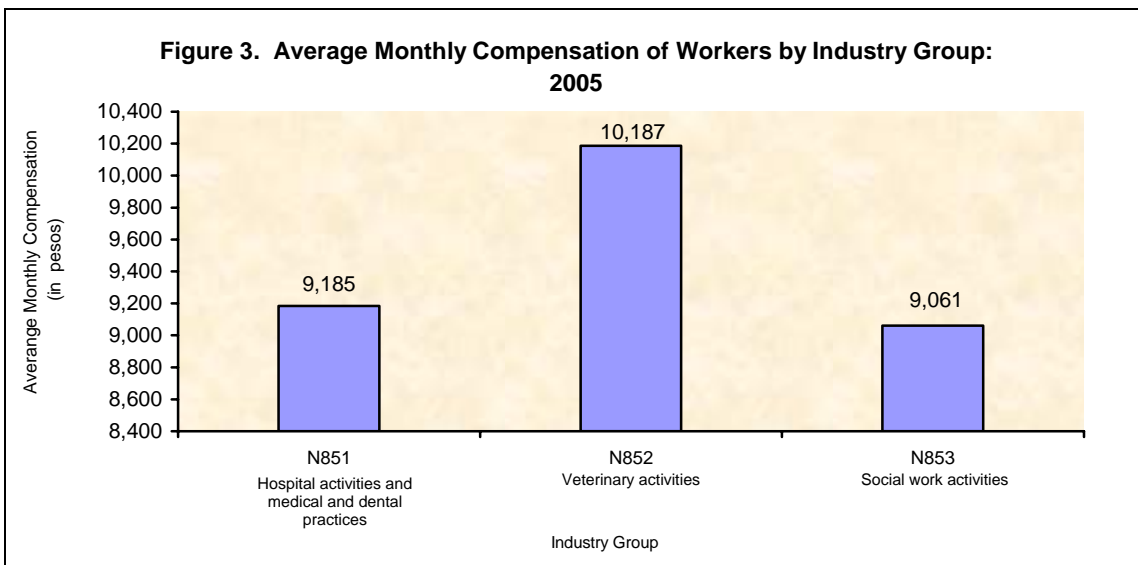

Across industries, hospital activities and medical and dental practices employed the biggest number of workers with 145,468 or 98.0 percent, followed by social work activities with 2,912 workers or 2.0 percent. Veterinary activities, having the least number of establishments, accounted for only 108 workers or 0.1 percent of total employment. *Figure 2 shows the distribution of employment by industry.*

Compensation

Total compensation paid in 2005 amounted to Php13.1 billion. Basic salaries and wages accounted for 94.0 percent of total compensation amounting to Php12.3 billion while the remaining Php0.8 million were paid for employer's contribution to social security, PAG-IBIG, ECC and the like.

By industry group, veterinary activities paid the highest compensation per employee with a monthly average of Php10,187. Establishments engaged in hospital activities and medical and dental practices paid a monthly average of Php9,185 during the same year. On the other hand, social work activities paid the lowest average monthly compensation of Php9,061. *Figure 3 displays the average monthly compensation by industry group.*

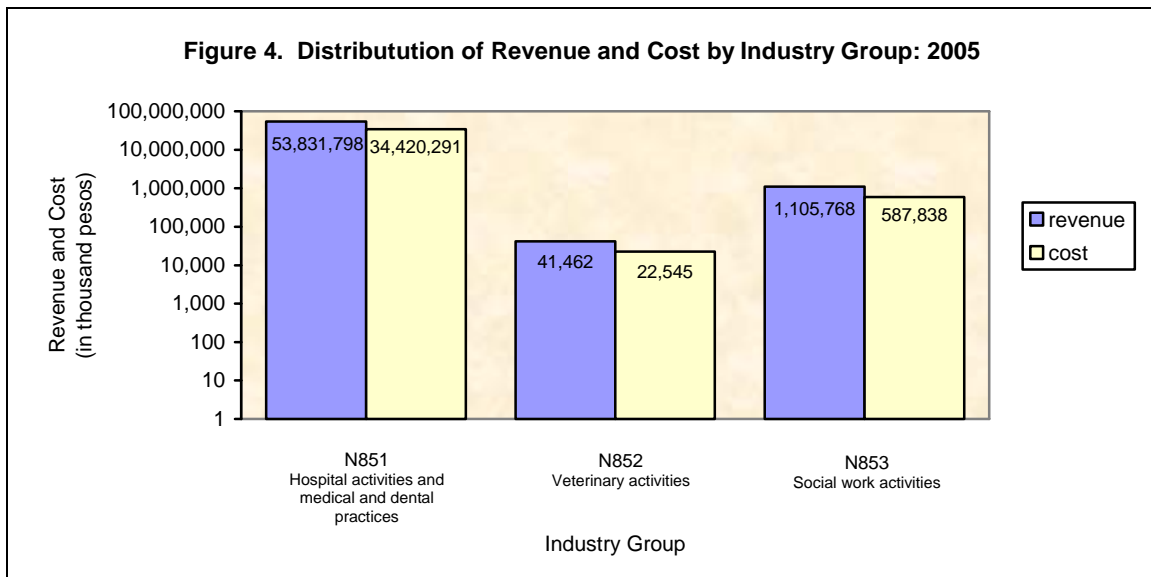

Revenue

Total revenue generated by health and social work establishments amounted to Php55.0 billion. Hospital activities and medical and dental practices earned the highest revenue amounting to Php53.8 or 97.9 percent. The shares of social work and veterinary activities were Php1.1 billion or 2.0 percent and Php41.5 million or 0.1 percent respectively.

Cost

Among industries, hospital activities and medical and dental practices spent the biggest cost with Php34.4 billion or 98.3 percent. The remaining 1.7 percent were shared by social and veterinary activities with the amount of Php610.4. *Figure 4 illustrates the distribution of revenue and cost by industry group.*

Capital Expenditures

Capital expenditures by all health and social work establishments was estimated at Php14.2 billion.

Among industries, hospital activities and medical and dental practices spent the biggest amount for capital goods valued at Php14.2 billion, accounting for 99.8 percent share to total. The remaining 0.2 percent were shared by social work and veterinary activities with the combined amount of Php35.4 million.

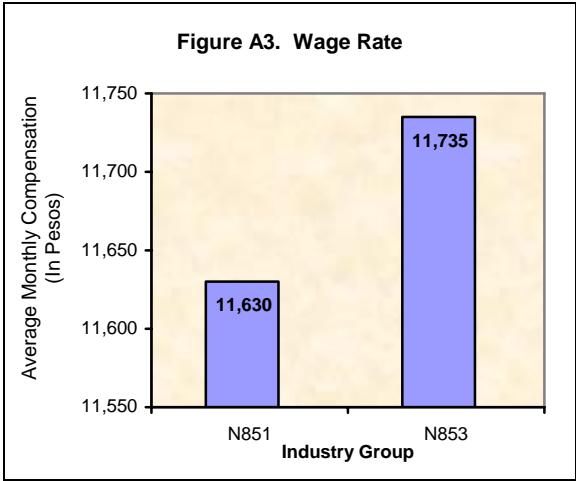

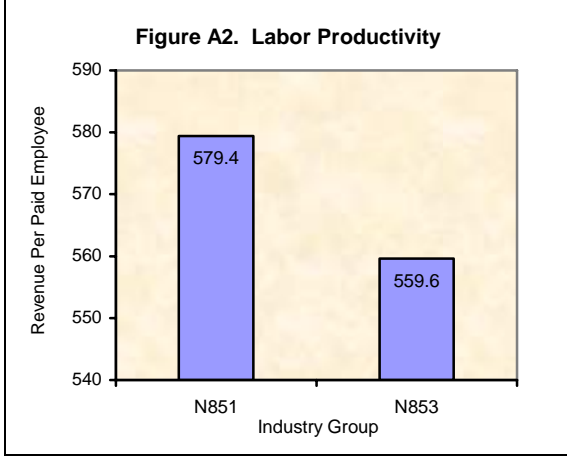

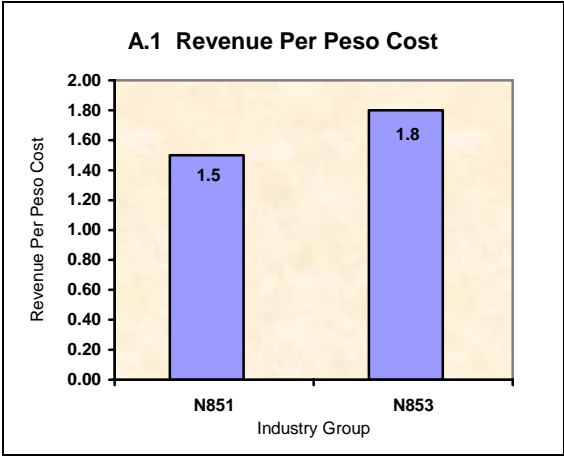

Value Added

Value added generated by the sector summed up to Php26.1 billion. Establishments engaged in hospital activities and medical and dental practices contributed the largest share of 97.8 percent, amounting to Php25.5 billion. The shares of social work and veterinary activities were Php561.1 million (2.1 %) and Php20.7 million (0.1 %) respectively.

Labor Productivity

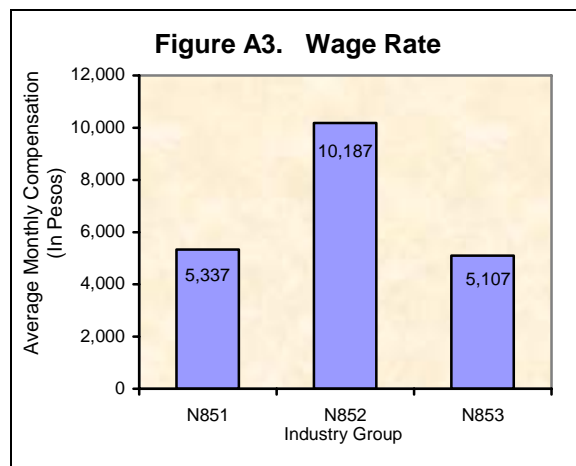

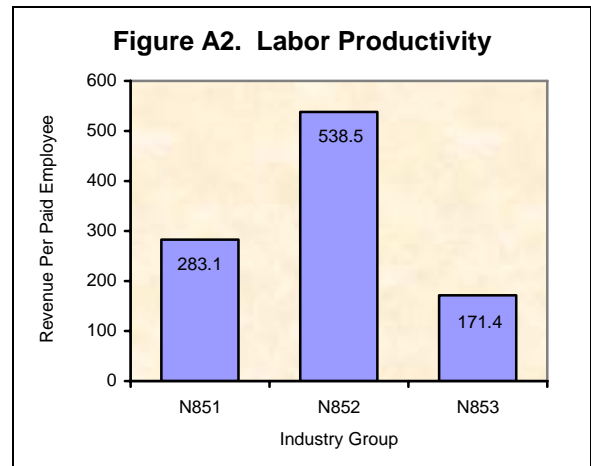

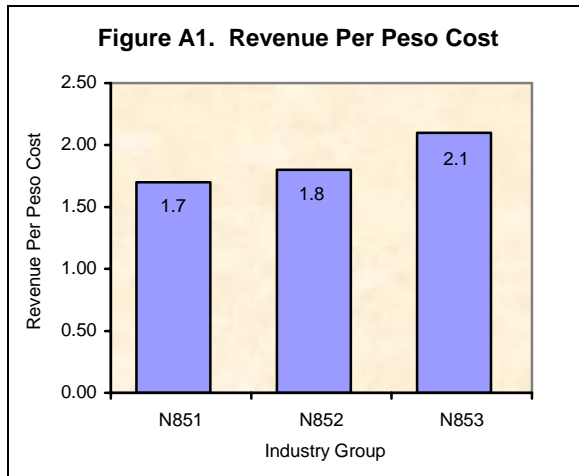

Labor productivity for the sector, measured by revenue per paid employee, was Php462.9 million. Veterinary activities recorded the highest labor productivity worth Php538.5 million followed by hospital activities and medical and dental practices with Php464.3 million. Social work activities, on the other hand, had the lowest labor productivity amounting to Php403.0 million.
