NSCB issues corrections on the 2000 Input Output Table

(Posted 26 April 2006)

The NSCB issues corrections on the 2000 Input Output Table posted on the NSCB website last April 21, 2006 due to some observed inconsistencies in the data series used in the estimation of indirect taxes and depreciation components of the Gross Value Added. Correspondingly, revisions were also done on the following sectors: Electricity, Gas and Water; Finance; Manufacturing; and, Transportation, Communication and Storage.
