BOHOL	72.6	38	SARANGGANI	48.7	77
TARLAC	72.6	39			

- Notes: 1) The results of the 1999 APIS Provincial Ranking is not comparable with the 1998 APIS Provincial Ranking for Selected Poverty Indicators of the Bottom 40%.
- 2) The provinces are arranged based on the percentage of families meeting a particular MBN indicator or poverty correlate from highest to lowest. The province with the highest percentage of families meeting the MBN or were covered by the poverty correlate is ranked 1 and the province with the lowest percentage of families meeting the MBN or were covered by the poverty correlate is ranked 77.
- 3) Percent of families with members 13-16 years old in high school is an indicator of ENABLING NEEDS.
