

TABLE 2 Percentage Distribution of Underemployed Persons by Hours Worked in a Week and Broad Industry Group, Philippines: 2016
(Annual estimates based on the four quarter rounds of the 2016 LFS)

Selected Indicators	Percent
UNDEREMPLOYED PERSONS	
Number (in thousands)	7,478
Percent	100.0
HOURS WORKED IN A WEEK	
At work	98.6
Worked less than 40 hours	53.8
Worked 40 hours or longer	44.8
With job, not at work	1.4
BROAD INDUSTRY GROUP	
Agriculture	38.0
Industry	18.1
Services	43.9

Notes: The methodology for the computation of annual estimates of labor and employment indicators is based on a Resolution found in the PSA website, *Approving and Adopting the Official Methodology for Generating Annual Labor and Employment Estimates*, using the average estimates of the four LFS rounds.

The annual estimates were based on the final results of the January and April 2016 rounds of LFS and preliminary results of July and October 2016 rounds of LFS.

The estimates for the January 2016 was derived using 2000 Census-based Population Projection. Starting with the April 2016 LFS round, the population projection based on the 2010 Census of Population and Housing (2010 CPH) was adopted to generate labor force statistics.
