INJURIES TO WOMEN DUE TO SPOUSAL VIOLENCE

LISTEN

HELP-SEEKING BEHAVIOR

Among women who have experienced physical or sexual violence and sought help, the most common source of help are their **own family (65%)**, followed by their **friends (18%)** and **neighbors (10%)**.

Some Laws Protecting Women and Children Right

1 - The National Demographic and Health Survey (NDHS) 2017 is the sixth Demographic and Health Survey conducted in the Philippines as part of the DHS Program, and the 11th NDHS since 1968. NDHS included Women's Safety Module to collect information on domestic violence on women aged 15 - 49.
 2 - The Philippine National Police Crime Incidence Report contains reported cases of violence against women and children. Physical Injuries include physical abuse in violation of RA9262, serious physical injury, less serious physical injury and slight physical injuries.
 3 - The Department of Social Welfare and Development (DSWD) is mandated by law to develop, administer and implement comprehensive social welfare programs designed to uplift the living conditions and empower the disadvantaged children, youth, women, older persons, person with disabilities, families in crisis or at-risk and communities needing assistance.
