PHILIPPINE STATISTICAL DEVELOPMENT PROGRAM 2023-2029

BAGONG PILIPINAS

PHILIPPINE STATISTICS AUTHORITY · Solid · Responsive · World-class

The Philippine Statistical Development Program (PSDP) is the National Strategy for the Development of Statistics of the Philippines. It is a mechanism for setting the directions, thrusts, and priorities of the Philippine Statistical System (PSS) which contains statistical development programs (SDPs) and activities for the medium-term. The PSDP serves as a tool for integrating and coordinating the statistical activities in the PSS.

VISION

Responsive, relevant, and innovative statistical system that provides quality statistics for evidence-based planning and decision-making towards improved and sustained quality of life for all
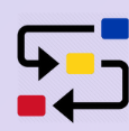

GOALS

- Accurate, relevant, timely, reliable, and accessible statistics for evidence-based decisions and policies
- Increased awareness, understanding, appreciation, utilization, and trust of the general public on statistics
- Technologically advanced data production and generation
- Available and accessible more granular data
- Increased utilization of non-traditional sources of data

KEY PRIORITIES

Philippine Development Plan (PDP) 2023-2028

EO 352 – System of Designated Statistics

Sectoral Plans

Sustainable Development Goals (SDGs)

CRVS Decade and Civil Registration Laws

Global/International Commitments

RA 10625, 11055, 11315

432 SDPs

PDP indicators being supported by **SDPs**

243 out of 335

29 CHAPTERS

SDGs being supported by **SDPs**

Tier 1 — 136 out of 157

Tier 2 — 40 out of 51

Tier 3 — 40 out of 85

7 YEARS
