

Electricity, Gas, Steam and Air Conditioning Supply

Final Results from the 2016 Annual Survey of Philippine Business and Industry (All Establishments)

Electricity, Gas, Steam and Air Conditioning Supply includes the activity of providing electric power, natural gas, steam, hot water and the like through a permanent infrastructure (network) of lines, mains and pipes.

However, only the industry for **electric power generation, transmission and distribution** is present in the Philippines. Thus, the succeeding results pertain to the said industry.
