

# 2016 STATistical Indicators on Philippine DEVelopment

## Statistical Indicators on Philippine Development (StatDev)

is a statistical indicator system that provides a comparison of actual sectoral accomplishments with the corresponding targets indicated in the Philippine Development Plan 2011-2016 Results Matrices (PDP-RM).

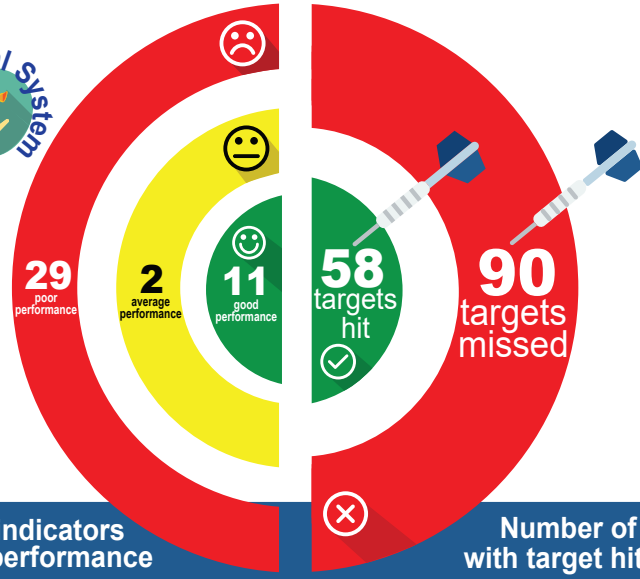

**“5 out of 9**

sectors had

**at least 40%** of their

respective indicators achieving the target or likely to meet them in 2016”

Number of indicators by pace of performance | Number of indicators with target hit or missed

“The number of poor households covered by the CCT Program and the number of TVET graduates have **generally surpassed their respective targets since 2012**”

Sector	Good Performance	Average Performance	Poor Performance	Hit	Missed
Macroeconomy	1	0	2	4	4
Industry & Services	1	0	0	3	6
Agriculture & Fisheries	0	0	2	11	25
Infrastructure	5	0	9	15	23
Financial System	0	0	1	1	0
Governance & Rule of Law	2	0	4	0	8
Social Development	2	2	8	9	8
Peace & Security	0	0	2	1	2
Envr. & Resources	0	0	1	14	14

“Crime solution efficiency **exceeded its target of 38% in 2016**; however, the number of private armed groups and other threat groups **increased from 76 in 2015 to 83 in 2016**”

“Though steadily increasing, the environment sector **did not hit its target** for the proportion of land area covered by forest, registering around 28% in 2016”

“The total approved investments **fell short of its ₱947 billion target** by a chunk of around 28%”
