Source: Philippine Statistics Authority

The highest contribution to the total value of production in agriculture and fisheries at constant 2018 prices was noted in Bukidnon at 55.5 percent. The province also contributed the most in crops with 65.0 percent, livestock with 58.0 percent, and poultry with 45.3 percent. In the case of fisheries, Lanao del Norte had the biggest share, contributing 69.5 percent to the region's total value of fisheries production in 2020. (Tables 10, 10.1, 10.2, 10.3 and 10.4)

At current prices, Bukidnon was the leading province in the value of production in agriculture and fisheries amounted to PhP 104.44 billion. The respective value of production in the other provinces in Northern Mindanao were as follows: Lanao del Norte with PhP 30.94 billion, Misamis Oriental with PhP 28.25 billion, Misamis Occidental with PhP 16.84 billion, and Camiguin with PhP 1.63 billion. (Table 11)

The Provincial Value of Production in Agriculture and Fisheries serves as primary input in the estimation of the Provincial Product Accounts.
