Note: Details do not add up to totals due to multiple responses and rounding.

Definition:

Safety Officer 1 - refers to an employee who has completed the mandatory eight (8)-hour OSH orientation course as prescribed in the OSH Standards and two (2)-hour trainers' training.

Safety Officer 2 - refers to an employee who has completed the mandatory forty (40)-hour OSH training course applicable to the industry as prescribed in the OSH Standards.

Safety Officer 3 - refers to an employee who has completed the mandatory forty (40)-hour OSH training course applicable to the industry, additional forty-eight (48) hours of advanced/specialized occupational safety training course relevant to the industry, relevant experience in OSH for at least two (2) years, and other requirements as prescribed in the OSH Standards. Qualified SO3 shall be eligible for certification as OSH practitioner.

Safety Officer 4 - refers to an employee who has completed the mandatory forty (40)-hour OSH training course applicable to the industry, additional eighty (80) hours of advanced/specialized occupational safety training course relevant to the industry, an aggregate of three hundred twenty (320) hours of OSH related training or experience, an actual experience as SO3 for at least four (4) years, and other requirements as prescribed by the OSH standards. Additional training may be converted to years of experience where eighty (80) hours of training may equal to one (1) year of experience and vice versa. Qualified SO4 shall be eligible for certification as OSH consultant.
