WHEREAS, Batas Pambansa Blg. 72 provides for the taking of a national census of population by province, city, municipality and barangay;

WHEREAS, the NEDA had submitted the preliminary results of the 1980 population census of the Philippines by municipality, city and province as conducted by the National Census and Statistics Office (NCSO), which results were approved by the President under LOI 1083, for official use by all agencies and instrumentalities of the government in their planning and/or appraisal of development activities relating to population and other population-related matters;

This Letter of Instructions shall take effect immediately.

## FOREWORD

Presented in Special Report No. 2 is the final population count classified by sex and the number of private households for each barangay, municipality and province in the region based on the data collected during the 1980 Census of Population in May 1980.

Pursuant to Batas Pambansa Bilang 72 approved on June 11, 1980, the President under Proclamation No. 2170 dated March 12, 1982, has declared official for all purposes the population count by barangay, by city/municipality and by province.

This provincial report is just one of the series of reports being prepared from the result of the 1980 Census, in addition to the volumes being published traditionally in every population census, Volume I is a provincial report for each of the 73 provinces, containing demographic and other characteristics of the population and housing characteristics, while Volume II is a National Summary and will present statistics for each region and province of the country. A special volume for the National Capital Region will also be published.

Hopefully, the statistics presented in this report will help government agencies in their development planning and program such as those for the Kilusang Kabuhayan at Kaunlaran (KKK), Biyaya ng Dagat, Samahang Nayon, etc.

The National Census and Statistics Office is thankful to His Excellency, the President of the Philippines, and to the Batasang Pambansa for authorizing the taking of the census. We are also grateful to the National Census Coordinating Board (NCCB) for coordinating a systematized involvement of government agencies and instrumentalities in the census taking. Our gratitude is also due to the different ministries and other national offices, the local governments and the mass media for their active participation during the field operation. Special mention is made of the assistance and cooperation of the Ministry of Education and Culture whose teachers acted as census supervisors and enumerators during the field enumeration.
