## FOREWORD

This special report presents the final count of the population classified by sex for the Philippines and for each region, province and municipality, based on the results of the 1980 Census of Population and Housing conducted from May 1 to 20, 1980. The total population count includes the population of private households as well as collective households. It also includes the number of private households enumerated during the census.

Pursuant to Batas Pambansa Bilang 72 approved on June 11, 1980, the President under Proclamation No. 2170 dated March 12, 1982, has declared official for all purposes the population count by barangay, by city/municipality and by province.

The statistics presented in this report do not include other characteristics of the population because as a tradition in every population census, a provincial report for each of the 73 provinces showing demographic and other characteristics of the population, and housing characteristics will be published separately. Another publication, Volume II is a National Summary and will present statistics for each region and province of the country. A special volume for the National Capital Region will also be published.

Hopefully, the statistics presented in this report will help government agencies in their development planning and program such as those for the Kilusang Kabuhayan at Kaunlaran (KKK), Biyaya ng Dagat, Samahang Nayon, etc.

The National Census and Statistics Office is thankful to His Excellency, the President of the Philippines, and to the Batasang Pambansa for authorizing the taking of the census. We are also grateful to the National Census Coordinating Board (NCCB) for coordinating a systematized involvement of government agencies and instrumentalities. Our gratitude is also due to the different ministries and other national offices, the local government and the mass media for their active participation during the field operation. Special mention is made of the assistance and cooperation of the Ministry of Education and Culture whose teachers acted as census supervisors and enumerators during the field enumeration.

## 1980 CENSUS OF POPULATION

### BRIEF ANALYSIS

The final count of the total population for the Philippines as of May 1, 1980 is 48,098,460 an increase of 6,027,800 over the population enumerated in 1975, which was 42,070,660. This puts the average geometric rate of growth of the population between 1975 and 1980 at 2.71 percent per annum. The country's population growth had continued to decelerate during the last half of the seventies. However, this deceleration has slowed down from 0.23 percentage point between 1960-1970 and 1970-1975 (3.01 percent and 2.78 percent, respectively) to 0.07 percentage point between 1970-1975 and 1975-1980 (2.78 percent and 2.71 percent, respectively).

The national sex ratio is 100.7 males for every 100 females. The 1975 sex ratio was 102.3 males for every 100 females. The density is 160 persons per square kilometer compared with 139 persons in 1975.

### Regional Analysis

*Population Distribution* – A major concentration of the country's population is observed in two regions, the National Capital Region and Southern Tagalog (Table 1). Together, these two regions hold about a quarter (12 million) of the total population. The reason for this may be partly due to the continued influx of population from the rest of the country. Being the most urbanized and most economically developed regions of the country, the sustained in-migration of population can only be expected. Classified by broad regions, Luzon holds more than half of the total population (54.22 percent); Visayas, less than a quarter (23.10 percent); and Mindanao, a little more than a fifth (22.68 percent).

Ranked by population size, the regions stand as follows:

<i>Region</i>	<i>1980 Population</i>	<i>Rank</i>
Region IV – Southern Tagalog	6,118,620	1
National Capital Region	5,925,884	2
Region III – Central Luzon	4,802,793	3
Region VI – Western Visayas	4,525,615	4
Region VII – Central Visayas	3,789,374	5
Region I – Ilocos	3,540,893	6
Region V – Bicol	3,476,982	7
Region XI – Southern Mindanao	3,346,803	8
Region VIII – Eastern Visayas	2,799,534	9
Region X – Northern Mindanao	2,758,985	10
Region IX – Western Mindanao	2,528,506	11
Region XII – Central Mindanao	2,270,949	12
Region II – Cagayan Valley	2,215,522	13

*Growth Rates* – In terms of annual growth rates, regional differentials are noted. For the thirteen regions of the country, six are above the national growth rate of 2.71 percent (2.76 to 4.28 percent) while seven are below it (1.49 to 2.67 percent). Both the two most rapidly growing regions turned out to be in Mindanao while the least rapidly growing region is in the Visayas. Western Mindanao (Region IX) registered the highest annual growth rate of 4.31 percent although it holds only a population of about 5.3 percent of the country's total.

Mindanao as a broad region comprising Western, Northern, Southern and Central has been growing relatively faster at the rate of 3.58 percent per annum as against 2.73 percent in Luzon and 1.86 percent in the Visayas.

*Growth rates for the regions* located in Luzon range from a low of 1.61 percent for Ilocos to a high of 3.58 percent for Metro Manila.

Population growth between 1975-1980 in the three Visayas regions, namely: Western Visayas (1.77 percent), Central Visayas (2.26 percent) and Eastern Visayas (1.49 percent) has remained relatively slow. All three grew less than the national rate. Eastern Visayas or Region VIII which registered the lowest growth rate among all regions apparently suffered major losses of population by out-migration.

The following table shows the average annual geometric growth rates of the regions and their corresponding population in 1975 and 1980.

Region	Population		Ave. Annual Geometric Growth Rate
	1980	1975	
PHILIPPINES	<u>48,098,460</u>	<u>42,070,660</u>	<u>2.71</u>
National Capital Region	5,925,884	4,970,006	3.58
Region I — Ilocos	3,540,893	3,269,391	1.61
Region II — Cagayan Valley	2,215,522	1,933,177	2.76
Region III — Central Luzon	4,802,793	4,210,136	2.67
Region IV — Southern Tagalog	6,118,620	5,213,843	3.25
Region V — Bicol	3,476,982	3,193,721	1.71
Region VI — Western Visayas	4,525,615	4,146,390	1.77
Region VII — Central Visayas	3,787,374	3,387,274	2.26
Region VIII — Eastern Visayas	2,799,534	2,599,728	1.49
Region IX — Western Mindanao	2,528,506	2,047,882	4.31
Region X — Northern Mindanao	2,758,985	2,314,205	3.58
Region XI — Southern Mindanao	3,346,803	2,714,558	4.28
Region XII — Central Mindanao	2,270,949	2,070,349	1.87

*Sex Ratio* — The sex ratios of the population at regional levels tend to be more uneven. In the National Capital Region, the females outnumber the males with a ratio of 93 males for every 100 females. That is, of course, an almost universal characteristic observed in all urban centers of the world. A male-favored sex ratio, however, is common in the frontier lands of Mindanao. Indeed, all four regions of Mindanao have more males than females. The highest sex ratio is observed in Southern Mindanao, Region XI where males outnumber the females by a ratio of 105 males to 100 females.

## Provincial Analysis

Variations in population size are considerable for the 73 provinces of the country excluding Metro Manila. Table 1A shows the range from a high of 2.09 million for Cebu to a low of 12.1 thousand for Batanes. Thirteen provinces have now passed more than one-million mark with Cebu, Negros Occidental, Pangasinan, Iloilo and Leyte maintaining their rank over the last five years.

However, if the cities are excluded from their respective provinces (Table 2A, p.96) only seven provinces maintain a population of more than one million as shown below:

Province	1980 Population		Rank	Rank*
	Including Cities	Excluding Cities		
Cebu	2,091,602	1,243,373	1	2
Negros Occidental	1,930,301	1,190,053	2	3
Pangasinan	1,636,057	1,436,470	3	1
Iloilo	1,433,641	1,188,814	4	4
Leyte	1,302,648	1,095,147	5	6
Zamboanga del Sur	1,183,845	759,262	6	15
Pampanga	1,181,590	992,756	7	8
Barangas	1,174,201	909,465	8	10
Davao del Sur	1,133,599	523,224	9	27
Quezon	1,129,277	1,021,397	10	7
Camarines Sur	1,099,346	942,521	11	9
Bulacan	1,096,046	1,096,046	12	5
Nueva Ecija	1,069,409	851,898	13	12

\*Please refer to Table 2A

It may be noted that Pangasinan outranked Cebu when its city population was excluded. Bulacan is the only province among the top 13 provinces without a city.

Among provinces with less than 100,000 population, the least populated are: Quirino (83,230), Siquijor (70,360), Camiguin (57,126) and Batanes (12,091).

As far as growth is concerned, Table 1A (Provincial population including cities) shows that Sulu registered the highest annual growth rate of 8.48 percent followed by Tawi-Tawi with 6.29 percent and Rizal, 6.05 percent. If the city population is excluded from the province (Table 2A), Sulu, Tawi-Tawi and Rizal maintain the lead with the same percentage.

The fourth highest annual growth rate is that of South Cotabato (5.60 percent) but this decreased to 4.61 percent with the exclusion of its city population.

Provinces with high growth rates (more than 4 percent) in Tables 1A and 2A are compared as follows:

*Ave. Annual Growth Rate of Population  
between 1975 and 1980*

Province	Region	Ave. Annual Growth Rate of Population between 1975 and 1980	
		Including Cities	Excluding Cities
Sulu	IX	8.48	8.48
Tawi-Tawi	IX	6.29	6.29
Rizal	IV	6.05	6.05
South Cotabato	XI	5.60	4.61
Sultan Kudarat	XII	4.93	4.93
Quirino	II	4.82	4.82
Surigao del Sur	XI	4.55	4.55
Agusan del Sur	X	4.45	4.45
Palawan	IV	4.38	4.14
Misamis Oriental	X	4.25	3.09
Davao	XI	4.22	4.22
Bataan	III	4.19	4.19
Cavite	IV	4.19	4.63
Surigao del Norte	X	4.04	4.10
Bulacan	III	4.03	4.03

Other provinces whose growth rates decreased when their city population was excluded are Palawan and Misamis Oriental.

On the other hand, provinces whose growth rates increased when their city population was excluded are Cavite and Surigao del Norte.

The top 15 provinces with high growth rates are located in Mindanao (9) Southern Tagalog (3) Central Luzon (2) and Cagayan Valley (1).

Migration may have contributed largely to disparities in the growth of the provinces. Those that experience rapid growth generally have diverse economic opportunities to offer on account of the accelerated development going on in said provinces.

Only Lanao del Sur experienced a negative growth rate of 4.12 percent perhaps on account of out-migration due to unstable peace and order situation in the area.

#### **Analysis of Cities and Municipalities**

Of the 60 cities of the country, only two reached the one million mark — the primate city of Manila with 1.630 million and Quezon City, the national capital city with 1.165 million population (Table 2A). The next largest city with more than half a million population is Davao (610,375) followed by Cebu (490,281) and Caloocan (467,816).

A number of cities increased in size at extremely high growth rates: General Santos (10.39 percent), Mandaue (7.82 percent), Iligan (7.10 percent), Cagayan de Oro (6.59 percent), Puerto Princesa (5.67 percent), Butuan (5.39 percent), and Dipolog (5.05 percent). The rest of the cities either increased or decreased their population size with growth rates ranging from -3.21 to 4.90. Cities with negative growth rates are: Marawi (-3.21 percent), Iriga (-2.72 percent), Canlaon (-0.25 percent) and Tanguib (-0.03 percent).

The growth of the 4 cities in the National Capital Region (Metropolitan Manila) deserves special attention. Expectedly, Manila has a declining annual growth rate (1.97 percent) which seems to show that since Manila is already dense and cannot accommodate more people, residents who find the city too crowded have spilled over to the nearby areas. This is reflected in the higher rates observed for Quezon City (4.03 percent), Caloocan City (3.33 percent) and Pasay City (2.45 percent).

Among the 1,505 municipalities across the country, 5 have population size of less than 1,000; 270 have sizes ranging from 1,000 to 10,000 and 1,230 have population over 10,000. There are 15 municipalities in the country that have populations of more than 100,000. Twelve of these are from the National Capital Region. These are: Makati (372,631), Pasig (268,570), Valenzuela (212,363), Marikina (211,613), Parañaque (208,552), Mandaluyong (205,366), Malabon (191,001), Muntinlupa (136,679), Las Piñas (136,514), Tagig (134,137), San Juan (130,088), and Navotas (126,146). The three other municipalities are: Tarlac (175,691), Calamba, Laguna (121,175); and San Fernando, Pampanga (110,891). Only Pateros (40,288) among the municipalities of Metro Manila has not met the 100,000-mark.

The five smallest municipalities in terms of population size are Kalayaan of Palawan (334), Carasi (421) and Dumalneg (602) both of Ilocos Norte, Dinapigui of Isabela (764) and Ivana of Batanes (972).
