## FOREWORD

This publication presents the results of the **2018 Census of Philippine Business and Industry (CPBI)**. The 2018 CPBI was conducted nationwide by the Philippine Statistics Authority (PSA) in 2019, with 2018 as the reference period for all data items. It is the PSA's intent that the 2018 CPBI serve as a prime and recent source of information and data on businesses and industries in the Philippines.

Among the data items contained in the 2018 CPBI are: the number of establishments in the country, figures on employment, compensation, revenues, expenses, tangible fixed assets, intangible assets, and inventories, as well as information on value-added, and e-commerce transactions. These data items are presented from the viewpoint of the national and regional levels and disaggregated by industry.

The PSA expects that the 2018 CPBI becomes a useful resource material to both the government and the private sector in the formulation of policies and economic development plans. The results of the 2018 CPBI would not have been realized without the trust accorded to the PSA by the sample establishments. The PSA sincerely recognizes the cooperation of all the establishments in providing and entrusting their data to us for statistical purposes.

# **EXPLANATORY TEXT**

## **Introduction**

The Census of Philippine Business and Industry (CPBI) is one of the three national censuses being conducted by the Philippine Statistics Authority (PSA) as per Republic Act No. 10625 (RA 10625). The CPBI is also a designated statistical activity as per Executive Order No. 352 (EO No. 352), series of 1996.

The 2018 CPBI was the 16th in the series of economic censuses in the country and preceded by those of 2012, 2006, 1999, 1994, 1988, 1983, 1978, 1975, 1972, 1967, 1961, 1948, 1939, 1918, and 1903.

In general, the CPBI aims to collect and generate information on the levels, structure, performance, and trends of economic activities of the formal sector in the entire country for the year 2018. It also serves as benchmark information for the overall revision and rebasing of the National Accounts to 2018.

Specifically, the 2018 CPBI aims:

1. To collect and generate information on employment, revenue, expense, capital expenditures, and total assets of the establishments by industry and by region;
2. To generate indicators such as value added, labor productivity, profitability, and other indicators which are necessary for the evaluation of the performance of industries at the national and regional levels;
3. To generate information on MSME (micro, small and medium establishments/enterprises) based on employment grouping;
4. To generate gender disaggregated statistics on employment;
5. To generate statistics on the research and development (R & D) employment and expenditures of establishments; and
6. To update basic information of establishments and enterprises for the improvement of the Statistical Business Register (SBR).

The 2018 CPBI was conducted from May to September 2019. The reference period of all information gathered is for the whole year of 2018, except for total employment which took a snapshot of the establishment's number of employees as of 15 November 2018.

## **Uses of CPBI Data**

The data collected from the CPBI can be used by the government and the private sector to formulate policies and economic development plans.

Specifically, the CPBI results are used by the:

1. **Policy makers and national and local government units** in the formulation and monitoring of policies and plans based on the economy-wide and sub-national statistics; and, in formulating strategies and plans for the national and regional economic development;
2. **Business community** in evaluating business options, assessing opportunities for new investments, and estimating market shares for their products; and, in the formulation of government strategies to support the industry based on the industry-level statistics;
3. **Researchers/Academe** in studying the technology employed in the production process in terms of input-output relationships and productivity analysis by detailed economic activity, by employment size, by geographical characteristics for regional, national and international analysis, and ownership structure;
4. **Compilers of national accounts** in measuring the annual input/output and valued added generated by economic activities, and in compiling supply and use tables by product and industry; and
5. **General public** who are interested in knowing and in evaluating conditions of the economy in order to make more informed decisions.

### **Legal Authority**

The conduct of the 2018 CPBI is authorized by:

- ❖ **Republic Act No. 10625** also known as the **Philippine Statistical Act of 2013** dated September 12, 2013: An act reorganizing and strengthening the Philippine Statistical System (PSS) and its agencies and instrumentalities. It shall be the policy of the State to effect the necessary and proper changes in the organizational and functional structures of the PSS in order to rationalize and promote efficiency and effectiveness in the delivery of statistical services.

**Section 6** of RA 10625 states that “the Philippine Statistics Authority (PSA) shall be primarily responsible for all national censuses and surveys, sectoral statistics, consolidation of administrative recording system, and compilation of national accounts.” Specifically, Section 6 (b) of this Act mandates the PSA “to prepare and conduct periodic censuses on population, housing, agriculture, fisheries, **business, industry**, and other sectors of the economy.”

**Section 25** of RA 10625 declares that all respondents shall be liable to reply to the statistical inquiry or survey. The respondents under this Act are required to give truthful and complete answers to statistical inquiries or surveys of the PSA and other statistical offices of the PSS.

**Section 27** of RA 10625 states that:

*“...Respondents of primary data collection activities such as censuses and sample surveys are obliged to give truthful and complete answers to statistical inquiries. The gathering, consolidation and analysis of such data shall likewise be done in the most truthful and credible manner. Any violation of this Act shall result in the imposition of the penalty of one (1) year imprisonment and a fine of One hundred thousand pesos (P100,000.00). In cases where the respondent fails to give truthful and complete answers to such statistical inquiries is a corporation, the above*

*penalty shall be imposed against the responsible officer, director, manager and/or agent of said corporation. In addition, such erring corporation, enterprise or business concerned, shall be imposed a fine ranging from One hundred thousand pesos (P100,000.00) to Five hundred thousand pesos (P500,000.00)..."*

- ❖ **Executive Order No. 352** dated July 1, 1996: **Designation of Statistical Activities that will generate critical data for decision-making by the Government and the Private Sector**

EO 352 ordered the approval of the designated activities and statistics that have been designated by the National Statistical Coordination Board (NSCB) for adoption by the government. Among others, the CPBI is a designated statistical activity and the results generated from the census are designated statistics.

### **Confidentiality of Information**

- ❖ **Republic Act No. 10625 (Philippine Statistical Act of 2013), Section 26** states that:

*"...all data furnished by a respondent to statistical inquiries, surveys and censuses of the PSA shall be considered privileged communication and as such shall be inadmissible as evidence in any proceeding. The PSA may release aggregated information from statistical inquiries, surveys and censuses in the form of summaries or statistical tables in which no reference to an individual, corporation, association, partnership, institution or business enterprise shall appear."*

Further, **Section 27 of RA 10625** states that:

*"...Any person, including parties within the PSA Board and the PSA, who breach the confidentiality of information, whether by carelessness, improper behavior, behavior with malicious intent, and use of confidential information for profit, are considered guilty of an offense and shall be liable to fines as prescribed by the PSA Board which shall not be less than Five thousand pesos (P5,000.00) nor more than Ten thousand pesos (P10,000.00) and/or imprisonment of three (3) months but not to exceed one (1) year, subject to the degree of breach of information..."*

- ❖ **Republic Act 6713** (Code of Conduct and Ethical Standards for Public Officials and Employees) dated February 20, 1989, Section 7 states that:

*"...(c) Disclosure and/or misuse of confidential information. Public officials and employees shall not use or divulge confidential or classified information officially known to them by reason of their office and not made available to the public, either: (1) to further their private interest, or give undue advantage of anyone, or (2) to prejudice the public interest."*

### **Unit of Enumeration**

The unit of enumeration for the 2018 CPBI is the **establishment**.

An **establishment** is defined as an economic unit, which engages in one or predominantly one kind of economic activity, under a single ownership or control, i.e. under a single legal entity and at a single fixed physical location. Thus, stores, shops, factories, mining companies, electric plants, transport companies, radio stations, hotels, restaurants, banks, insurance companies, real estate development companies and the like are considered establishments.

However, there are some difficulties in applying the ideal definition so the establishment is defined in operational terms to take into account the organization and record-keeping practices of certain industries by making the single physical location and activity criteria more flexible. This is an inherent characteristic of the industries, namely: construction, transportation and storage, telecommunications, real estate, security and investigation activities, travel agency and tour operator activities, and reservation service and related activities. For these industries, it is then necessary to use the **kind-of-activity unit (KAU)**.

*The **KAU** is “the unit that is engaged in the production of the most homogeneous group of goods and services, usually at one location, but sometimes over a wider area, for which separate records are available that can provide data concerning the production of these goods and services and the materials, labor and physical resources used in this production.”*

A **KAU** differs from the establishment in that there is no restriction with respect to the geographical areas in which a given kind of activity is carried on by a single legal entity.

Given the above concepts, the following are not considered as establishment:

- ✕ Ambulant peddlers, hawkers, and movable stalls either along a public road or in a marketplace, as they do not have a fixed business location;
- ✕ Open stalls in shopping centers, malls and markets as they do not have permanency of business location; and
- ✕ Individual professionals and technical workers or craftsmen who do not maintain fixed offices or shops.

## **Taxonomy of Establishments**

### **1. Economic Organization**

The Economic Organization (**EO**) relates to the organizational structure or role of the establishment in the organization. The following are the types of EO:

- a. **Single establishment** (EO=1) is an establishment which has neither branch nor main office. It may have ancillary unit/s, other than main office, located elsewhere.
- b. **Branch only** (EO=2) is an establishment which has a separate main office located elsewhere.
- c. **Establishment and main office** (EO=3) is one where the establishment is located in the same address as the main office and with branch/es elsewhere.

- d. **Main office** (EO=4) is a unit which controls, supervises and directs one or more establishments of an enterprise.
- e. **Ancillary unit other than Main Office** (EO=5) is a unit that operates primarily or exclusively for a related establishment, or group of related establishments, or its parent establishment and provides services that support those establishments.

Examples of ancillary units are warehouses of manufacturing or wholesale and retail trade establishments, garages and repair shops of transport establishments, research laboratories of pharmaceutical companies, and administrative offices which primarily serve their parent units in the Philippines.

## 2. Legal Organization

The Legal Organization (**LO**) refers to the legal form of the economic entity that owns the establishment. This provides the legal basis for ownership. The following are the types of LO:

- a. **Single Proprietorship** (LO=1) refers to a business establishment organized, owned, and managed by one person, who alone assumes the risk of the business enterprise. A sole proprietorship must apply for a business name and be registered with the Department of Trade and Industry (DTI).
- b. **Partnership** (LO=2) refers to an association of two or more individuals for the conduct of a business enterprise based upon an agreement or contract between or among them to contribute money, property, or industry into a common fund with the intention of dividing profits among themselves.

**Corporation** refers to an artificial being created by operation of law, having the right of succession, and the powers, attributes and properties expressly authorized by law or incident to its existence. As an artificial being, a corporation has a juridical personality separate and distinct from that of each shareholder or member. It exists only in contemplation of law.

For consistency with other PSA establishment-based surveys, a private corporation will be classified into Government-Owned or Controlled Corporation, Stock Corporation, and Non-stock, Non-Profit Corporation.

- c. **Government Corporation** (LO=3) also called *Government-Owned or Controlled Corporation (GOCC)* refers to a corporation organized for private aim, benefit, or purpose with the government as the majority stockholder, regardless of whether they are stock or non-stock corporations.
- d. **Stock Corporation** (LO=4) refers to an ordinary business corporation organized by private persons, created and operated for the purpose of making

a profit which may be distributed in the form of dividends to stockholders on the basis of their invested capital.

A stock corporation may be a domestic or foreign stock corporation. Domestic Stock Corporation is formed, organized or existing under the Philippine laws. On the other hand, Foreign Stock Corporation is formed, organized, or existing under any laws other than those of the Philippines and whose laws allow Filipino citizens and corporations to do business in its own country or state.

- e. **Non-Stock, Non-Profit Corporation** (LO=5) refers to a business corporation which does not issue stock to its members and is created not to profit but for the public good and welfare. Of this character are most of the religious, social, charitable, educational, literary, scientific, civic, and political organizations and societies.
- f. **Cooperative** (LO=6) refers to an organization composed primarily of small producers and/or consumers who voluntarily join together to form a business enterprise which they themselves own, control, and patronize. Establishments under this category should be registered to the Cooperative Development Authority (CDA).
- g. **Others** (LO=7) refers to an organization not classified in any of the above classifications. It includes private associations, foundations, Non-Governmental Organizations, or other forms of legal organizations.

### 3. Industrial Classification

The industrial classification of the unit of enumeration is determined by the activity from which it derives its major income or revenue. The 2009 **Philippine Standard Industrial Classification (PSIC)** was utilized to classify economic units according to their economic activities. It was approved for adoption by government agencies and instrumentalities on February 10, 2010 through the former NSCB Resolution No. 2, series of 2010 which was ratified by PSA Board Resolution No. 01 Series of 2017-158 signed on 14 February 2017.

The 2009 PSIC is a detailed classification of industries prevailing in the country according to the kind of productive activities undertaken by the establishments. It is aligned with the **International Standard Industrial Classification of all Economic Activities (ISIC)** Revision 4, and officially released by the United Nations Statistics Division on August 11, 2008 for adoption by countries in their revised national classifications by 2010.

The structure and coding system of the 2009 PSIC consists of an alpha character and 5 numeric digits. The alpha character represents the **section** (also known as sector), the first two digits represent the **division**; the first three digits, the **group**; the first four digits, the **class**; and all 5 digits, the **sub-class**. Table 1 shows the levels of disaggregation of the 2009 PSIC by section.

Table 1. Levels of Disaggregation of the 2009 PSIC by Section

Section	Division	Group	Class	Sub-Class
<b>Total</b>	<b>88</b>	<b>246</b>	<b>521</b>	<b>1,285</b>
Agriculture, Forestry, and Fishing (A)	3	12	53	157
Mining and Quarrying (B)	5	10	15	32
Manufacturing (C)	24	73	201	476
Electricity, Gas, Steam, and Air Conditioning Supply (D)	1	3	3	3
Water Supply; Sewerage, Waste Management and Remediation Activities (E)	4	6	8	8
Construction (F)	3	8	10	15
Wholesale and Retail Trade; Repair of Motor Vehicles and Motorcycles (G)	3	20	45	189
Transportation and Storage (H)	5	12	21	56
Accommodation and Food Service Activities (I)	2	5	6	20

Financial and Insurance Activities (K)	3	10	21	45
Real Estate Activities (L)	1	2	5	6
Professional, Scientific and Technical Activities (M)	7	16	16	38
Administrative and Support Service Activities (N)	6	19	28	74
Public Administration and Defense; Compulsory Social Security (O)	1	3	7	12
Education (P)	1	6	13	24
Human Health and Social Work Activities (Q)	3	9	11	32
Arts, Entertainment, and Recreation (R)	4	5	10	18

Section	Division	Group	Class	Sub-Class
Other Service Activities (S)	3	10	18	34
Activities of Households as Employers; Undifferentiated Goods – and Services- Producing Activities of Private Households for Own Use (T)	2	3	3	3
Activities of Extraterritorial Organizations and Bodies (U)	1	1	2	4

#### 4. Size of Establishment

The size of an establishment is determined by its total employment (TE). TE refers to the total number of persons who work in or for the establishment. This includes paid employees, working owners, unpaid workers, and all employees who work full-time or part-time including seasonal workers. Also included are persons on short-term leave such as those on sick, vacation or annual leaves and on strike.

Excluded are workers of establishments who work under a subcontracting arrangement. Workers on a sub-contract agreement or under manpower agencies were included in the report of the sub-contractors or the manpower agencies as part of their total employment.

The following are the size codes with corresponding total employment used in establishment-based censuses and surveys:

SZ Code	Total Employment	SZ Code	Total Employment
0	1 – 4	5	100 – 199
1	5 – 9	6	200 – 499
2	10 – 19	7	500 – 999
3	20 – 49	8	1000 – 1999
4	50 – 99	9	2000 and over

## 5. Geographic Classification

Establishments are also classified by geographic area using the Philippine Standard Geographic Code (PSGC) classification. The PSGC contains the latest updates on the official number of regions, provinces, cities, municipalities, and barangays in the Philippines. The geographic code used in the 2018 CPBI is in accordance with PSGC as of 31 December 2018.

Based on the latest PSGC, the Philippines has 17 regions, 81 provinces, 145 cities, 1,489 municipalities, and 42,045 barangays.

### **Scope and Coverage**

Only the business operations of establishments confined in the formal sector of the economy were covered in the 2018 CPBI.

The formal sector is comprised of the following:

1. Corporations and partnerships;
2. Cooperatives and foundations;
3. Single proprietorship with employment of 10 and over; and
4. Single proprietorship with branches.

Operationally, the formal sector includes:

1. All establishments with total employment of 10 or more; and
2. All establishments with total employment of less than 10, except those establishments that are under single proprietorship (LO=1) and are single establishments (EO=1) or those which has neither a branch nor a main office. It may have ancillary unit/s other than main office located elsewhere.

Thus, a single establishment (EO=1) with less than 10 employees, but owned or organized either as a partnership, corporation, cooperative or foundation is considered as part of the formal sector and thus is covered in the 2018 CPBI.

Likewise, an establishment owned by a single proprietor with less than 10 employees but with branch/es elsewhere and/or a main office elsewhere is also considered as part of the formal sector.

Specifically, the 2018 CPBI covered formal sector establishments which are engaged in the following economic activities, and with the corresponding types of economic organization (EO) as shown in the following table:

Table 2. Type of Formal Sector Establishments Included in the Scope and Coverage of the 2018 CPBI

2009 PSIC SECTION		SCOPE	COVERAGE
<b>A</b>	Agriculture, Forestry and Fishing	All economic activities	EO = 1, 2, and 3
<b>B</b>	Mining and Quarrying	All economic activities	EO = 1, 2, and 3
<b>C</b>	Manufacturing	All economic activities	EO = 1, 2, and 3
<b>D</b>	Electricity, Gas, Steam, and Air Conditioning Supply	All economic activities	EO=1, 2, and 3
<b>E</b>	Water Supply; Sewerage, Waste Management and Remediation Activities	All economic activities	EO = 1, 2, and 3
<b>F</b>	Construction	All economic activities	EO = 1, 3, and 4
<b>G</b>	Wholesale and Retail Trade; Repair of Motor Vehicles and Motorcycles	All economic activities, except retail sale via stalls and markets (G478)	EO = 1, 2, and 3
<b>H</b>	Transportation and Storage	All economic activities,	EO = 1, 3, and 4
<b>I</b>	Accommodation and Food Service Activities	All economic activities	EO = 1, 2, and 3
<b>J</b>	Information and Communication	All economic activities	EO = 1, 3, and 4 for the following industries: Wired telecommunications activities (J611) Wireless telecommunications activities (J612)

2009 PSIC SECTION		SCOPE	COVERAGE
			<p>Satellite telecommunications activities (J613)</p> <p>Telephone access in facilities open to the public service activities (J61901)</p> <p>Other telecommunications service activities, n.e.c. (J61909)</p> <p>EO = 1, 2, and 3 for the rest of the section</p>
<b>K</b>	Financial and Insurance Activities	All economic activities	EO = 1, 2, and 3
<b>L</b>	Real Estate Activities	All economic activities	EO = 1, 3, and 4
<b>M</b>	Professional, Scientific and Technical Activities	All economic activities,	EO = 1, 2, and 3
<b>N</b>	Administrative and Support Service Activities	All economic activities	<p>EO = 1, 3, and 4 for the following industries:</p> <p>Travel agency and tour operator activities (N791)</p> <p>Other reservation service and related activities (N799)</p> <p>Security and investigation activities (N80)</p> <p>General cleaning of buildings (N81210)</p> <p>EO = 1, 2, and 3 for the rest of the section</p>

2009 PSIC SECTION		SCOPE	COVERAGE
<b>P</b>	Education	All economic activities, except public education services	EO = 1, 2, and 3
<b>Q</b>	Human Health and Social Work Activities	All economic activities, except public medical, dental and other health services, and doctor's offices/clinics in hospitals	EO = 1, 2, and 3
<b>R</b>	Arts, Entertainment, and Recreation	All economic activities	EO = 1, 2, and 3
<b>S</b>	Other Service Activities	All economic activities, except activities of membership organizations (S94)	EO = 1, 2, and 3

The following sections of the 2009 PSIC are excluded from the scope of this census and all other establishment-based surveys of PSA:

2009 PSIC Section Which Are Out-of-Scope	
<b>O</b>	Public Administration and Defense; Compulsory Social Security
<b>T</b>	Activities of Households as Employers; Undifferentiated Goods and Services Producing Activities of Households for Own Use
<b>U</b>	Activities of Extra-territorial Organization and Bodies

In general, the results of the establishment-based surveys are inputs for the Non-Financial Corporations and Financial Corporations production account of the Philippine System of National Accounts (PSNA). Based on the PSNA concepts, Section O is part of the General Government resources; Section T is part of the Household resources; and, Section U is part of the Rest of the World resources.

### **Sampling Frame**

The sampling frame for the 2018 CPBI was extracted from the 2018 List of Establishments (LE) as of 01 February 2019.

The 2018 LE is a result of the Updating of the List of Establishments (ULE) which involved a door-to-door canvassing, and inquiry on the basic characteristics of establishments using the Computer-Aided Personal Interview (CAPI) mode of data collection. The 2018 LE operation was conducted by PSA from May to October 2018 primarily to update the sampling frame for the 2018 CPBI.

From a total of 999,070 establishments operating in the country as listed in the 2018 LE as of 1 February 2019, 334,522 (33.5%) comprised the 2018 CPBI frame which includes only those classified as part of the formal sector.

Figure 1. Percent Share of the 2018 CPBI Frame in the LE

### **Sampling Method**

The 2018 CPBI used stratified systematic sampling design with 5-digit PSIC serving as industry strata and total employment as the second stratification variable.

The stratified systematic sampling is a process of which the frame population is divided into several homogeneous groups, called strata. Independent samples are systematically drawn in each stratum based on the computed sampling interval and a random start. This method ensures that all important subgroups of the population are represented in the sample and to further improve the precision of “overall” survey estimates.

*A **certainty stratum** is defined as the stratum whose sampling ratio is 100 percent. In this stratum, all establishments are taken as certainty samples, i.e. the selection probability is 1 and the sampling weight is 1.*

*On the other hand, a **non-certainty stratum** is the stratum where only sample establishments are taken.*

### **Sampling Units**

The sampling unit of the 2018 CPBI is the establishment and, for some sections/industries, the kind-of-activity unit (KAU). For those sections/industries, not considered as with KAUs, the

sampling units are establishments with EO = 1, 2 or 3. On the other hand, for sections/industries with KAU, the sampling units are those establishments with EO = 1, 3 or 4. Table 3 shows the sections/industries with KAUs.

Table 3. List of Sections/Industries with Kind-of-Activity Units (KAUs)

2009 PSIC	Industry Description
<b>F</b>	Construction
<b>H</b>	Transportation and Storage
<b>J</b>	Telecommunications Activities <ol style="list-style-type: none"> <li>1. Wired telecommunications activities (J611)</li> <li>2. Wireless telecommunications activities (J612)</li> <li>3. Satellite telecommunications activities (J613)</li> <li>4. Telephone access in facilities open to the public service activities (J61901)</li> <li>5. Other telecommunications service activities, n.e.c. (J61909)</li> </ol>
<b>L</b>	Real Estate Activities
<b>N</b>	Administrative and Support Service Activities <ol style="list-style-type: none"> <li>1. Travel agency and tour operator activities (N791)</li> <li>2. Other reservation service and related activities (N799)</li> <li>3. Security and investigation activities (N80)</li> <li>4. General cleaning of buildings (N81210)</li> </ol>

For GOCCs (LO= 3), the sampling units are establishments with EO = 1, 3, and 4, except for those engaged in industries under Sections G and R in which the sampling units are establishments with EO = 1, 2, and 3. The consideration of the type of EOs for the GOCCs is based on the availability of data in the identified sampling units which maintain the records and to ensure completeness of coverage for those with centralized record-keeping.

### **Sampling Domains**

#### **Industry Domain**

The industry domain (referred as **industry stratum**) for the 2018 CPBI are the 5-digit level (sub-class) of the 2009 PSIC. For all sections, the industry strata are the same for both establishments with TE of 20, and over and with TE of less than 20. Table 4 presents the number of industry strata by 2009 PSIC sections.

Table 4. 2018 CPBI Number of Industry Strata by Section

Section	Number of Industry Strata	Section	Number of Industry Strata	Section	Number of Industry Strata
<b>Total</b>	<b>1,058</b>				
A	86	G	175	M	33
B	22	H	50	N	67
C	420	I	20	P	13
D	2	J	39	Q	20
E	8	K	43	R	15
F	15	L	6	S	24

### Employment Stratum

Within the industry domains for each section, the establishments were further stratified by total employment (TE). The TE sizes were either combined or taken as a group to comprise an **employment stratum**. The basic considerations for grouping were the concentration of establishments in each TE sizes and occurrence of stratum jumpers between TE sizes. The number of employment strata formed was five.

Table 5. 2018 CPBI Employment Strata

Employment Strata	SZ Code	Total Employment
1	0 and 1	1 – 9
2	2	10 – 19
3	3	20 – 49
4	4	50 – 99
5	5 to 9	100 and over

The employment strata were also maintained to make it possible to generate MSME statistics based on employment groupings as shown below.

Micro	TE 1 – 9	SZ 0 and 1
Small	TE 10 – 99	SZ 2, 3, and 4
Medium	TE 100 – 199	SZ 5
Large	TE 200 and Over	SZ 6, 7, 8, and 9

## Geographic Domain

For establishments with TE of 20 and over, the 17 administrative regions serve as the geographic domains; while for establishments with TE of less than 20, the whole country serves as the geographic domain. Table 6 shows the geographic domains for establishments with TE of 20 and over, including the provinces, cities/municipalities that comprise them.

Table 6. 2018 CPBI Geographic Domains for Establishments with TE of 20 or more

DOMAIN/REGION	PROVINCE/CITY/MUNICIPALITY OF COVERAGE
National Capital Region (NCR)	City of Manila, Mandaluyong City, San Juan City, Quezon City, Marikina City, Pasig City, Makati City, Pateros, Taguig City, Caloocan City, Malabon City, Navotas City, Valenzuela City, Parañaque City, Las Piñas City, Muntinlupa City, Pasay City
Cordillera Administrative Region (CAR)	Abra, Apayao, Benguet, Ifugao, Kalinga, Mountain Province
Region I – Ilocos Region	Ilocos Norte, Ilocos Sur, La Union, Pangasinan
Region II – Cagayan Valley	Batanes, Cagayan, Isabela, Nueva Vizcaya, Quirino
Region III – Central Luzon	Aurora, Bataan, Bulacan, Nueva Ecija, Pampanga, Tarlac, Zambales
Region 4A – CALABARZON	Batangas, Cavite, Laguna, Quezon, Rizal
MIMAROPA Region	Marinduque, Occidental Mindoro, Oriental Mindoro, Palawan, Romblon
Region V – Bicol Region	Albay, Camarines Norte, Camarines Sur, Catanduanes, Masbate, Sorsogon
Region VI – Western Visayas	Aklan, Antique, Capiz, Guimaras, Iloilo, Negros Occidental
Region VII – Central Visayas	Bohol, Cebu, Siquijor, Negros Oriental
Region VIII – Eastern Visayas	Biliran, Eastern Samar, Leyte, Northern Samar, Samar (Western), Southern Leyte

DOMAIN/REGION	PROVINCE/CITY/MUNICIPALITY OF COVERAGE
Region IX – Zamboanga Peninsula	Zamboanga del Norte, Zamboanga del Sur, Zamboanga Sibugay, Isabela City
Region X – Northern Mindanao	Bukidnon, Camiguin, Lanao del Norte, Misamis Occidental, Misamis Oriental
Region XI – Davao Region	Compostela Valley, Davao del Norte, Davao del Sur, Davao Oriental, Davao Occidental
Region XII – SOCCSKSARGEN	Cotabato (North), Sarangani, South Cotabato, Sultan Kudarat, Cotabato City
Caraga	Agusan del Sur, Agusan del Norte, Dinagat Island, Surigao del Norte, Surigao del Sur
Autonomous Region in Muslim Mindanao (ARMM)	Basilan (excluding Isabela City), Lanao del Sur, Maguindanao (excluding Cotabato City), Sulu, Tawi-Tawi

### **Sample Size and Allocation**

The primary consideration in the determination of sample size for the survey was its manageability at the optimum level of estimated budget without compromising the reliability and accuracy of survey results and the timeliness of retrieval of accomplished questionnaires from respondents.

All establishments with TE of 20 or more were taken on a 100 percent basis and comprised the certainty strata, while establishments with TE of less than 20 were taken on sampling basis and comprised the non-certainty strata of TE of 1 to 9, and TE of 10 to 19.

This means that all formal sector establishments with 20 or more employees were all included as sample establishments.

Furthermore, there are some industries which were taken on a 100% basis or take-all. These are industries with relatively small number of establishments, emerging industries and those with special need for data monitoring. Likewise, all establishments engaged in industries under Section B (Mining and Quarrying) and Section D (Electricity, Gas, Steam and Air Conditioning Supply) were also taken as samples.

For each region, the formal sector establishments with less than 20 employees were grouped according to the same 5-digit industry code and within the same TE size group, which are TE of 1 to 9, and TE of 10 to 19. For each group, called stratum, sample establishments were selected to represent the other establishments belonging to the same stratum.

Table 7. List of Certainty Industries

2009 PSIC	Industry Description
B05100	Mining of hard coal
B05200	Mining of lignite
B06100	Extraction of crude petroleum
B06200	Extraction of natural gas
B07100	Mining of iron ores
B07210	Mining of uranium and thorium ores
B07221	Gold ore mining
B07222	Silver ore mining
B07291	Copper ore mining
B07292	Chromite ore mining
B07293	Manganese ore mining
B07294	Nickel ore mining
B07299	Mining of other non-ferrous metal ores, n.e.c.
B08101	Marble quarrying
B08102	Limestone quarrying
B08103	Stone quarrying, except limestone and marble
B08104	Clay quarrying
B08105	Sand and gravel quarrying
B08106	Silica sand and silica stone quarrying
B08109	Stone quarrying, clay and sand pits, n.e.c.
B08911	Baryte mining
B08912	Guano gathering
B08913	Pyrite mining
B08914	Rock phosphate mining

2009 PSIC	Industry Description
B08915	Sulphur mining
B08919	Other chemical and fertilizer mineral mining
B08920	Extraction of peat
B08930	Extraction of salt
B08990	Other mining and quarrying, n.e.c.
B09101	Oil and gas extraction activities on a fee or contract basis
B09102	Oil and gas extraction activities not performed on a fee or contract basis
B09900	Support activities for other mining and quarrying
C19200	Manufacture of refined petroleum products
C19900	Manufacture of other fuel products
C23940	Manufacture of cement
C26110	Manufacture of electronic valves and tubes
C26120	Manufacture of semi-conductor devices and other electronic components
C26200	Manufacture of computers and peripheral equipment and accessories
C26300	Manufacture of communication equipment
C26400	Manufacture of consumer electronics
C26800	Manufacture of magnetic and optical media
D35100	Electric power generation, transmission and distribution
D35200	Manufacture of gas; distribution of gaseous fuels through mains
D35300	Steam, air conditioning supply and production of ice
G46522	Wholesale of semi-conductor devices
G46523	Wholesale of micro-chips and integrated circuits
G46524	Wholesale of printed circuits
G46525	Wholesale of radio and television including parts and accessories

2009 PSIC	Industry Description
G46527	Wholesale of blank audio and video tapes and diskettes, magnetic and optical disks (cds, dvds)
J58110	Book publishing
J58120	Publishing of directories and mailing lists
J58130	Publishing of newspapers, journals and periodicals
J58190	Other publishing activities
J58200	Software publishing
J59110	Motion picture, video and television programme activities
J59120	Motion picture, video and television programme post-production activities
J59130	Motion picture, video and television programme distribution activities
J59140	Motion picture projection activities
J59201	Sound recording activities
J59202	Publishing of music
J60102	Radio program production
J60103	Radio broadcasting activities over the internet (internet radio stations)
J60201	Television broadcasting and relay stations and studios including closed circuit television services
J60202	Television program production
J60203	Television broadcasting activities over the internet (internet television stations)
J61101	Wired (landline) services
J61102	Wired internet access service activities (e.g. dsl, leased line, dial-up)
J61103	Telegraph, facsimile/telefax, and telex services
J61109	Other wired telecommunications activities, including pay telephone
J61201	Wireless landline services
J61202	Mobile telecommunications services

2009 PSIC	Industry Description
J61203	Wireless internet access services (e.g. internet service provider, broadband)
J61209	Other wireless telecommunication services, n.e.c.
J61901	Telephone access in facilities open to the public service activities
J61909	Other telecommunications service activities, n.e.c.
J62020	Computer consultancy and computer facilities management activities
J63111	Data processing
J63112	Website hosting services
J63113	Application hosting services
J63120	Web portals
J63910	News agency activities
J63990	Other information service activities, n.e.c.
N78103	On-line employment placement agencies
N82211	Customer relationship management activities
N82219	Other call centers activities (voice), n.e.c.
N82221	Finance and accounting activities
N82222	Human resources and training activities
N82223	Administrative support activities
N82224	Document processes activities
N82225	Payroll maintenance and other transaction processing activities
N82226	Medical transcription activities
N82227	Legal services activities
N82228	Supply chain management activities
N82229	Other non-voice related activities, n.e.c.
N82291	Engineering outsourcing activities

2009 PSIC	Industry Description
N82292	Product development activities
N82293	Publishing outsourcing activities
N82294	Research and analysis activities
N82295	Intellectual property research and documentation activities
N82296	Security outsourcing activities
N82299	Other back office operations activities, n.e.c

### **Response Rate**

The 2018 CPBI was conducted using a sample size of 60,683 establishments out of the total sampling frame units of 334,522 establishments which were engaged in economic activities classified under the 18 industry sections.

Completed questionnaires/reports from 53,527 responding establishments or 88.2 percent of the total 60,683 samples were the sources of data used in the estimation for the 2018 CPBI major data items. (Table 8)

Table 8. 2018 CPBI Number of Samples and Response Rate by Industry Section

Section	Sample	Responding	Response Rate (%)
<b>Total</b>	<b>60,683</b>	<b>53,527</b>	<b>88.2</b>
A	1,793	1,620	90.4
B	311	255	82.0
C	9,224	7,910	85.8
D	376	363	96.5
E	562	535	95.2
F	1,638	1,433	87.5
G	15,006	13,413	89.4
H	1,695	1,524	89.9
I	8,448	7,644	90.5
J	2,002	1,628	81.3
K	3,621	3,237	89.4
L	1,089	946	86.9
M	1,783	1,461	81.9
N	3,953	3,184	80.5
P	5,299	4,898	92.4
Q	1,869	1,715	91.8
R	885	784	88.6
S	1,129	977	86.5

The non-responding establishments include:

- those which did not submit their accomplished questionnaires;
- those who submitted their questionnaires but there are no entries in all major data items; or
- those who submitted the questionnaires but with remarks as closed, stopped operation, or temporarily stopped operation prior or during the reference year.

### **Estimation Procedures**

The estimate of the total of a characteristic ( $\hat{X}_s$ ) for the non-certainty employment stratum TE 1 to 9 or TE 10 to 19 in the  $s^{th}$  industry domain is

$$\hat{X}_s = \sum_{j=1}^{n_s} W_{sj} x_{sj}$$

where:

$s$  - denotes the non-certainty employment strata in TE of less than 20

$x_{sj}$  = value of the  $j^{th}$  establishment in the non-certainty employment stratum TE 1-9 or TE 10-19 in the  $s^{th}$  industry domain

$j = 1, 2, 3, \dots, n_s$  establishments

$W_{sj}$  = weight of the  $j^{th}$  establishment in the non-certainty employment stratum TE 1-9 or TE 10-19 in the  $s^{th}$  industry domain

Sampling weight is computed as:

$$W_{sj} = \frac{N_s}{n_s}$$

where  $N_s$  = total number of establishments in the  $s_{th}$  industry

$n_s$  = total number of sample establishments in the  $s_{th}$  industry

$W_{sj}$  = weight of the  $j_{th}$  establishments in the  $s_{th}$  industry

Thus, if  $n_s = N_s$  (Take all) , then  $W_{sj} = 1$  (weights for certainty stratum)

### **Weight Adjustments**

To account for non-response, the adjustment factor ( $n_s/n'_s$ ) was multiplied to the sampling weight to compute for the adjusted weights  $W'_{sj}$ :

$$W'_{sj} = \frac{N_s}{n_s} \frac{n_s}{n'_s} = \frac{N_s}{n'_s}$$

where  $n'_s$  = number of responding establishments in the  $s_{th}$  industry

$W'_{sj}$  = adjusted weight to account for non-response in the  $s_{th}$  industry

To account for stratum jumpers, sampling weights were further adjusted to conform with the reclassified industry class and employment structure after data collection.

Sampling weight was recomputed based on post-stratification after data collection:

$$PW_{sj} = \frac{PN_s}{pn_s}$$

where  $PN_s$  = Post-stratification total number of establishments in the  $s_{th}$  industry

$pn_s$  = Post-stratification total number of sample establishments in the  $s_{th}$  industry

$PW_{sj}$  = Post-stratification weight of the  $j_{th}$  establishments in the  $s_{th}$  industry

To account for unit non-response after post-stratification, the adjustment factor ( $pn_s/pn'_s$ ) is multiplied to the sampling weight to compute for the adjusted weights  $PW'_{sj}$ :

$$PW'_{sj} = \frac{PN_s}{pn_s} \frac{pn_s}{pn'_s} = \frac{PN_s}{pn'_s}$$

where  $pn'_s$  = number of responding establishments in the  $s_{th}$  industry

$PW'_{sj}$  = adjusted weight to account for non-response in the  $s_{th}$  industry

The estimate of the total characteristic in the  $s_{th}$  industry is:

$$\hat{X}_s = \sum_{j=1}^{pn'_s} PW'_{sj} x_{sj}$$

where  $pn'_s$  = number of responding establishments in the  $s_{th}$  industry

$x_{sj}$  = value of the  $j_{th}$  establishments in  $s_{th}$  industry

$j$  = 1,2,3,.....  $pn'_s$  responding establishments

$PW'_{sj}$  = adjusted weight of the  $j_{th}$  establishment in  $s_{th}$  industry

### **The Questionnaires**

There were seven types of questionnaires used in the 2018 CPBI to capture the data from the establishments.

The clearance number as shown in Table 9 and expiry date (31 March 2020) are located on the upper righthand corner of the cover page of each questionnaire.

Table 9. List of Questionnaires for the 2018 CPBI

Form Type	Form Title	Spot Color	Clearance Number	2009 PSIC Section
CPBI Form 1	Agriculture, Forestry and Fishing	green	PSA-1907-01	A
CPBI Form 2	Mining and Quarrying; and Manufacturing	yellow	PSA-1907-02	B, C
CPBI Form 3	Electricity, Gas, Steam and Air-conditioning Supply; and Water Supply; Sewerage, Waste Management and Remediation Activities	turquoise	PSA-1907-03	D, E
CPBI Form 4	Construction	orange	PSA-1907-04	F
CPBI Form 5	Wholesale and Retail Trade; Repair of Motor Vehicles and Motorcycles	red	PSA-1907-05	G
CPBI Form 6	Financial and Insurance Activities	silver gray	PSA-1907-06	K
CPBI Form 7	Business and Services	blue	PSA-1907-07	H, I, J, L, M, N, P, Q, R, S

An online questionnaire was also made available at the PSA website: <https://cpbi.psa.gov.ph>.

### **The Data Items**

The main data items in the 2018 CPBI questionnaires are listed in Table 10.

Table 10. List of Data Items in the 2018 CPBI Questionnaires

ITEM NO.	DESCRIPTION
(Cover Page)	Name and Address of the Establishment and Its Reporting Unit, if any
	Control Panel for Establishment Characteristics <i>(For PSA Use Only)</i>
1	Business and Registered Name, Business Tax Identification Number (TIN) and Address, Company Website and Social Media Account

ITEM NO.	DESCRIPTION
2	Economic Activity or Business in 2018
3	Year Started Operation
4	Legal Organization in 2018
5	Economic Organization in 2018
6	Capital Participation as of 31 December 2018
7	Employment as of 15 November 2018
8	Workers on Sub-Contract Agreement or Under Manpower Agencies/Contractors as of 15 November 2018
9	R&D Personnel as of 15 November 2018
10	Number of Production/Construction Workers as of 15 November 2018 (For CPBI Forms 2, 3 and 4)
11	Total Hours Worked by Production/Construction Workers in 2018 (For CPBI Forms 2, 3 and 4)
12	Revenue in 2018
13	Subsidies Received from the Government in 2018
14	Expense in 2018
15	Sales from E-commerce Transactions in 2018
16	Capital Expenditures, Sale and Book Value of Tangible Fixed Assets, including Losses and Damages in 2018
17	Capital Expenditures for All Tangible Fixed Assets by Mode of Acquisition in 2018
18	Capital Expenditures and Book Value for Intangible Assets in 2018
19	Total Assets as of 31 December 2018
20	Average Capacity Utilization Rate of the Establishment in 2018 (For CPBI Form 2 and 3)
21	Inventories in 2018
22	Branches, Divisions and Plants Owned and Controlled (for Main Office)

### **Limitations of Data**

The results of the 2018 CPBI are estimates representing the frame population covering establishments included in the formal sector category as listed in the PSA's 2018 List of Establishments.

Section 4 of Commonwealth Act No. 591 requires that the data of individual business firms be kept confidential. To avoid disclosure of information of individual establishment, statistical tables do not provide information for any industry group or sub-class wherein the number of establishments is less than three. Figures relating to such industries were either

suppressed or combined with those of other related industries in accordance with the guidelines on statistical disclosure control of data for establishments' survey.

### **Concepts and Definitions**

**Business/Trade name** refers to the name used to identify a commercial product or service, under which a business firm operates. It distinguishes one establishment's/enterprise's products and services from those of its competitors and helps to establish its identity in the marketplace. A business/trade name can be different from the legal name the business has been registered as, for corporate status. This could be the name registered with the DTI, SEC or the name used in securing business permit.

**Registered name** refers to the name of the establishments/enterprise as registered with the Securities and Exchange Commission (SEC), Department of Trade and Industry (DTI) and Cooperative Development Authority (CDA). Registered name is the one used for taxation purposes and legal matters. Registered name usually links establishments within the same enterprise.

**Address** refers to the actual physical location of the establishment/enterprise. It should contain the number and street name, building name, floor and room number, barangay, city/municipality and the province.

A **website** is a collection of related web pages containing images, videos or other digital assets. A website is hosted on at least one web server, accessible via a network such as the internet or a private local area network through an Internet address known as a Uniform Resource Locator. All publicly accessible websites collectively constitute the World Wide Web. Web pages are accessed and transported with the Hypertext Transfer Protocol (HTTP), which may optionally employ encryption (HTTP Secure, HTTPS) to provide security and privacy for the user of the web page content. The user's application, often a web browser, renders the page content according to its HTML markup instructions onto a display terminal. One example of a website is <http://www.census.gov.ph>.

**Main activity** refers to the activity that contributes the biggest or major portion of the gross income or revenue of the establishment/enterprise.

**Secondary/Other Activities** refer to activities carried out by the establishment/enterprise in addition to the main activity and in which the output, like that of the main activity, must be suitable for delivery outside the establishment/enterprise.

**Ancillary Activities** refer to activities that exist to support the main productive activities of this establishment by providing non-durable goods or services entirely or primarily for the use of the establishment.

**Capital participation** refers to the claims of foreign and/or local investors against capital/equity.

**Total Employment** refers to the total number of persons who work in or for the enterprise as of November 15, 2018. This includes paid employees, working owners, unpaid workers and all employees who work full-time or part-time including seasonal workers. Included also are persons on short term leave such as those on sick, vacation or annual leaves and on strike. **Excluded** from the count of total employment are consultants, home workers, workers receiving pure commission only, workers on indefinite leave, silent or inactive partners and members of cooperative who are not involved in the operation of the cooperative.

**Paid employees** are all full-time and part-time employees working in or for the establishment/enterprise and receiving regular pay, as well as those working away from the establishment/enterprise and paid by and under the control of the establishment/ enterprise.

**Unpaid workers** are working owners who do not receive regular pay, apprentices and learners without regular pay, and persons working for at least 1/3 of the working time normal to the establishment/enterprise without regular pay.

**Workers on sub-contract agreement or under manpower agencies/contractors** are workers employed by the contractors to perform or complete a job, work or service within the premise of this establishment pursuant to a service agreement. These are workers who are not in the payroll of this establishment.

**Research and Development (R&D)** refers to creative work undertaken as a systematic basis in order to increase the stock of knowledge, including knowledge of man, culture and society, and the use of this stock of knowledge to devise new applications.

**R&D personnel** are all persons employed directly on R&D as well as those providing direct services such as R&D Managers, administrators and clerical staff. R&D personnel are classified into three categories: researchers, technicians and auxiliary personnel.

**Production/construction workers** are workers directly engaged in the production/construction process, including working foreman.

**Number of hours worked** by production/ construction workers refers to the number of hours actually spent by production/construction workers at work, including waiting time and overtime for the whole year of 2018.

**Total Income or revenue** refers to cash received and receivables for goods sold and services rendered.

**Sales to domestic market**, for sectors agriculture, forestry and fishing; mining and quarrying; and manufacturing, refer to the products/by-products of the establishment sold to another establishment including, producer, wholesaler and retailer, of a different enterprise. However, for wholesale and retail trade, these refer to the goods sold locally.

**Interplant transfers** refer to the shipment of products produced to other establishments belonging to the same enterprise as the establishment. These should be valued as though sold.

**Direct exports** refer to the products produced and shipped, as well as goods sold, directly outside the country by the establishment.

**Sales to exporters** refers to the products/by-products/goods sold locally to exporters by the establishment.

**Sale of goods** refers to the income from goods sold in the same condition as purchased.

**Net income earned from construction activities abroad** refers to the value, cash and receivables of construction activities abroad less total cost incurred.

**Net insurance premiums earned** are the gross earned premiums on insurance contract less the reinsurers' share of gross earned premiums on insurance contracts.

**Contract and commission work done for others** refer to the income from outsourcing activities done on materials owned and controlled by another establishment.

The term “**outsourcing**” or production has been used to refer to a situation where the principal production unit (the principal) contracts another production unit (the contractor) to carry out specific functions constituting the whole or a part of the principal's activity in producing a good or a service.

**Income from products sold** for a construction establishment, is an income from products manufactured and sold, e.g. pre-fabricated products, hollow blocks, etc.

**Royalty income** is an income received for trademarks, copyrights, patents or secrecy and concessions.

**Trademarks** are images, logos or other graphical materials associated with a brand and which, if registered as such, may not be reproduced or copied without the permission of the trademark holder.

**Copyright** is the exclusive right to reproduce articles, books, photographs, films or other representative material usually held by the author or publisher of a work.

**Patent** is the legal recognition of an invention, which also grants sole right of manufacture and sale for commercial purposes to the patent holder.

**Concession** is the term that describes a business trading under a contract from a concession stand or area within the premises of another business, or host. A concession is principally a tenant, and the hold is its landlord. Concessions are usually given a degree of exclusivity by its host to allow it the right to retail certain product ranges. Concessions operate under their own branding and heads of terms are negotiated and agreed prior to a solicitor drafting either a license or lease which describes the principal terms under which the parties will operate.

**Franchise income** refers to income received for license to make, distribute or sell a product or service.

**Subsidies** refer to special grants received from the government in the form of financial assistance or tax exemption or tax privilege to aid and develop an industry.

**Total expense** refers to the cost incurred in an enterprise's efforts to generate revenue, representing the cost of doing business. Excludes cost incurred in acquisition of income generating assets.

**Total compensation** is the sum of gross salaries and wages and total employers to SSS/GSIS, Employees Compensation Commission, PhilHealth, PAG-IBIG, etc.

**Gross salaries and wages** refer to payments in cash or in-kind prior to any deductions for employee's contributions to SSS/GSIS, withholding tax, etc.

**Taxes on Products** are taxes paid on products by producer or by the purchaser of the product. Examples are: import tax, export tax, excise tax, value-added tax, sales tax, gross receipts tax, etc.

**Export tax** consists of taxes on goods or services that become payable when the goods leave the economic territory or when the services are delivered to non-residents; they include export duties, profits of export monopolies and taxes resulting from multiple exchange rates.

**Excise tax** or excise duties are taxes levied on specific kinds of good, typically alcoholic beverages, tobacco and fuels; they may be payable in addition to import duties when the goods enter the economic territory.

**Other taxes on production** are taxes paid by the producer due to production excluding income tax. Examples are: business licenses, real estate tax, road tax, environmental tax, etc.

**Environmental tax** consists of taxes levied on the emission or discharged into the environment of noxious gases, liquids or other harmful substances.

**Contract and commission work done by others** is the amount spent for production/service outsourced to other establishment.

**Goods purchased for resale** is the acquisition cost of goods purchased for resale without transformation or processing.

**Interest expense** is the amount paid for loans obtained from banks and other financial institutions.

**Payouts** are the amount expended as prize in gambling and betting operations.

**Research and development (R&D)** is the amount spent on any systematic, scientific and creative work undertaken to increase the stock of knowledge and the use of this knowledge to create new or improved products, processes, services, and other applications.

**Environmental protection expense** is the amount spent for the prevention, reduction and elimination of pollution as well as any degradation of the environment such as environmental protection services like wastewater treatment, reforestation, etc.

**Royalty fee** is an expense for trademarks, patents or secrecy and concessions.

**Franchise fee** is an expense made for license to make, distribute or sell a product or service.

**E-commerce** refers to the selling of products or services over electronic systems such as the Internet Protocol-based networks and other computer networks, Electronic Data Interchange (EDI) network, or other on-line system. Excluded are orders received from telephone, facsimile and e-mails.

**Tangible Fixed Assets** refer to physical assets acquired and for use of the establishment/enterprise and expected to have a productive life of more than one year. Examples are land, buildings, transport equipment, ICT and other machinery and equipment, valuables and other tangible fixed assets.

**Capital expenditures for tangible fixed assets** refer to the full value of tangible fixed assets acquired in 2018 whether or not full payments have been made.

**Sale of tangible fixed assets** refer to the actual amount received/realized (not book value) from the sale of tangible fixed assets during the year including the value of tangible fixed assets transferred to the other establishments of the same enterprise.

**Losses and damages** refer to the decrease in the book value of tangible fixed assets due to theft, major catastrophe, and other accidental destructions.

**Book value** refers to the initial or acquisition cost of tangible fixed assets less accumulated depreciation charges.

**New tangible fixed assets** refer to brand new tangible fixed assets acquired during the year, including directly/newly imported tangible fixed assets.

**Directly/newly imported tangible fixed assets** are considered new whether or not they were used before they were imported.

**Major alterations and improvements on tangible fixed assets** are done to increase the performance or capacity of existing tangible fixed assets or to significantly extend their previous expected service lives.

**Use tangible fixed assets** refer to those that have been previously used within the country.

**Tangible fixed assets produced on own account** refer to the physical assets produced by the establishment for its own use. It should be valued as the cost of all work put in place including overhead cost.

**Total assets** are resources including land owned and/or controlled by the establishment as a result of past transactions and events from which future economic benefits are expected to flow to the establishment.

**Inventories** refer to stocks of goods owned by or under the control of the establishment as of a fixed date, regardless of where the stocks are located.

**Purchaser Price** is the amount paid by the purchaser, excluding any deductible VAT or similar deductible tax, in order to take delivery of a unit of a good or service at the time and place required by the purchaser. The purchaser's price of a good includes any transport charges paid separately by the purchaser to take delivery at a required time and place.

**Producer Price** is the amount receivable by the producer from the purchaser for a unit of good or service produced as output minus any VAT, or similar deductible tax, invoiced to the purchaser. It excludes any transport charges invoiced separately by the producer.

**Replacement cost** is the cost of an item in terms of its present price rather than its original price.

**Materials and supplies** are materials and supplies intended for use as intermediate inputs.

**Finished products** refer to the value of products produced/manufactured by the establishment that are ready for sale/shipment.

**Work-in-progress**, for agriculture forestry and fishing, refers to the value of products of the establishment that have not yet reached the final desired state and are not ready for sale/shipment; while for manufacturing, it refers to the value of all materials which have been partially processed by the establishment but which are not usually sold or turned over to other establishments without further processing.

**Construction-in-progress** refers to portion of construction projects and/or installation works in the country that are not yet completed during the year and are not yet ready to be handed over to the contractee.

### **Publication Volumes**

The following are the 2018 CPBI publication volumes.

Table 11. 2018 CPBI Publication Volumes

Section	Industry	Volume Number
A	Agriculture, Forestry and Fishing	Volume I
B	Mining and Quarrying	Volume II
C	Manufacturing	Volume III
D	Electricity, Gas, Steam and Airconditioning Supply	Volume IV
E	Water Supply; Sewerage, Waste Management and Remediation Activities	Volume V

Section	Industry	Volume Number
F	Construction	Volume VI
G	Wholesale and Retail Trade; Repair of Motor Vehicles and Motorcycles	Volume VII
H	Transportation and Storage	Volume VIII
I	Accommodation and Food Service Activities	Volume IX
J	Information and Communication	Volume X
K	Financial and Insurance Activities	Volume XI
L	Real Estate Activities	Volume XII
M	Professional, Scientific and Technical Activities	Volume XIII
N	Administrative and Support Service Activities	Volume XIV
P	Education	Volume XV
Q	Human Health and Social Work Activities	Volume XVI
R	Arts, Entertainment and Recreation	Volume XVII
S	Other Service Activities	Volume XVIII

## **Description of Industries for Electricity, Gas, Steam and Air Conditioning Supply**

### **SECTION D – ELECTRICITY, GAS, STEAM AND AIR CONDITIONING SUPPLY**

Electricity, Gas, Steam and Air Conditioning Supply industry section involves the activity of providing electric power, natural gas, steam, hot water and the like through a permanent infrastructure (network) of lines, mains and pipes; and the distribution of electricity, gas, steam, hot water and the like in industrial park or residential buildings.

Section D is comprised of the following three (3) industry groups and three (3) sub-classes:

1. **Electric power generation, transmission and distribution** includes the generation of bulk electric power, transmission and distribution to end users. Specifically, it includes the operation of generation facilities that produce electric energy including thermal, nuclear, hydroelectric, gas turbine, diesel and renewable; transmission systems that convey the electricity from the generation facility to the distribution system; and distribution systems that convey electric power received from the generation facility to the final consumer. It also includes the sale of electricity to the user.
2. **Manufacture of gas; distribution of gaseous fuels through mains** includes the manufacture of gas and the distribution of natural or synthetic gas to consumer through a system of mains. Gas marketers or brokers, which arrange the sale of natural gas over distribution systems operated by others, are included. The separate operation of gas pipelines, typically done over long distances, connecting producers, with distribution of gas or between urban centers, is excluded from this class and classified with other pipeline transport activities.
3. **Steam, air conditioning supply and production of ice** includes the production, collection and distribution of steam and hot water for heating, power and other purposes; production and distribution of cooled air; and production of ice for cooling purposes.

## BRIEF ANALYSIS

### ***Total number of establishments in the industry reached 378***

In 2018, a total of 378 establishments were engaged in electricity, gas, steam, and air conditioning supply industry which indicates a 42.6 percent increase from the 265 establishments recorded in 2012. (Table A)

Specifically, the establishments engaged in this industry belong to two specific industry sub-classes: 1) the electric power generation, transmission, and distribution; and 2) the manufacture of gas; distribution of gaseous fuels through mains.

### ***Central Luzon accounted for the highest number of establishments***

Of the 378 establishments engaged in the industry, Central Luzon registered the highest number with 46 establishments or 12.2 percent of the total.

This was followed by NCR and CALABAZON with 43 establishments (11.4%) and 38 establishments (10.1%), respectively. ARMM and Zamboanga Peninsula with 6 and 7 establishments, respectively, were the regions with the least number of establishments. (Table 1, and Figure 1)

Figure 1. Distribution of Electricity, Gas, Steam and Air Conditioning Supply Establishments by Region, Philippines: 2018 CPBI

### ***NCR employed the highest number of personnel***

The electricity, gas, steam, and air conditioning supply industry generated a total employment of 51,670 in 2018 which posted a 7.7 percent increase from the 47,973 total employment generated in 2012. (Table A)

The National Capital Region was the highest among other regions in terms of number of employees who worked in the industry. The region employed 8,953 persons or 17.3 percent of the total industry employment. This was followed by Central Luzon with 5,928 (11.5%) employees CALABARZON with 5,328 (10.3%) employees. (Figure 2)

Additionally, 15,767 workers on sub-contract agreement or under manpower agencies/contractors were also recorded. Among regions, Eastern Visayas engaged the highest number of workers under sub-contract agreement with 5,500 or 34.9 percent of the total, followed by Central Visayas with 3,158 workers or 20.0 percent. (Table 1)

Figure 2. Employment Distribution of Electricity, Gas, Steam and Air Conditioning Supply Establishments by Region, Philippines: 2018 CPBI

### ***Employees in NCR received higher average annual compensation than other regions***

A total of PhP 44.35 billion was spent by the industry for the compensation of its employees. On the average, a paid employee received PhP 865,207.44 as annual compensation. (Table 1)

Among regions, establishments in NCR spent the highest average annual compensation of PhP 1.63 million per paid employee, followed by CALABARZON with PhP 1.40 million and Eastern Visayas with PhP 999.95 thousand. All other remaining regions, except Davao with PhP 937,031, had an average lower than the national level. (Table C, and Figure 3)

Figure 3. Average Annual Compensation for the Top Five Regions in Electricity, Gas, Steam and Air Conditioning Supply, Philippines: 2018 CPBI

### ***NCR generated the highest revenue, and incurred the highest expense***

The total revenue generated by the industry in 2018 amounted to PhP 1.21 trillion, an increase of 55.4 percent from the PhP 777.83 billion recorded in 2012. Moreover, the industry spent a total of PhP 997.10 billion in 2018 which indicates a 57.9% increase from the total expense in 2018 amounted to PhP 631.63 billion. (Table A)

Among all regions, NCR generated the highest revenue with PhP 341.51 billion or 28.3 percent of the total. The region incurred expenses amounting to PhP 296.48 billion or 29.7 percent, also the highest share to the total expense of the industry. CALABARZON ranked second with PhP 257.46 billion revenue generated contributing 21.3 percent to the total revenue, with corresponding expense of PhP 207.72 billion or 20.8 percent. Central Luzon

generated the third highest revenue of PhP 143.10 billion (11.8%) and incurred expense of PhP 114.53 billion (11.5%). (Table 1, and Figure 4)

Figure 4. Total Revenue and Total Expense of the Top Five Regions in Electricity, Gas, Steam and Air Conditioning Supply, Philippines: 2018 CPBI

### ***CAR posted the highest revenue per expense ratio***

The PhP 1.21 trillion total revenue generated and the PhP 997.10 billion total expense incurred by the industry translated to a revenue-expense ratio of 1.21. This shows that, the electricity, gas, steam, and air conditioning supply industry earned 21 centavos for every one-peso expense.

Among regions, the Cordillera Administrative Region posted the highest revenue-expense ratio at 1.51, followed by Ilocos Region with 1.40. The ratios of these two regions are higher than the national level. (Table C)

### ***CALABARZON led in terms of value added***

The total value added generated by the industry in the production of goods and services totalled to PhP 318.68 billion. From the PhP 213.54 billion recorded in 2012, the value added increased by 49.2 percent. (Table A)

The highest recorded value added with 21.1 percent was contributed by CALABARZON which generated PhP 67.22 billion. NCR ranked second with PhP 62.50 billion or 19.6 percent share to total, followed by Central Luzon with PhP 45.14 billion with 14.2 percent share. (Table 1, and Figure 5)

Figure 5. Value Added for Electricity, Gas, Steam and Air Conditioning Supply  
Philippines: 2018 CPBI

***Total gross addition to tangible fixed assets acquired amounted to PhP 150.85 billion***

The total gross additions to tangible fixed assets, computed as capital expenditures less sale of tangible fixed assets, acquired by the industry amounted to PhP 150.85 billion. This value is substantially higher than the PhP 13.82 billion recorded in 2012. (Table A)

***Total change in inventories recorded at PhP 741 million***

In 2018, the total change in inventories (ending less beginning inventory) for the sector recorded at PhP 741.00 million. (Table 1)

***Subsidies received from the government totaled PhP 9.10 billion***

The amount of subsidies received from the government by the industry in 2018 totaled to PhP 9.10 billion. (Table 1)

### 2018 Census of Philippine Business and Industry (CPBI Form No. 3)

	REPUBLIC OF THE PHILIPPINES <b>PHILIPPINE STATISTICS AUTHORITY</b>	CPBI Form 3 PSA Approval No. PSA-1907-03 Expires on 31 March 2020   																																																																										
<b>2018 CENSUS OF PHILIPPINE BUSINESS AND INDUSTRY</b> <b>ELECTRICITY, GAS, STEAM, AND AIR CONDITIONING SUPPLY</b> <b>WATER SUPPLY; SEWERAGE, WASTE MANAGEMENT</b> <b>AND REMEDIATION ACTIVITIES</b> <b>January – December 2018</b>																																																																												
<p>Dear Sir/Madam:</p> <p>The Philippine Statistics Authority (PSA) is conducting the <b>2018 Census of Philippine Business and Industry (CPBI)</b>. The <b>2018 CPBI</b> aims to provide key measures on the levels, structure, performance and trends of businesses and industries that will be used for planning and policy formulation by the government and private sectors.</p> <p>This Office is authorized to collect information from businesses and industries under <b>Republic Act No. 10625 (RA 10625)</b>. Section 25 of the same law obliges the establishments to provide the required data. The information collected shall be kept strictly confidential and shall not be used for purposes of taxation, investigation or regulation as provided in Section 26.</p> <p>We appreciate your utmost cooperation by accomplishing this questionnaire and providing PSA with a copy of the 2018 Financial Statement of your establishment. You may also accomplish this questionnaire online at PSA website (<a href="https://cpbi.psa.gov.ph">https://cpbi.psa.gov.ph</a>).</p> <p>Thank you very much.</p> <div style="display: flex; justify-content: space-between; align-items: flex-start; margin-top: 20px;"> <div style="width: 45%;">   <b>LISA GRACE S. BERSALES, Ph.D.</b>            Undersecretary            National Statistician and Civil Registrar General         </div> <div style="width: 45%; border: 1px solid black; padding: 10px;"> <p>For inquiries, contact:</p> <p>_____</p> <p>Telephone Number: _____</p> <p>E-mail Address: _____</p> <p style="text-align: center;">or <a href="mailto:cpbi@psa.gov.ph">cpbi@psa.gov.ph</a></p> </div> </div>

**GENERAL INSTRUCTIONS**

⇒ Provide data required in this questionnaire based on the records of your establishment.

⇒ Provide best estimates if exact figures are not available in your records. Indicate N.A. for items which are not applicable.

⇒ Refer to the relevant explanatory notes and definitions provided in specific items when providing responses for each item.

⇒ Include only Philippine-based activities, including imports and exports, of this establishment.

⇒ Mark only one box using a check (✓) unless instructed otherwise.

**GENERAL INFORMATION ABOUT THIS ESTABLISHMENT**

**1. Business and Registered Names, Business Tax Identification Number (TIN) and Address, Company Website and Social Media Account/s of this Establishment in 2018**

**A. Business Name:** \_\_\_\_\_

**B. Registered Name:** \_\_\_\_\_

**C. Business TIN:**     –     –     –    

**D. Business Address:** \_\_\_\_\_

Do Not Fill (For PSA Use Only)					
PROV	MUN	BGY			

**E. Company Website:** \_\_\_\_\_

**F. Social Media Account/s:**

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Others, *specify*: \_\_\_\_\_

**2. Economic Activity or Business in 2018**

⇒ Describe in detail the main economic activity, secondary activities and ancillary activities of this establishment.

**A. Main Economic Activity** *(Refers to the activity that contributes the biggest or major portion of the gross revenue of this establishment.)*

\_\_\_\_\_

\_\_\_\_\_

**A.1. Major products/goods produced or sold or type of service rendered**  
*Specify:*

\_\_\_\_\_

\_\_\_\_\_

**B. Secondary Activities** *(Refer to activities carried out by this establishment in addition to the main activity and in which the output, like that of the main activity, must be suitable for delivery outside this establishment.)*

\_\_\_\_\_

\_\_\_\_\_

**C. Ancillary Activities** *(Refer to activities that exist to support the main productive activities of this establishment by providing non-durable goods or services entirely or primarily for the use of this establishment.)*

## EMPLOYMENT

### 7. Employment as of 15 November 2018

**Total Employment** refers to the total number of persons, whether **paid** or **unpaid**, who work in or for this establishment as of 15 November 2018.

**EXCLUDE:**

- Members of cooperative who are not involved in the operation of the cooperative
- Workers on sub-contract agreement or under manpower agencies/contractors (**to be reported in Item 8**)

**Paid employees** are all full-time and part-time employees working in or for the establishment and receiving regular pay, as well as those working away from this establishment and paid by and under the control of this establishment.

**INCLUDE:**

- ✓ Employees on sick or maternity leave
- ✓ Employees on paid vacation or holiday
- ✓ Employees on strike/lockout
- ✓ Directors of corporations working for pay
- ✓ Executives/managers and other officers of the same category
- ✓ Working owners receiving regular pay
- ✓ Apprentices and learners receiving regular pay
- ✓ Persons hired only during peak seasons like planting, harvesting, and the like
- ✓ Any other employee receiving regular pay not reported above

**EXCLUDE:**

- Directors paid solely for their attendance in meetings of Board of Directors
- Consultants
- Workers on indefinite leave
- Working owners who do not receive regular pay
- Homeworkers not in the payroll of this establishment
- Workers receiving commissions only
- Other workers not in the payroll of this establishment

**Unpaid workers** are working owners who do not receive regular pay, apprentices and learners without regular pay, and persons working for at least 1/3 of the working time normal to this establishment without regular pay.

**EXCLUDE:**

- Silent or inactive business partners

**RESEARCH AND DEVELOPMENT (R&D) PERSONNEL**

**9. R&D Personnel as of 15 November 2018**

*Research and Development (R&D) refers to creative work undertaken as a systematic basis in order to increase the stock of knowledge, including knowledge of man, culture and society, and the use of this stock of knowledge to devise new applications.*

*R&D personnel are all persons employed directly on R&D as well as those providing direct services such as R&D managers, administrators and clerical staff. R&D personnel are classified into three categories: researchers, technicians and other R&D personnel.*

*Researcher refers to person working in those capacities, who uses or creates scientific knowledge and engineering and technological principles; i.e. person with scientific or technological training who is engaged in work in R&D, who directs the execution of R&D.*

*Technician refers to person engaged in that capacity in R&D who had vocational or technical training in any branch of knowledge and technology.*

*Other R&D personnel refers to persons who are directly associated with the performance of R&D; clerical, secretarial and administrative personnel, skilled, semi-skilled and unskilled workers in various trades and all other supporting workers.*

R&D Personnel of this Establishment	Male (1)	Female (2)	Total (3)	LN NO
a. Researchers				01
b. Technicians				02
c. Other R&D Personnel				03
d. <b>Total</b> (sum of a to c)				04

**PRODUCTION WORKERS AND HOURS WORKED**

**10. Number of Production Workers as of 15 November 2018**

*Production workers are workers directly engaged in the production process.*

**INCLUDE:**

- ✓ Working foremen

**EXCLUDE:**

- Apprentices and other learners receiving regular pay/not directly engaged in production process
- Managers, executives, administrative and technical personnel above foremen level
- Accounting and personnel staff

	Male (1)	Female (2)	Total (3)	LN NO
a. Production Workers Directly-hired				01
b. Production Workers on Sub-Contract Agreement or Under Manpower Agencies/Contractor				02

**11. Total Hours Worked by Production Workers in 2018**

*Number of hours worked by production workers refers to the number of hours actually spent by these workers at work for the whole year of 2018.*

**INCLUDE:**

- ✓ Waiting time and overtime

**EXCLUDE:**

- Time spent for paid sick leave and paid vacation leave

	Male (1)	Female (2)	Total (3)	LN NO
a. Total Hours Worked by Production Workers Directly-hired				01
b. Total Hours Worked by Production Workers on Sub-Contract Agreement or Under Manpower Agencies/Contractor				02

**CAPITAL EXPENDITURES, SALE AND BOOK VALUE OF TANGIBLE FIXED ASSETS, INCLUDING LOSSES AND DAMAGES**

**16. Capital Expenditures, Sale and Book Value of Tangible Fixed Assets, Including Losses and Damages in 2018**

*Tangible Fixed Assets* refer to physical assets (tangible) acquired and for use of this establishment and expected to have a productive life of more than one year. These include: land; buildings, other structures and land improvements; transport equipment; machinery and equipment; valuables; and other tangible fixed assets.

**INCLUDE:**

- ✓ Tangible fixed assets received from other establishments belonging to the same enterprise as this establishment should be valued as though purchased.
- ✓ Delivery charges and installation costs, taxes and other necessary fees (import duties, registration fees, etc.).

**EXCLUDE:**

- Financing cost

*Capital expenditures for tangible fixed assets* refer to the full value of fixed assets acquired during the year whether or not full payments have been made.

*Sale of tangible fixed assets* refers to the actual amount received/realized (not book value) from the sale of fixed assets during the year including the value of fixed assets transferred to other establishments of the same enterprise.

*Losses and damages* refer to the decrease in the book value of tangible fixed assets due to theft, major catastrophe, and other accidental destructions.

*Book value* refers to the initial or acquisition cost of tangible fixed assets less accumulated depreciation charges. Include in Book Value as of 31 December 2018 the capital expenditures for the corresponding tangible fixed assets.

### CAPITAL EXPENDITURES FOR ALL TANGIBLE FIXED ASSETS BY MODE OF ACQUISITION

#### 17. Capital Expenditures for All Tangible Fixed Assets by Mode of Acquisition in 2018

⇒ Report the full value of all tangible fixed assets **acquired in 2018** by mode of acquisition. Total in this item should be equal to the **Total** reported in Item 16 column 1.

**New tangible fixed assets** refer to brand new tangible fixed assets **acquired during the year**, including directly/newly imported tangible fixed assets. **Directly/newly imported tangible fixed assets** are considered new whether or not they were used before they were imported.

**Major alterations and improvements on tangible fixed assets** are done to increase the performance or capacity of existing tangible fixed assets or to significantly extend their expected service lives.

**Used tangible fixed assets** refer to those that have been previously used within the country.

**Tangible fixed assets produced on own account** refer to the physical assets produced by the establishment for its own use. It should be valued as the cost of all work put in place including overhead cost.
