FOREWORD

This volume contains the final results of the **2008 Annual Survey of Philippine Business and Industry (ASPBI)** for Major Division E (**Electricity, Gas and Water Supply**). The 2008 ASPBI was conducted in May 2009 with the year 2008 as the reference period of data, except for employment which is as of November 15, 2008.

Statistics on the number of establishments, employment, compensation, revenue, cost, fixed assets, capital expenditures, inventories, and value added are presented by region and industry sub-class for both establishments with total employment of 20 and over and less than 20. Furthermore, statistics for all establishments are presented at the national level also by industry sub-class for easy reference of data users. Information contained in this report will be useful to government and non-government agencies in formulating and implementing economic plans and programs.

This Office acknowledges with sincere thanks and appreciation the cooperation of reporting establishments.

EXPLANATORY TEXT

INTRODUCTION

The 2008 Annual Survey of Philippine Business and Industry (ASPBI) is one of the designated statistical activities of the National Statistics Office (NSO) with the objective of collecting and generating information on the levels, structures and trends of economic activities for the year 2008 in the formal sector of the economy.

In the conduct of annual surveys of establishments by the NSO, the 2008 ASPBI represents the series by sector as listed below:

TABLE 1 List of Survey Series by Sector

Sector	Nth Series	Sector	Nth Series
Agriculture, Hunting and Forestry	15 th	Hotels and Restaurants	26 th
Fishing	15 th	Transport, Storage and Communications	25 th
Mining and Quarrying	25 th	Financial Intermediation	26 th
Manufacturing	39 th	Real Estate, Renting and Business Activities	26 th
Electricity, Gas and Water Supply	25 th	Education	26 th
Construction	25 th	Health and Social Work	26 th
Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles and Personal and Household Goods	30 th	Other Community, Social and Personal Service Activities	26 th

Uses of Survey Data

The data collected from the ASPBI will constitute bases upon which the government and the private sector can formulate policies and evolve economic development plans.

Specifically, the survey results are used in:

- constructing national and regional income accounts of the Philippine economy
- formulating development strategies and monitoring plans/policies in the attainment of national and regional goals
- determining and comparing regional economic structures and performance

- valuating conditions of the economy, employment and income perspective in order to make more informed decisions
- evaluating business options, assessing opportunities for new investments and estimating market shares of industries
- providing updates for the frame of establishments.

ASPBI Slogan and Logo

Providing Statistics for a Globally Competitive Economy – This is the slogan of the census/survey of establishments since the 2000 CPBI. Along with the slogan is the logo shown below.

The logo, which is a stylistic representation of the Filipino flag, capsulizes the objectives of the 2008 ASPBI.

The golden sun represents the vision of hope which reaches out like the sun's rays for the improvement of the quality of life of all Filipinos; the red chart, the desired trend of the country's economic progress; the white building, the businesses and industries that propel the growth of the economy; while the blue background symbolizes the cooperation between and among the data providers, data producers and data users.

LEGAL AUTHORITY

The conduct of the 2008 ASPBI was undertaken by authority of the following legislative acts and presidential directives:

- **Commonwealth Act No. 591** An Act to Create the Bureau of the Census and Statistics to consolidate statistical activities of the government therein which was approved on August 19, 1940. This empowers the Bureau, among other things, to prepare for and undertake all censuses of population, agriculture, industry and commerce.
- **Presidential Decree No. 418** dated March 20, 1974 reconstituted the Bureau of the Census and Statistics as a new agency to be known as the National Census and Statistics Office (NCSO), under the administrative supervision of the National Economic Authority (NEDA).
- **Executive Order No. 121** Reorganization Act of the Philippine Statistical System, dated August 4, 1987 renamed the National Census and Statistics Office (NCSO) to National Statistics Office which shall be the major statistical agency responsible for generating general purpose statistics and undertaking such censuses and surveys.
- **Executive Order 352** Designation of Statistical Activities that will generate critical data for decision-making by the Government and the Private Sector, dated July 1, 1996.
- **Executive Order 5** Strengthening the National Statistics Office, dated July 29, 1998.

Penalty Clause

Section 3 of the Commonwealth Act No. 591 states that:

“Any person who fails to accomplish, mail or deliver such questionnaire or form received by him to the Bureau of the Census and Statistics within thirty days of its receipt by him; or any person who signs such questionnaire or form, knowingly gives data or information which shall prove to be materially untrue in any particular; or any person who signs such questionnaire or form after it has been accomplished in the knowledge that it is untrue, in any particular, shall upon conviction, be punished by a fine of not more than six hundred pesos or by imprisonment for not more than six months, or by both.”

Confidentiality of Information

Section 4 of the Commonwealth Act No. 591 states that:

“Data furnished the Bureau of the Census and Statistics by an individual, corporation, partnership, institution or business enterprise shall not be used as evidence in any court or in any public office either as evidence for or against the individual, corporation, association, partnership, institution or business enterprise from whom such data emanates; nor shall such data or information be divulged to any person except authorized employees of the Bureau of the Census and Statistics, acting in the performance of their duties; nor shall data be published except in the form of summaries or statistical tables in which no reference to an individual, corporation, association, partnership, institution, or business enterprise shall appear. Any person violating the provisions of this section shall, upon conviction, be punished by a fine of not more than six hundred pesos or by imprisonment for not more than six months, or by both.”

SCOPE AND COVERAGE

The 2008 ASPBI is a nationwide undertaking confined to the formal sector of the economy and as such excludes the “informal” sector. The following comprise the formal sector:

1. Corporations and partnerships
2. Cooperatives and foundations
3. Single proprietorship with employment of 10 or more
4. Single proprietorship with branches

The rationale of covering only the formal sector for the survey is based on the contribution of this group to the value added of the major sectors. The 2005 ASPBI results show that the contribution of the formal sector was at least 50 percent of value added. In 11 of the 14 sectors, value added of the formal sector ranged from 80 to 100 percent of the total. Another consideration was the quality of the ASPBI frame. The ASPBI frame is extracted from the List of Establishments (LE). The series of updating operations since 1999 focused more on the updating of the formal sector. Budgetary constraint was the reason why coverage was limited to these economic units.

The 2008 ASPBI covers only the following economic units:

- All establishments with total employment (TE) of 10 or more, and
- All establishments with TE of less than 10, except those establishments with Legal Organization (LO=1, Single Proprietorship) and Economic Organization (EO=1, single establishment) that are engaged in economic activities, classified according to the amended 1994 Philippine Standard Industrial Classification.

The economic activities within the scope of the 2008 ASPBI are listed below.

TABLE 2 Scope of the 2008 ASPBI

Major Division	Economic Activity	Major Division	Economic Activity
A	Agriculture, Hunting and Forestry	H	Hotels and Restaurants
B	Fishing	I	Transport, Storage and Communications (except operators of tricycles, pedicabs, jeepneys, Asian Utility Vehicles (AUVs), government postal and telegraphic offices, booking/ ticketing offices of foreign airlines)
C	Mining and Quarrying	J	Financial Intermediation (except Central Bank)
D	Manufacturing	K	Real Estate, Renting and Business Activities (except letting and operating real estate such as residential and non-residential buildings and land rentals)
E	Electricity, Gas and Water	M	Education (except public education services)
F	Construction	N	Health and Social Work (except public medical, dental and other health services)
G	Wholesale and Retail Trade; Repair of Motorcycles and Personal and Household Goods (except sari-sari stores with no regularly paid employees)	O	Other Community, Social and Personal Service Activities (except activities of membership organizations, not elsewhere classified)

Moreover, to improve response rates for Government-Owned-and-Controlled Corporations (GOCCs) or LO=3, only those with EO= 1, 3, and 4 were covered starting with the 2008 ASPBI.

UNIT OF ENUMERATION

The unit of enumeration in the ASPBI or any other economic survey or census of the NSO is the establishment. It is defined in the United Nations International Recommendations on Industrial Statistics as:

“an economic unit under a single ownership control, i.e., under a single legal entity, engaged in one or predominantly one kind of economic activity at a single fixed location.”

In actual practice, however, there are difficulties in applying the ideal definition so the establishment is defined in operational terms to take into account the organization and record keeping practices of certain sectors by making the single location and activity criteria more flexible. This necessitates the use of the kind-of-activity unit for certain sectors as the single location restriction is eliminated.

For the Construction; Transport, Storage and Communications; Other Monetary Institutions, Credit Card Activities, Non-bank Financial Intermediation not elsewhere classified (except mutual building and loan association operation, non-stock savings and loan association operation, and credit cooperative activities), Insurance and Pension Funding; Pre-need Plan Activities, Activities Auxiliary to Insurance and Pension Funding; Real Estate Buying, Developing, Subdividing and Selling; Cemetery Development and Sale; and Investigation and Security Activities, the establishment is defined as:

“the unit that is engaged in the production of the most homogenous group of goods and services, usually at one location, but sometimes over a wider area, for which separate records are available that can provide data concerning the production of these goods and services and the materials, labor and physical resources used in the production.”

This unit also applies to cooperatives engaged in generation, collection and distribution of electricity; and collection, purification and distribution of water.

SURVEY DESIGN

Classification of Establishments

An establishment is categorized by its economic organization (EO), legal organization (LO), industrial classification, employment size, and geographic location.

Economic Organization. (EO) This relates to the organizational structure or role of the establishment in the organization. The following are the types of EO:

- Single establishment (EO=1) is an establishment which has neither branch nor main office.
- Branch only (EO=2) is an establishment which has a separate main office located elsewhere.
- Establishment and main office (EO=3), both located in the same address and with branch/es elsewhere.

- Main office only (EO=4) is the unit which controls, supervises and directs one or more establishments of an enterprise.
- Ancillary unit other than Main Office (EO=5) is the unit that operates primarily or exclusively for a related establishment or group of related establishments or its parent establishment and provides goods or services that support but do not become part of the output of those establishments.

Legal Organization. (LO) This provides the legal basis for ownership of the establishment. The following are the types of LO:

- Single Proprietorship (LO=1) is a business establishment organized, owned and managed by one person, who alone assumes the risk of the business enterprise.
- Partnership (LO=2) is an association of two or more individuals for the conduct of a business enterprise based upon an agreement or contract between or among them to contribute money, property or industry into a common fund with the intention of dividing profits among themselves.
- Government Corporation (LO=3) is a private corporation organized for private aim, benefit or purpose and owned and controlled by the government.
- Private Corporation (LO=4) is a corporation organized by private persons.
- Cooperative (LO=5) is an organization composed primarily of small producers and/or consumers who voluntarily join together to form business which they themselves own, control and patronize.
- Others (LO=6) is an organization not classified in any of the above classification. It includes private associations, foundations, NGOs or other forms of legal organization.

Industrial Classification. The industrial classification of an economic unit is determined by the activity from which it derives the major income or revenue. The amended 1994 Philippine Standard Industrial Classification (PSIC) is utilized to classify economic units according to their economic activities. It is aligned with the International Standard Industrial Classification of all economic activities (ISIC) Revision 3.1.

Establishment Size. The size of an establishment is determined by its total employment. The following is the employment size classification used in the establishment survey:

TABLE 3 Employment Size and Code

TE Code	Total Employment	TE Code	Total Employment
0	1 – 4	5	100 – 199
1	5 – 9	6	200 – 499
2	10 – 19	7	500 – 999
3	20 – 49	8	1000 – 1999
4	50 – 99	9	2000 and over

Geographic Classification. Establishments are also classified by geographic area using the Philippine Standard Geographic Code (PSGC). The PSGC contains the latest updates on the official number of regions, provinces, cities, municipalities and barangays in the Philippines. It consists of the 17 administrative regions as approved under Executive Order No. 36 dated 19 September 2001 (*Providing for the Reorganization of the Administrative Regions in Mindanao....*) and Executive Order No. 103 dated 17 May 2002 (*Dividing Region IV into Region IV-A and Region IV-B, transferring the province of Aurora to Region III*)

The geographic codes used in the 2008 ASPBI are in accordance with PSGC as of September 2008.

Frame of Establishments

The 2008 ASPBI sampling frame was extracted from the 2008 List of Establishments (LE). There were 761,409 establishments in operation in the country in 2008. Distribution of these establishments reveals that 604,777 establishments are classified as the informal sector and the remaining 156,632 establishments are considered as the formal sector. A total of 139,492 (89%) of establishments classified in the formal sector are within the coverage of the 2008 ASPBI and thus, comprise the frame of the survey.

The 2008 LE is the combined result of the following:

1. 2004 Updating of the List of Establishments (ULE) conducted in the National Capital Region and in selected urban barangays in cities/provincial capitals/first class municipalities (2004 ULE areas) during the period from September 2004 to May 2005.
2. 2005 ULE in rural barangays in provincial capitals/cities/municipalities of selected provinces (2005 ULE areas) conducted from September to December 2005. The selected provinces are in Regions 3 and 4, in provinces where NSO Regional Office is located, and in provinces with the highest count of establishments in rural barangays of the provincial capitals/cities/municipalities. It also covered growth areas in selected provinces.
3. 2008 LE conducted in September 2008 in priority areas (growth centers and other areas where significant changes in number of establishments were observed) and field verification of status and characteristics of establishments listed in selected sources but not found in the LE or referred to as “no matched” establishments.
4. Survey feedbacks from the 2006 CPBI (Census of Philippine Business and Industry), 2008 MISSI (Monthly Integrated Survey of Selected Industries), the 2008 QSPBI (Quarterly Survey of Philippine Business and Industry), the 2008 SIFE (Survey on Impact of Floods on Establishments), the 2007 SSIC (Special Survey of Imported Commodities) and 2008 SPLN (Survey on Production and Logistics Networks of Philippine Manufacturing Industries) were also used to update and validate the 2008 LE.

SAMPLING DESIGN

The 2008 ASPBI used stratified systematic sampling with five-digit PSIC serving as first stratification variable and total employment as the second stratification variable.

Sampling Domain

Geographic Domain

For establishments with TE of less than 20, the geographic domain was the whole country. For those with TE of 20 and over, the geographic domains were the 17 administrative regions of the country. Hence, the samples of the 2008 ASPBI with TE of 20 and over can provide estimates up to the regional level while those for less than 20 only at the national level.

The following table lists the geographic domains (regions) and the provinces comprising the region for TE of 20 and over.

TABLE 4 Geographic Domains and Its Composition

Region	Province
National Capital Region (NCR)	City of Manila, Quezon City, Mandaluyong City, Marikina City, Pasig City, San Juan City, Caloocan City, Malabon City, Navotas City, Valenzuela City, Makati City, Pateros, Taguig City, Parañaque City, Las Piñas City, Muntinlupa City, Pasay City
Cordillera Administrative Region (CAR)	Abra, Apayao, Benguet, Ifugao, Kalinga, Mountain Province
Region I – Ilocos Region	Ilocos Norte, Ilocos Sur, La Union, Pangasinan
Region II – Cagayan Valley	Batanes, Cagayan, Isabela, Nueva Vizcaya, Quirino
Region III – Central Luzon	Aurora, Bataan, Bulacan, Nueva Ecija, Pampanga, Tarlac, Zambales
Region IV-A – CALABARZON	Cavite, Laguna, Batangas, Rizal, Quezon
Region IV-B – MIMAROPA	Oriental Mindoro, Occidental Mindoro, Romblon, Marinduque, Palawan
Region V – Bicol Region	Albay, Camarines Norte, Camarines Sur, Catanduanes, Masbate, Sorsogon
Region VI – Western Visayas	Aklan, Antique, Capiz, Guimaras, Iloilo, Negros Occidental

Continued

TABLE 4 --- Concluded

Region	Province
Region VII – Central Visayas	Bohol, Cebu, Negros Oriental, Siquijor
Region VIII – Eastern Visayas	Biliran, Leyte, Southern Leyte, Eastern Samar, Northern Samar, Western Samar
Region IX – Zamboanga Peninsula	Zamboanga del Norte, Zamboanga del Sur, Zamboanga Sibugay, City of Isabela
Region X– Northern Mindanao	Bukidnon, Camiguin, Lanao del Norte, Misamis Occidental, Misamis Oriental
Region XI – Davao Region	Compostela Valley, Davao del Norte, Davao del Sur, Davao Oriental
Region XII – SOCCSKSARGEN	North Cotabato, Sarangani, South Cotabato, Sultan Kudarat, Cotabato City
Autonomous Region in Muslim Mindanao (ARMM)	Lanao del Sur, Maguindanao (excluding Cotabato City), Sulu, Tawi-Tawi, Basilan (excluding Isabela City)
Caraga	Agusan del Sur, Agusan del Norte, Dinagat Island, Surigao del Sur, Surigao del Norte

Industry Domain

There were 1,036 sub-classes (5-digit PSIC) which constituted the industry domains for both establishments with TE of 20 and over and TE of less than 20. This was done to prepare for the translation of the amended 1994 PSIC to the ISIC Rev 4, with emphasis on the sub-classes that were split into two or more ISIC codes; and at the same time provide data for ICT (Information and Communication Technology) and other emerging industries.

The table below presents the distribution of the number of industry strata by major division of the amended 1994 PSIC.

TABLE 5 Number of Industry Strata by Major Division

Major Division	Number of Strata
A	114
B	20
C	26

TABLE 5 --- Concluded

Major Division	Number of Strata
D	441
E	4
F	15
G	167
H	12
I	53
J	39
K	74
M	11
N	18
O	42
Total	1,036

Employment Stratum

For the 2008 ASPBI, some TE sizes were combined or taken as a group to comprise an **employment stratum** and were limited to only five strata for all major divisions. The basic consideration for grouping was the concentration of establishments in the employment size.

Within the industry domains for each major division, the establishments were grouped according to the following employment stratum:

TABLE 6 Employment Stratum

Employment Stratum	
TE 1 - 9	(size 0 & 1)
TE 10 - 19	(size 2)
TE 20 - 49	(size 3)
TE 50 - 99	(size 4)
TE 100 & over	(size 5 to 9)

Sample Size Determination

Sampling Units

Generally, the sampling unit for major divisions, except Construction, and Transport, Storage and Communications, included establishments with EO = 1 (single establishment), 2 (branch) or 3 (establishment and main office). For Construction and Transport, Storage and Communications and selected industry group/class/sub-class, the sampling units were establishments with EO = 1, 3 or 4 (main office only). These establishments do not strictly meet the criteria for defining an establishment as these are classified as kind-of-activity units.

For GOCCs, the sampling units were those with EO=1, 3 and 4. The table below shows the sampling units by industry.

TABLE 7 Sampling Units by Industry

Industry Code	Description	EO
A	Agriculture, Hunting and Forestry	1, 2, 3
B	Fishing	1, 2, 3
C	Mining and Quarrying	1, 2, 3
D	Manufacturing	1, 2, 3
E	Electricity, Gas and Water Supply except E401 and E410	1, 2, 3
E401	Generation, collection and distribution of electricity with LO = 3	1, 3, 4
E401	Generation, collection and distribution of electricity with LO = 1, 2, 4, 5, 6	1, 2, 3
E410	Collection, purification and distribution of water with LO = 3	1, 3, 4
E410	Collection, purification and distribution of water with LO = 1, 2, 4, 5, 6	1, 2, 3
F	Construction	1, 3, 4
G	Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles, and Personal and Household Goods	1, 2, 3
H	Hotels and Restaurants	1, 2, 3
I	Transport, Storage and Communications	1, 3, 4
J	Financial Intermediation except J659, J6701, J6702, J6703, J6814 and J682	1, 2, 3
J659	Other monetary intermediation	1, 3, 4
J6613	Credit card activities	1, 3, 4
J66910	Investment company operation	1, 3, 4
J66920	Investment house operation	1, 3, 4

Continued

TABLE 7 --- Concluded

Industry Code	Description	EO
J66930	Securities dealership, own account	1, 3, 4
J66940	Financial holding company activities	1, 3, 4
J66950	Venture capital corporation	1, 3, 4
J6701	Life insurance	1, 3, 4
J6702	Pension funding/fund management	1, 3, 4
J6703	Non-life insurance	1, 3, 4
J6814	Pre-need plan activities	1, 3, 4
J682	Activities auxiliary to insurance and pension funding	1, 3, 4
K	Real estate, Renting and Business Activities except K7012, K7492	1, 2, 3
K7012	Real estate buying, developing, subdividing and selling	1, 3, 4
K7013	Cemetery development and sale including burial crypt	1, 3, 4
K7492	Investigation and security activities	1, 3, 4
M	Education	1, 2, 3
N	Health and Social work	1, 2, 3
O	Other Community, Social and Personal Service Activities	1, 2, 3

Sample Size

The sample size of the 2008 ASPBI was determined based on the following factors: budget, acceptable sampling error, level of disaggregation of the estimates aligned with the ISIC Rev4, coefficients of variation and number of establishments by industry. Given the importance of the results of the ASPBI to the Philippine System of National Accounts (PSNA), the sample size has to be at a manageable level without compromising the reliability and accuracy of the survey returns.

In general, the TE 100 and over is a **certainty stratum** for all sectors. Refer to Appendix 2 for the sampling rates by sector, by employment stratum, and 5-digit PSIC industry. It also shows the non-certainty strata by major division and selected sub-classes.

*A **certainty stratum** is defined as the employment stratum whose sampling ratio is 100 percent. In this stratum, all establishments are taken as certainty samples, i.e. the selection probability is 1 and the sampling weight is 1. On the other hand, a **non-certainty stratum** is the employment stratum where only sample establishments are taken.*

The employment strata TE of 20 and over, whose establishments are considered as 'large' units, comprised the **certainty strata** for the Major Divisions D, I, J, O and including selected sub-classes in Major Divisions A, G, K, M, and N.

For all major divisions except B, C, E, and F, the employment strata in TE of less than 20 are considered as non-certainty strata, except for those identified as the Information and Communication Technology (ICT) core industries and the following sub-classes in manufacturing:

- manufacture of coke oven products (D23100)
- manufacture of refined petroleum products (D23200)
- manufacture of other fuel products (D23300)
- manufacture of cement (D26200)

The following sectors were, however, taken on a 100 percent basis regardless of employment stratum because of the relatively small number of their population.

B – Fishing

C – Mining and Quarrying

E – Electricity, Gas and Water

F - Construction

a. Sample Size for TE of Less Than 20

The sample size for TE of less than 20 was determined by applying the specified sampling rates for each employment stratum (that is, separately for strata TE 1-9 and TE 10 -19) of the industry domain (5-digit PSIC) at the national level. The total sample size for establishments with TE of less than 20 was **11,161** establishments.

b. Sample Size for TE of 20 and Over

The sample size for establishments with TE of 20 and over was obtained by applying the specific sampling rates for the i^{th} employment stratum in the h^{th} industry stratum at the national level and then allocated to **geographic domain** (region). The aggregate sample size for TE of 20 and over in all sectors was **18,055** establishments.

The distribution of samples by major division and by employment size is shown in Table 8.

TABLE 8 Number of Samples by Major Division and by Employment Size

Major Division	Description	Number of Samples		
		Total	Less than 20	20 and over
	Total	29,216	11,161	18,055
A	Agriculture, Hunting and Forestry	1,029	463	566
B	Fishing	550	369	181
C	Mining and Quarrying	117	58	59
D	Manufacturing	7,445	1,918	5,527
E	Electricity, Gas and Water Supply	940	489	451
F	Construction	1,198	583	615
G	Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles, and Personal and Household Goods	6,889	3,139	3,750
H	Hotels and Restaurants	957	233	724
I	Transport, Storage and Communications	1,767	682	1,085
J	Financial Intermediation	1,303	512	791
K	Real Estate, Renting and Business Activities	3,326	1,368	1,958
M	Education	1,435	266	1,169
N	Health and Social Work	608	181	427
O	Other Community, Social and Personal Service Activities	1,652	900	752

Thus, the total number of samples for the 2008 ASPBI is **29,216**.

Sample Allocation

a. Sample Allocation for TE of Less Than 20 (Strata TE 1-9 and TE 10-19)

No allocation was done in these strata, as the sample sizes were determined at the 5-digit PSIC (industry domain) and national level.

Minimum sample size was set to 3 establishments and maximum of 30 per cell (industry domain and employment stratum). However, when the total number of establishments (N) in the cell is equal to or less than the set minimum sample size, all establishments in that cell were taken as samples.

b. Sample Allocation for TE 20 and Over (Strata TE 20-49 and TE 50-99)

Proportional allocation was used in allocating the number of samples in the sampling strata of TE 20-29 and TE 50-99 of the industry domain and employment stratum at the regional level. Basis of allocation was the number of establishments (N) in the region by industry domain and by employment stratum.

Minimum sample size was also set to 3 establishments and maximum of 10 establishments per cell (industry domain, employment stratum and region). However, when the total number of establishments (N) in the cell is equal to or less than the set minimum sample size, all establishments in that cell are taken as samples.

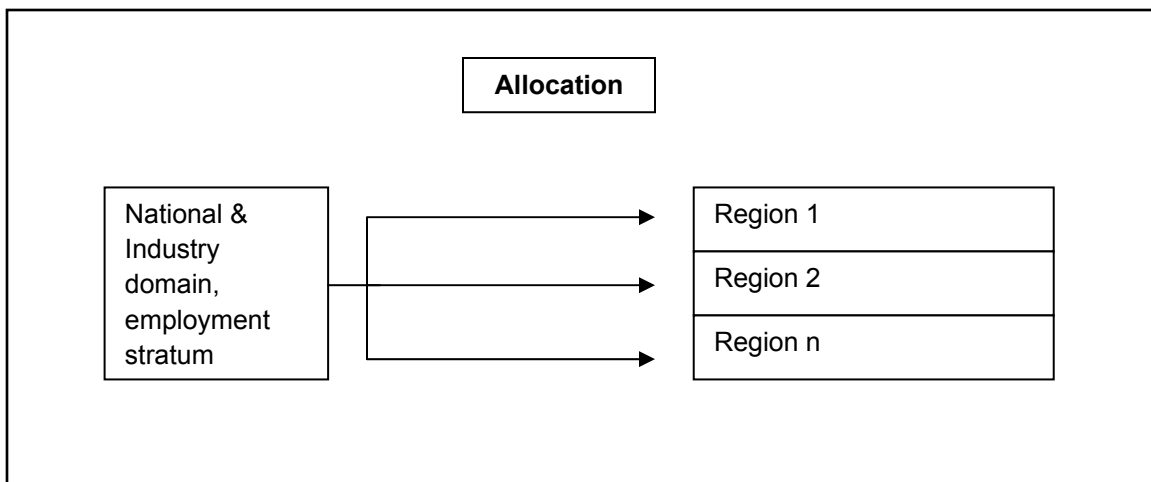

The number of samples for each employment stratum of the industry domain at the national level was allocated by region. The formula used is,

$$n_{hij} = \frac{N_{hij}}{N_{hi}} \times n_{hi}$$

where:

- N_{hij} = total number of establishments in the j^{th} region of the i^{th} employment stratum in the h^{th} industry domain
- N_{hi} = total number of establishments in the i^{th} employment stratum of the h^{th} industry domain
- n_{hij} = number of sample establishments in the j^{th} region of the i^{th} employment stratum in the h^{th} industry domain
- n_{hi} = number of sample establishments in the i^{th} employment stratum of the h^{th} industry domain

FIGURE 1 Sample Allocation Diagram for TE of 20 and Over (Strata TE 20-49 and TE 50-99)

Estimation Procedure

For Establishments with TE of Less Than 20

a. Non-certainty Stratum

The estimate of the total of a characteristic (\hat{X}_s) for the non-certainty employment stratum TE less than 20 in the s^{th} industry domain is

$$\hat{X}_s = \sum_{j=1}^{n_s} W_{sj} x_{sj}$$

where:

- s denotes the non-certainty employment strata in employment of less than 20
- x_{sj} = value of the j^{th} establishment in the non-certainty employment stratum in employment of less than 20 in the s^{th} industry domain
- $j = 1, 2, 3, \dots, n_s$ establishments
- W_{sj} = weight of the j^{th} establishment in the non-certainty employment stratum in employment of less than 20 in the s^{th} industry domain

$$W_{sj} = N_s / n_s$$

- N_s = total number of establishments in the non-certainty employment stratum in employment of less than 20 in the s^{th} industry domain
- n_s = number of sample establishments in the non-certainty employment stratum in employment less than 20 in the s^{th} industry domain

b. Certainty Stratum

The estimate of the total of a characteristic (\hat{X}_c) for the certainty employment stratum in the c^{th} industry domain is

$$\hat{X}_c = \sum_{j=1}^{m_c} x_{cj}$$

where:

- c denotes the certainty employment strata in employment of less than 20 in the c^{th} industry domain
- x_{cj} = value of the j^{th} establishment in the certainty employment strata in employment of less than 20 in the c^{th} industry domain
- $j = 1, 2, 3, \dots, m_c$ establishments
- m_c = number of establishments in the certainty employment strata in employment of less than 20 in the c^{th} industry domain

Total Estimate for TE of Less Than 20

National level estimates of the total of a characteristic (X_d) for the industry domain was obtained by aggregating the estimates for all employment strata (non-certainty and certainty) in the same industry domain,

$$X_d = \sum \hat{X}_s + \sum \hat{X}_c$$

where d denotes the industry domain

For Establishments with TE of 20 and Over

a. Non-Certainty Stratum (strata of employment 20 to 49 and employment 50 to 99 for Major Divisions A, D, G, H, K, M and N)

The estimate of the total of a characteristic (\hat{X}_{sp}) for the non-certainty employment strata in employment of 20 and over for selected industry domain in each region (geographic domain) is

$$\hat{X}_{sp} = \sum_{j=1}^{n_{sp}} W_{spj} x_{spj}$$

where:

- s denotes the non-certainty employment strata in employment of 20 and over
- $p = 1, 2, \dots, 17$ regions (geographic domains)
- x_{spj} = value of the j^{th} establishment in the non-certainty employment strata in employment of 20 and over for an industry domain in each region
- $j = 1, 2, 3, \dots, n_{sp}$ establishments
- W_{spj} = weight of the j^{th} establishment in the non-certainty employment strata in employment of 20 and over for an industry domain in each region

$$W_{spj} = \frac{N_{sp}}{n_{sp}}$$

N_{sp} = total number of establishments in the non-certainty employment strata in employment of 20 and over for an industry domain in each region

n_{sp} = number of sample establishments in the non-certainty employment strata in employment of 20 and over for an industry domain in each region

b. Certainty Stratum

The estimate of the total of a characteristic (\hat{X}_{cp}) for the certainty employment stratum in employment of 20 and over in an industry domain in each geographic domain (region) is

$$\hat{X}_{cp} = \sum_{j=1}^{m_{cp}} x_{cpj}$$

where:

- c denotes the certainty employment strata in employment of 20 and over
- $p = 1, 2, \dots, 17$ regions (geographic domains)
- x_{cpj} = value of the j^{th} establishment in the certainty employment strata in employment of 20 and over in an industry domain within each region
- $j = 1, 2, 3, \dots, m_{cp}$ establishments
- m_{cp} = number of establishments in the certainty employment strata in employment of 20 and over in an industry domain within each region

Total Estimate for TE of 20 and Over

The estimate of the total of a characteristic (X_{dp}) for the industry domain in each region (geographic domain) was obtained by aggregating the estimates for all employment strata (non-certainty and certainty) in the same industry domain,

$$X_{dp} = \sum \hat{X}_{sp} + \sum \hat{X}_{cp}$$

where dp denotes the industry domains in each region

National level estimates of the characteristics by industry domain were obtained by aggregating separately the estimates (X_{dp}) for the particular industry domain from all the regions.

Weight Adjustment Factor for Non-Response

To account for non-response in the non-certainty strata, the adjustment factors, and (n/n') was multiplied with the sampling weight (W) of each of the sampling unit. The sampling weight which is defined as N/n was recomputed as

$$W' = \frac{N}{n} \times \frac{n}{n'} = \frac{N}{n'} \quad \text{General Formula}$$

Thus, the adjusted weight (W'_{sj}) for employment stratum in employment of 1-9 or employment of 10-19 is

$$W'_{sj} = \frac{N_s}{n_s} \times \frac{n_s}{n'_s} = \frac{N_s}{n'_s}$$

where:

N_s = total number of establishments in the employment stratum in employment of 1-9 or employment of 10-19 in the s^{th} industry domain

n'_s = number of responding establishments in the employment stratum in employment of 1-9 or employment of 10-19 in the s^{th} industry domain

For the non-certainty employment stratum for the selected industry domain with employment of 20-99, the adjusted weight (W'_{spj}) is

$$W'_{spj} = \frac{N_{sp}}{n_{sp}} \times \frac{n_{sp}}{n'_{sp}} = \frac{N_{sp}}{n'_{sp}}$$

where:

N_{sp} = total number of establishments in the non-certainty employment stratum with employment of 20-99 for the selected industry domain within each geographic domain (region)

n'_{sp} = number of responding establishments in the non-certainty employment stratum with employment of 20-99 for the selected industry domain within each geographic domain (region)

Questionnaire Design

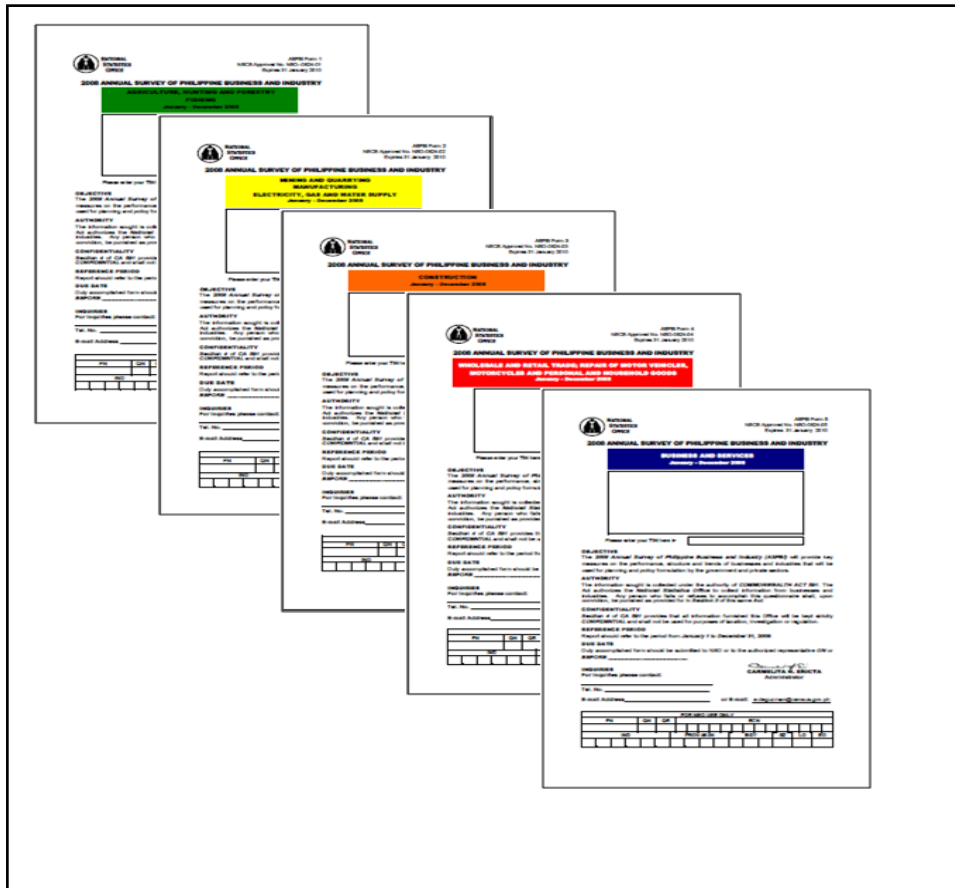

Survey Forms

The 2008 ASPBI utilized five types of questionnaires. These questionnaires were designed after taking into consideration the requirements of the main users. The types of questionnaires and corresponding spot color are listed below:

TABLE 9 Types of Questionnaires

Form Type	Sector	Spot Color
ASPBI Form 1	Agriculture, Hunting and Forestry; Fishing	Green
ASPBI Form 2	Mining and Quarrying; Manufacturing; Electricity, Gas and Water Supply	Yellow
ASPBI Form 3	Construction	Orange
ASPBI Form 4	Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles and Personal and Household Goods	Red
ASPBI Form 5	Business and Services	Blue

FIGURE 2 2008 ASPBI Questionnaires

An **e-questionnaire** or **electronic copy** of forms for the 2008 ASPBI was developed for respondents to submit via the NSO Website. The file of the e-questionnaire is in excel format and can be accessed using Microsoft Office Excel. Every page in the ASPBI questionnaire has a corresponding worksheet in the e-questionnaire. The file has also a macro-program that enables the user to create an encrypted text file of the supplied data. The encrypted file is then emailed to NSO (ITSD-Receipt and Control Unit) for submission by respondents, thus facilitating data collection.

Data Items

Below is the list of data items found in the ASPBI questionnaires.

TABLE 10 List of Data Items

Item No.	Description
(Cover Page)	Name and Address of the Establishment and Its Reporting Unit
	Control Panel for Establishment Characteristics (For NSO Use Only)
1	Economic Activity or Business in 2008
2	Year Started Operation

Reference Period

All information collected in the 2008 ASPBI refers to calendar year 2008 except for employment data, which is as of November 15, 2008.

SURVEY OPERATIONS

Preparatory Activities

NSO officials, subject matter statisticians and selected IRD staff undertook the planning activities for the 2008 ASPBI with the participation of the Steering Committee. Technical Committee and Working Groups (WGs) were formed under Designation Order No. 2008-176 dated July 1, 2008. The activities include the following: frame preparation, questionnaire design and content, clearance process, manual preparation, processing plan, publicity and training plans, budgeting, frame updating, sample design and selection, preparation of edit specifications, preparation of tabulation formats and table specifications, computer system design and program development, publicity campaign, addressing of questionnaires, printing of survey forms and manuals, preparation for shipment of survey materials and other related activities, recruitment of statistical researchers, etc

A write-shop on the preparation of the 2008 ASPBI and SICT Field and Operations Manual was undertaken in January 2009.

Publicity

Publicity campaign was done to inform and educate the general public of the basic information and importance of the 2008 ASPBI and its rider surveys. It aimed to solicit support from government and non-government agencies, business organizations and target respondents in the early submission of reports.

Display of 2008 ASPBI streamers and posters were done in the central office and in the field offices.

Training

Training for field operations and processing for the 2008 ASPBI conducted on February to March of 2009, was done in three levels, as follows:

- Task Force training –The first level training was conducted on February 2 to 6, 2009 in Piliia, Rizal. Field operation procedures, technical and administrative aspects of the 2008 ASPBI were discussed extensively in this training. It was participated by ITSD and selected IRD and NCR staff who then served as trainers for the 2nd and 3rd level trainings.

FIGURE 3 Task Force Training at Villa Lorenza

- Second level training – The second level training was conducted on March 10 to 13, 2009 in all regional offices, except NCR with Task Force participants as trainers. Regional Directors, Provincial Statistics Officers, OICs, Regional Statisticians and Regional Statistical Staff (with at least SG 11) responsible for establishment surveys and Provincial Statisticians or Provincial Statistical Staff (with at least SG 13) participated in this training.

FIGURE 4 Second Level Training

- Third level training – This training was conducted in all provinces and the six districts of NCR on March 23 -27, 2009 with participants in the second level training serving as trainers. One ITSD staff who attended the Task Force training was assigned to assist the 3rd level trainers in selected provinces. Participants to this training were the Provincial Statistical Staff, District Statistics Officers, Statistical Coordination Officers and hired Statistical Researchers.

FIGURE 5 Third Level Training

These field operations trainings also served as venues for the launching of the 2008 ASPBI and SICT during the period February to March 2009.

FIGURE 6 Launching Activities of ASPBI and SICT

Several workshops on machine processing were conducted in Tagaytay City on July 15-17, 2009 for the edit specification; and in Subic on August 5-7, 2009 for the table specification and format.

FIGURE 7 Workshops for Edit and Table Specifications – Tagaytay City and Subic

Field Operations

Distribution of Questionnaires

Distribution of questionnaires was done by about 492 provincial staff (239 regular field staff and 253 hired statistical researchers) through personal delivery of questionnaires to sample establishments in April 2009.

Collection of Questionnaires

Respondents were given 30 days within which to accomplish the questionnaires. Generally, timetable for collection was programmed from May to June 2009. For regions with large workload such as NCR and Region IV-A, timetable for collection was until September 2009. Actual collection of accomplished questionnaires was extended to December 2009 to allow more time for collection of establishments that were considered as industry leaders.

Supervision and Spotchecking

The ITSD/FOs conducted close supervision of collection and field editing of all collected questionnaires to ensure their accuracy and completeness. Spot-checking was also conducted based on the quality of the report and status of receipt of sample establishments.

Receipt and Control

A Monitoring and Tracking System (MTS) was developed by IRD and adopted by field offices to keep track the distribution, collection and transmittal of questionnaires and MTS data files. At the same time, a control list of sample establishments was made available where information on the status of the questionnaire was recorded. The MTS facilitated preparation and early submission of progress reports to ITSD since field offices can submit them electronically.

A central office version of the MTS was utilized by ITSD to monitor the distribution, collection and submission of questionnaires and MTS data files from the provincial offices to the Central Office. Consolidated progress reports and status reports were prepared regularly to inform the management and field offices on the progress of the survey operations.

Data Processing

Processing or editing of survey accomplished questionnaires was done to check for the completeness, consistency, and reasonableness of data. It consisted of two stages: manual editing and machine processing.

Manual Processing

Manual editing of data was done in three levels, as follows:

- Field editing of data was done by the field men, hired SRs and Provincial Staff upon collection of the accomplished questionnaires from the establishments. The objective is to check for completeness of entries in the questionnaires, following the instructions provided in the Field Operations and Processing Manual. Any missing data was corrected at this stage as this can be immediately verified from the respondents.
- Verification was done by Provincial Staff upon receipt of the accomplished questionnaires from the field men and hired SRs to check on the completeness as well as for the consistencies of entries in the questionnaire. In some instances, the staff contacted directly the establishments through phone call or sent email inquiries to verify some inconsistent or missing data.

- Review of accomplished questionnaires was done by the ITSD staff to check the consistency and reasonableness of entries. In addition, the review process validated the status of establishments that were non-responding and reported closed, cannot be located, transferred, and out of scope. Telephone inquiry was extensively utilized to verify information from the establishment's contact person. The Internet was also used to obtain information on the contact address and to research for information on the status of the establishment.

Machine processing

A microcomputer-based machine processing and tabulation system for the 2008 ASPBI was developed by the staff of the IRD using CSPro software. CSPro is a software package developed by the International Processing Center (IPC) of the United States Bureau of Census. It has several modules specifically designed for processing census and survey data.

Data entry was done by IRD-FOMS staff while verification of completeness check and ID validation, generation of summary file report, preliminary and final tabulation were done by SMD-ITSD statisticians.

Imputation Procedure

Data of non-responding establishments were imputed manually and electronically based on the established imputation methods. Sources of information were from previous reports of the same establishment, or from report of other responding establishment with similar characteristics, financial statements filed at Securities and Exchange Commission and other establishment-based surveys such as MISSI and QSPBI.

Data of closed, duplicate and out of scope establishments in the certainty stratum were not imputed.

Tabulation

The statistical tables are presented and classified according to employment size, that is, establishments with TE of 20 and over and with TE of less than 20. In all the major sectors, statistical tables are presented at the national and regional levels for establishments with TE of 20 and over and national level for establishments with TE of less than 20. The statistical tables were further disaggregated by industry sub-class.

Statistical Disclosure Control

Section 4 of Commonwealth Act 591 requires that the data of individual business firms be kept confidential. Guidelines are formulated by NSO statisticians in the statistical disclosure control of data pertaining to a particular corporation, partnership, institution or business firm so as to safeguard its confidentiality during the publication stage.

To avoid disclosure of information of individual establishment, statistical tables shall not provide information for any industry group or class in which the number of establishments is less than three. In such case, two methods are adopted to safeguard the confidentiality of data. These are through combination and/or suppression of confidential cell.

- Combination involves the grouping of a confidential cell in a statistical table with another cell of the same group (3-digit PSIC), class (4-digit PSIC), or sub-class (5-digit PSIC) and the information is disseminated for the aggregate and not for the individual cell. Grouping of data shall be done for similar industries. The bracket (}) shall be used to identify the cell combined.
- Suppression means the disclosure control of confidential data in a cell. The values in the confidential primary cells (primary suppression) are not published while publishing the original values of the other cell with establishments' count of more than three. If necessary, other cells must also be suppressed to guarantee the protection of the values under the primary cells, leading to the secondary suppression. The symbol "s" shall be used to the suppressed cells.

Dissemination

Preliminary results of the 2008 ASPBI by sector became available starting April 2010, in compliance with Executive Order No. 352 and barely 4 months after the field operation. These results were presented by Administrator Carmelita N. Ericta in the National Data Dissemination Seminar held on May 28, 2010 at the Hotel Intercontinental in Makati City. The presentation was focused on the comparative results of the 2006 CPBI and 2008 ASPBI of the 14 industry major divisions namely: Agriculture, Hunting and Forestry (A); Fishing (B); Mining and Quarrying (C); Manufacturing (D); Electricity, Gas and Water (E); Construction (F); Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles, and Personal and Household Goods (G); Hotels and Restaurants (H); Transport, Storage and Communications (I); Financial Intermediation (J); Real Estate, Renting and Business Activities (K); Education (M); Health and Social Work (N) and Other Community, Social and Personal Service Activities (O). Selected statistics, selected indicators, labor productivity indicators, profitability indicators and summary of findings were among the results presented.

Fact sheets by sector were also completed in time for the recently held seminar. These were also posted at the NSO website.

The table below shows a series of 2008 ASPBI/SICT Data Dissemination Seminars conducted in different regions/provinces.

**TABLE 11 Schedule of Regional/Provincial 2008 ASPBI/SICT
Data Dissemination Seminars**

Region/ Province	Date	Time	Venue	Central Office Resource Person
CAR	16-Aug-2010	9:00 AM	Pines View Hotel, Baguio City	Ms. Jean C. Floirendo, Statistician III, NSO Manila
I – Ilocos Region	30-Jul-2010	9:00 AM	ORT Community Multi-Purpose Cooperative, San Fernando City	DA Paula Monina G. Collado

ARMM	9-Aug-2010	1:00 PM	Estosan Garden Hotel, Cotabato City	Mr. Apolinar F. Oblea, Statistician IV, NSO Manila

Final census results will be printed in 15 volumes as shown in Table 12. The printing shall commence in December 2010. About 300 copies shall be printed for each of the volume and 500 copies for the Manufacturing and Wholesale and Retail Trade.

TABLE 12 Publication Volumes by Major Division

Volume Number	Major Division
I	Agriculture, Hunting and Forestry
II	Fishing
III	Mining and Quarrying
IV	Manufacturing
V	Electricity, Gas and Water Supply
VI	Construction
VII	Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles and Personal and Household Goods
VIII	Hotels and Restaurants
IX	Transport, Storage and Communications
X	Financial Intermediation
XI	Real Estate, Renting and Other Business Activities
XII	Private Education
XIII	Health and Social Work
XIV	Other Community, Social and Personal Service Activities
XV	Economy-Wide Results

RESPONSE RATE

Total response rate obtained at the national level was high. This was achieved through intensified implementation of the Census Compliance Project. The objective of the project was to improve response rate, timeliness of submission of accomplished questionnaires and increased accuracy of information provided by sample units. Task Force members to the compliance, in place as of 2009, were prosecutors from 14 provinces and cities in the country. They acted as Census Compliance Officers in the enforcement of CA591.

Table 13 shows the response rate by major division and by employment size.

TABLE 13 Response Rates by Major Division and by Employment Size

Major Division	Description	Response Rate		
		Total	Less than 20	20 and over
Philippines		97.88	97.46	98.02
A	Agriculture, Forestry and Hunting	96.79	97.41	96.29
B	Fishing	97.09	97.29	96.69
C	Mining and Quarrying	97.44	96.55	98.31
D	Manufacturing	97.15	97.34	97.09
E	Electricity, Gas and Water	98.51	98.98	98.00

N	Health and Social Work	98.36	96.13	99.30
O	Other Community, Social and Personal Service Activities	97.52	97.33	97.74

CONCEPTS AND DEFINITIONS

Book value is the initial value or acquisition cost of tangible fixed assets less accumulated depreciation.

Capacity Utilization is the ratio of total output to the maximum rated capacity.

Rated capacity refers to the largest volume of output possible at which the establishment can operate with an acceptable degree of efficiency taking into consideration unavoidable losses of productive time (i.e. vacation, holiday and repair of equipment) and availability of raw materials.

Capital expenditures for tangible fixed assets include cost of acquisition of new and used fixed assets; fixed assets produced by the establishment for its own use; major alterations, additions and improvements to fixed assets, whether done by others or on own account. Fixed assets received from other establishments belonging to the same enterprise are valued as though purchased.

Cost refers to all expenses incurred during the year whether paid or payable. Valuation is at purchaser prices including taxes and other charges, net of rebates, returns and allowances. Goods and services received by the establishment from other establishments of the same enterprise are valued as though purchased.

Cost of goods sold represents the total value of goods purchased for resale plus beginning inventory of goods for resale less ending inventory of goods for resale.

Depreciation is the total amount set aside for the year to cover the decreases in value of fixed assets owned by the establishment because of foreseen obsolescence, wear and tear as a result of operation and normal amount of accidental damage.

Economic activity is the establishment's source of income. If the establishment is engaged in several activities, its main economic activity is that which earns the biggest income or revenue.

Employer's contribution to SSS or GSIS and the like refers to payments made by the establishment on behalf of the employees. Examples are SSS, GSIS, Employees Compensation Commission (ECC), Philhealth and PAG-IBIG.

Fixed assets are physical assets expected to have productive lives of more than one year and intended for use and/or being used by the establishment. Included are land, buildings, other structures and land improvements, transport equipments, machinery and other equipments, furniture, fixtures, and other fixed assets.

Fixed assets produced on own account refer to the physical assets produced by the establishment for its own use. It is valued at the cost of all work put in place, including overhead.

Gross addition to tangible fixed assets is equal to capital expenditures less sale of fixed assets, including land.

Indirect taxes refer to all taxes, other than income tax, incidental to the production or sale of goods and services that are chargeable as expenses including business license, BIR stamps, real estate tax and other local taxes.

Intermediate cost refers to expenses incurred in the production of goods and industrial services such as materials and supplies purchased, fuels, oils and greases purchased, electricity purchased and industrial services done by others plus beginning inventory of materials, supplies and fuels less ending inventory of materials, supplies and fuels.

Inventories refer to the stock of goods owned by and under the control of the establishment as of a fixed date, regardless of where the stocks are located. Valuation should be at current replacement cost in purchaser (market) prices. Replacement cost is the cost of an item in terms of its present price rather than its original cost.

Change in total inventories is computed as the total value of ending inventory less the total beginning inventory.

New fixed assets refer to brand new fixed assets acquired during the year, including directly or newly imported fixed assets.

Number of hours actually worked by production workers refers to the number of hours actually spent by production workers at work, including waiting time and overtime. It excludes time spent for paid vacation leave.

Revenue includes cash received and receivables for goods/products and by-products sold and services rendered. Valuation is at producer prices (ex-establishment), net of discounts, and allowances, including duties and taxes but excluding subsidies.

Salaries and wages are payments in cash or in kind to all employees, prior to deductions for employee's contributions to SSS/GSIS, withholding tax, etc. Included are total basic pay, overtime pay and other benefits.

Other benefits include bonuses, cost of living allowances, commutable transportation and representation allowances, food, housing, commissions, paid to salaried employees, separation, retirement, terminal pay, gratuities, etc. Excluded are cost of uniform/working clothes and reimbursable transportation and representation allowances.

Overtime pay is payment given for extra hours worked.

Subsidies are all special grants in the form of financial assistance or tax exemption or tax privilege given by the government to aid and develop an industry.

Total employment is the number of persons who worked in for the establishment as of November 15, 2008. The concept of employment as of the payroll November 15 was adopted for the first time in the 2002 ASPBI (reference year 2001).

Paid employees are all persons working in the establishment and receiving pay, as well as those working away from the establishment paid by and under the control of the establishment. Included are all employees on sick leave, paid vacation or holiday. Excluded are consultants, home workers, receiving pure commissions only, and workers on indefinite leave.

Unpaid workers are persons working for at least one third of the working time normal to the establishment and do not receive regular pay.

Working owners are owners who are actively engaged in the management but do not receive regular pay, i.e. not included in the payrolls. Managers and directors of corporations working for pay are reported as managers.

Used fixed assets refer to those that have been used previously within the country.

Valued added is gross output *less* intermediate input. Gross output for the Electricity, Gas and Water Supply sector is value of output *plus* non-industrial services done by others. Intermediate input is intermediate cost *plus* non-industrial services done by others, research and experimental development expense, environmental protection expense, royalty fee, franchise fee and other cost.

Value of output represents the sum of revenue from main activity, receipts from industrial services done for others, receipts from goods sold in the same condition as purchased *less* cost of goods sold and fixed assets produced on own account.

TABLE 14 Kinds of Establishments

Kinds of Establishments	Description
Agriculture Establishment	Farms, plantation, hacienda, ranch, or company engaged in the production of agricultural crops, livestock, poultry and other animals including animal products; firm providing agricultural, animal husbandry and horticultural services.
Forestry Establishment	Company engaged in logging operations; planting, replanting and conservation of forest; hunting, trapping and game propagation.
Fishing Establishment	Firm or company engaged in ocean, coastal and inland fishing; fish farms, fishponds, fish pen; pearl farms and other fishing activities.
Mining Establishment	Mining camp engaged in the exploration, extraction, dressing and beneficiating of minerals such as coal and ores, crude petroleum and natural gas.
Quarrying Establishments	Firm or company engaged in the extraction from the earth of building and monumental stone, clay, sand and gravel; guano gathering and salt evaporation.
Manufacturing Establishment	Shop, factory, bakery, millwork, distillery, refinery, cannery, abattoir, brewery, foundry, tannery or plant engaged in manufacturing processing, fabricating of finishing products, mechanically or manually, including the assembly of the component parts of manufactured products and the substantial alteration, reconstruction and repair of special types of goods.
Electricity Establishment	Plant engaged in the generation, transmission, and/or distribution of electric energy for sale to users, or one, which produces electricity for its parent enterprise.
Gas Establishment	Plant engaged in the manufacture of gas, in gas works and the distribution of manufactured or natural gas through a system of mains to users.
Water Supply Establishment	Water system/waterworks engaged in the collection, purification and distribution of water to users.
Construction Establishment	General contractor engaged in the construction, repair or demolition of buildings, highways, airports and other structures; land leveling; earth moving and land reclamation; specialty contractor engaged in specialized trade or craft like electrical installation, plumbing, painting, air conditioning, well drilling, installation of doors and windows and other work on component parts of the structure.

Continued

TABLE 14 --- Continued

Kinds of Establishments	Description
Wholesale Trade and Commission Trade Establishment	Store, shop, office, bazaar, arcade or emporium engaged in the (a) resale (sale without transformation) of new and used goods (in bulk) to retailers, industrial/commercial/institutional/professional users, or to other wholesalers and (b) trading on behalf and on the account of others
Retail Trade Establishment	Department store, hypermart, convenience store, variety store, shop, mart, bazaar, sari-sari store, pharmacy, supermarket, grocery, arcade or emporium engaged in the resale (sale without transformation) of new and used goods to the general public.
Repair Service Establishment	Shop specializing in the repair of consumer goods like footwear, luggage, handbags and gloves and other leather goods; electrical appliances, and equipment as television and radio receivers, refrigerators, washing machines, ironers, vacuum cleaners, toasters, motor vehicles including motorcycles; watch, clock and jewelry; bicycles; typewriters, cameras, binoculars, musical instruments, umbrellas, etc.
Food and Drinks Service Establishment	Restaurant, bar, lounge, salon, parlor, kiosk, club, counter, café, canteen engaged in the sale of prepared food and drinks generally for consumption within the premises.
Lodging and Rooming Service Establishment	Hotel, motel, resort, inn, lodge, camp, dormitory or lodging house engaged in the provision of lodging facilities, to the general public on lease, rental or fee basis.
Transport Establishment	Bus line, air line, shipping line, agency, broker or transport operator engaged in providing (a) vehicles for the transport to passenger or freight through regular scheduled operation, charter, rental or fee basis, and (b) services incidental to transport such as maintenance and operation of piers, terminals, depots; pilotage, forwarding packing and crating.
Storage and Warehousing Establishment	Brokerage, agency or office engaged in the operation of storage facilities and warehouse for hire by the general public for storage of such items as farm products, food, furniture and other household goods, textiles and lumber;
Telecommunication Establishment	Station, office or agency engaged in the transmission of sound, images, data or other information via cables, broadcasting, relay, or satellite.
Financial Establishment	Bank, savings and loan association, credit institution, pawnshop, financial institution, trust company, investment company, pawn broker, or institution engaged in accepting of deposits, granting loans and the investment of money; dealer, broker or office engaged in investment research and counseling, check cashing, stock quotation, foreign exchange dealing and other financial services.

Continued

TABLE 14 --- Concluded

Kinds of Establishments	Description
Real Estate Establishment	Realtor, developer, agency, broker, lessor or companies engaged in the operating, developing, subdividing, buying and selling of real estate including cemetery lots and columbarry
Business Service Establishment	Office, agency or firm engaged in (a) rental and leasing of machinery and equipment, audio-video machines, tapes and records, sports and recreational equipment; (b) computer-related activities; (c) legal, accounting, bookkeeping, research and development, advertising and other technical services; (d) cleaning of offices, shops, and factories; (e) photographic activities; (f) basic and general research in the biological, physical and social sciences; (g) transcription activities (medical, legal); and (h) call centers.
Sanitary Establishment	Company engaged in the collection and disposal of garbage, sewage and human waste.
Social Service Establishment	School, college, university or seminary offering educational services; a clinic, hospital, sanitarium, nursing home or a similar institution offering medical, dental and other health and veterinary services; a home orphanage, society, center or agency engaged in providing social welfare services.
Recreational and Cultural Service Establishment	Motion picture producer, booking agency, movie house, theater, radio and television station and studio, stage and opera company, band, orchestra, ticket agency, library, museum, dance hall, bowling alley, park, beach, swimming pool, sports club, gallery, skating rink race track or golf course engaged in providing entertainment, amusement and recreational services.
Personal Service Establishment	A laundry shop, barber shop, massage clinic, beauty parlor, funeral parlor, fortune telling shop and such engaged in rendering various specialized service to the general public.

ELECTRICITY, GAS AND WATER SUPPLY SECTOR

Electricity, gas and water supply sector engages in the generation, transmission and distribution of electric energy for sale to households, industrial and commercial users; gas manufacture and distribution through a system of mains to households, industrial and commercial users; and the collection, purification and distribution of water through a system of pipes to households, industrial and commercial users.

There are four (4) industry groups comprising the Electricity, Gas and Water sector namely:

1. **Generation, collection and distribution of electricity**
2. **Manufacture of gas; distribution of gaseous fuels through mains**
3. **Steam and hot water supply** – includes the production, collection and distribution of steam and hot water for heating, power and other purposes; and operation of geothermal and nuclear power plant
4. **Collection, purification and distribution of water** – includes the collection, purification and distribution of water through system of mains.

BRIEF ANALYSIS

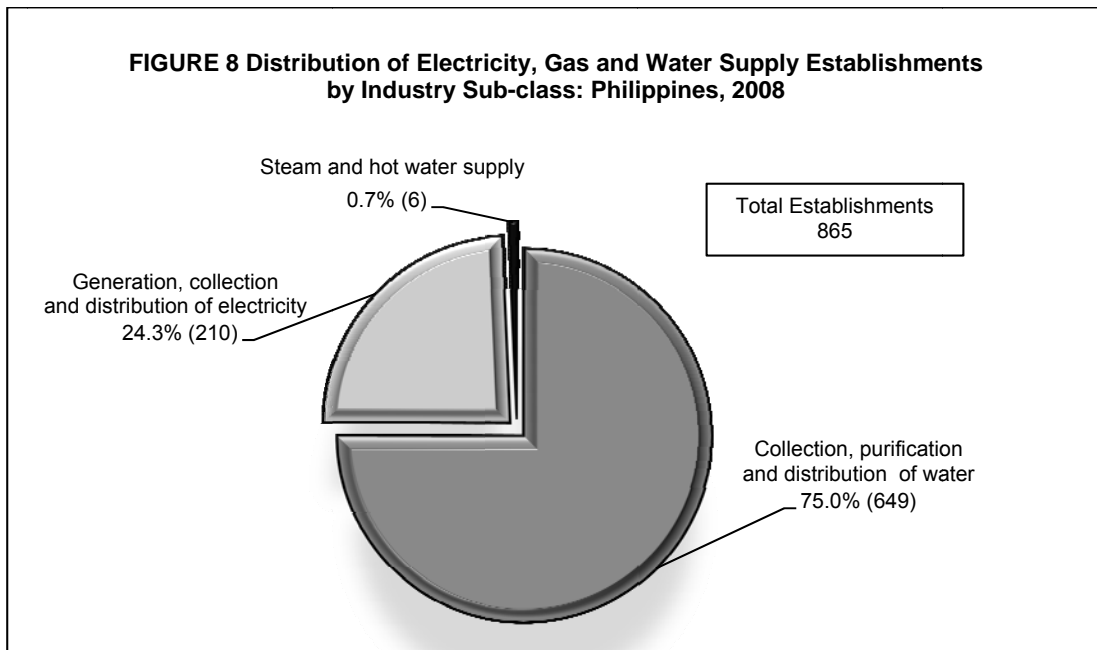

Starting with the 2008 ASPBI, only those establishments with economic organization (EO) classified as single establishment (EO=1), establishment and main office (EO=3) and main office (EO=4) for Government-Owned and Controlled Corporations or GOCCs were covered in the survey. Branches of GOCCs were excluded in the coverage, thereby reducing the total number of establishments' count in 2008. Meanwhile, other data items such as employment, revenue, cost, etc., of GOCCs' branches are still collected and are taken from the main office report.

Because of the limitation, data users should take extra precaution in comparing the result of this survey with previous censuses and surveys where a branch was counted as one establishment.

Number of Establishments

The 2008 ASPBI covered a total of 865 electricity, gas and water supply establishments in business operation all over the country. More than half of these (50.4% or 436 establishments) were establishments with total employment of 20 and over and the remaining 49.6 percent (429 establishments) were establishments with total employment of less than 20.

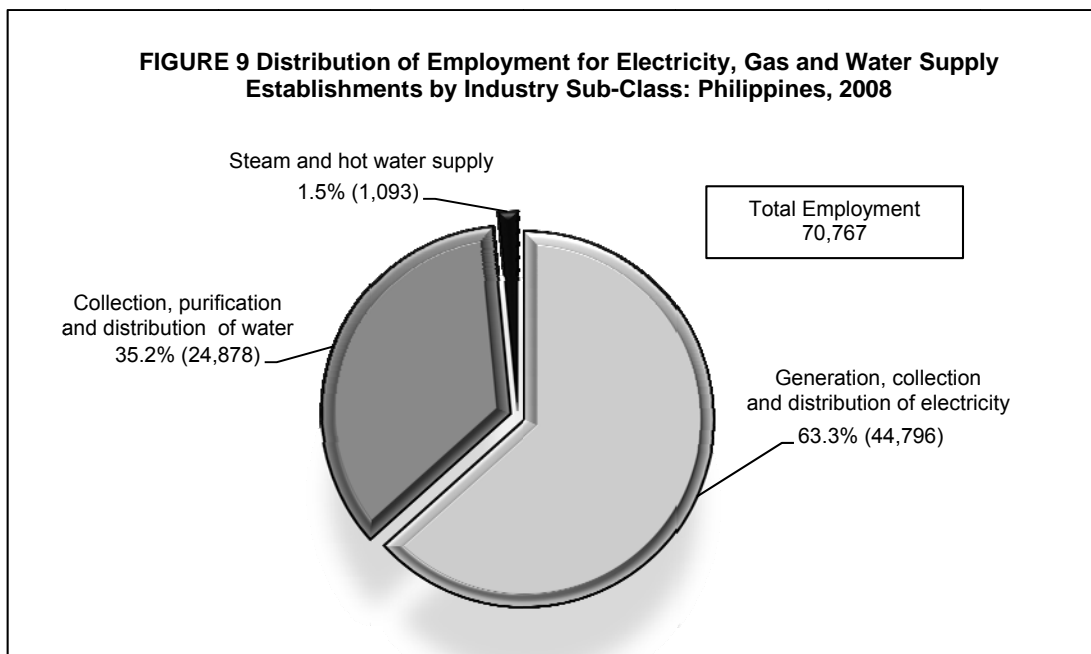

Among industries, collection, purification and distribution of water accounted for the most number of establishments at 649 or 75.0 percent of the total. This was distantly followed by generation, collection and distribution of electricity having 210 establishments (24.3%). On the other hand, steam and hot water supply recorded the least number with only 6 establishments or 0.7 percent of the total. Figure 8 shows the distribution of electricity, gas and water supply establishments by industry sub-class in 2008.

Employment

In 2008, total employment generated by the electricity, gas and water supply sector was estimated at 70,767. Of this, establishments with total employment of 20 and over employed the bulk of workers reaching 66,850 or 94.5 percent whereas establishments with total employment of less than 20 hired only 3,917 or 5.5 percent of the total.

At the industry level, generation, collection and distribution of electricity hired a total of 44,796 employees or 63.3 percent of the total employment. This was followed by collection, purification and distribution of water with 24,878 or 35.2 percent of the total. Steam and hot water supply hired only 1,093 employees or 1.5 percent. Figure 9 illustrates the distribution of employment for electricity, gas and water supply establishments by industry sub-class in 2008.

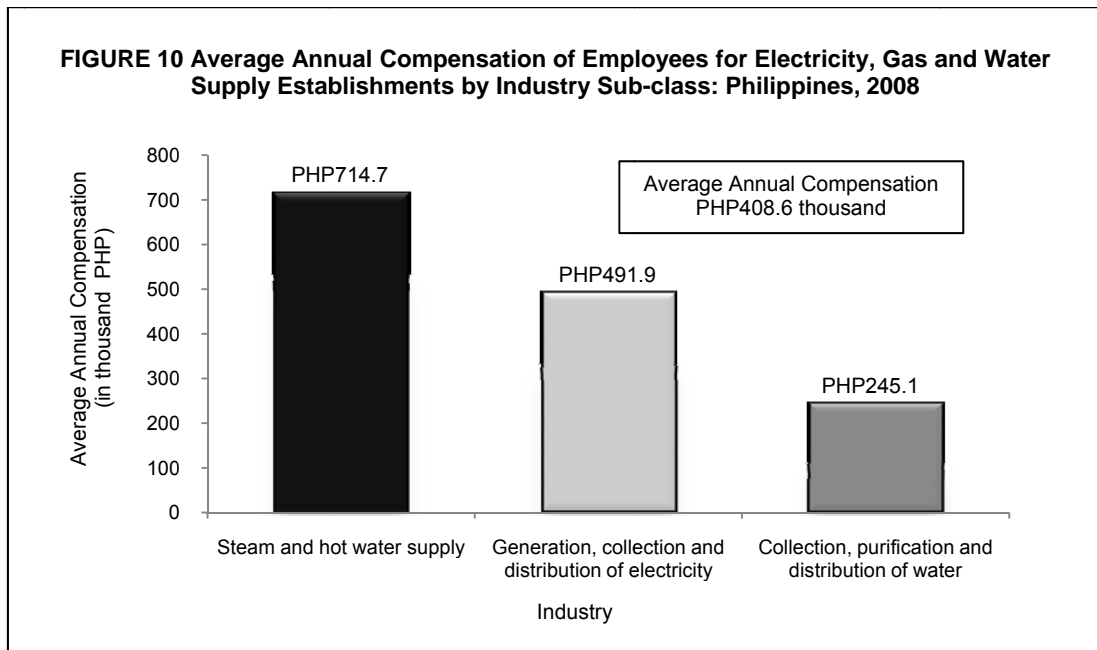

Compensation

An aggregate amount of PHP28.9 billion was paid by electricity, gas and water supply establishments for the compensation of its employees, indicating an average annual pay of PHP408.6 thousand per employee. Gross salaries and wages amounting to PHP27.6 billion accounted for 95.4 percent of the total compensation while the remaining 4.6 percent were paid for employer's contribution to SSS/GSIS, PAG-BIG and the like.

Establishments with total employment of 20 and over paid a total of PHP28.3 billion, indicating an average annual compensation of PHP424.0 thousand. On the other hand, establishments with total employment of less than 20 paid a total of PHP0.6 billion, translating to an average annual pay of PHP145.6 thousand.

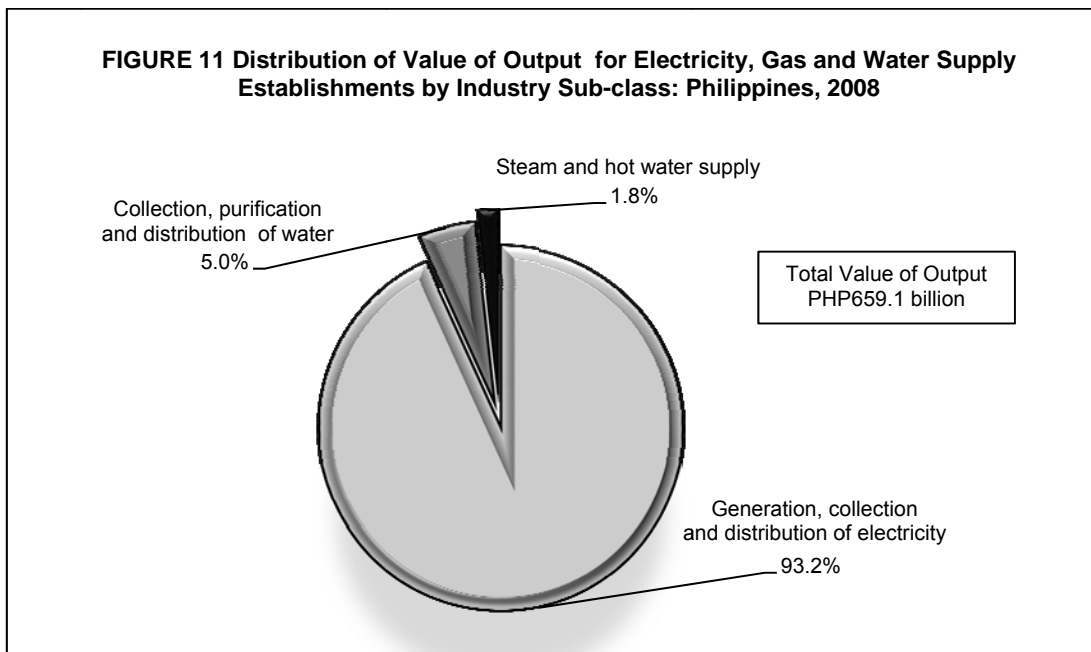

Employees in steam and hot water supply received the highest compensation with average annual pay of PHP714.7 thousand. This was followed by employees in generation, collection and distribution of electricity with average annual compensation of PHP491.9 thousand per worker. On the other hand, employees in collection, purification and distribution of water received the lowest average annual pay of PHP245.1 thousand. Figure 10 illustrates the average annual compensation of employees for electricity, gas and water supply establishments by industry sub-class in 2008.

Value of Output

In 2008, value of output produced by all electricity, gas and water supply establishments was estimated at PHP659.1 billion. Of the total output value, PHP656.3 billion (99.6%) was generated by establishments with total employment of 20 and over and the remaining PHP2.8 billion (0.4%) by establishments with total employment of less than 20.

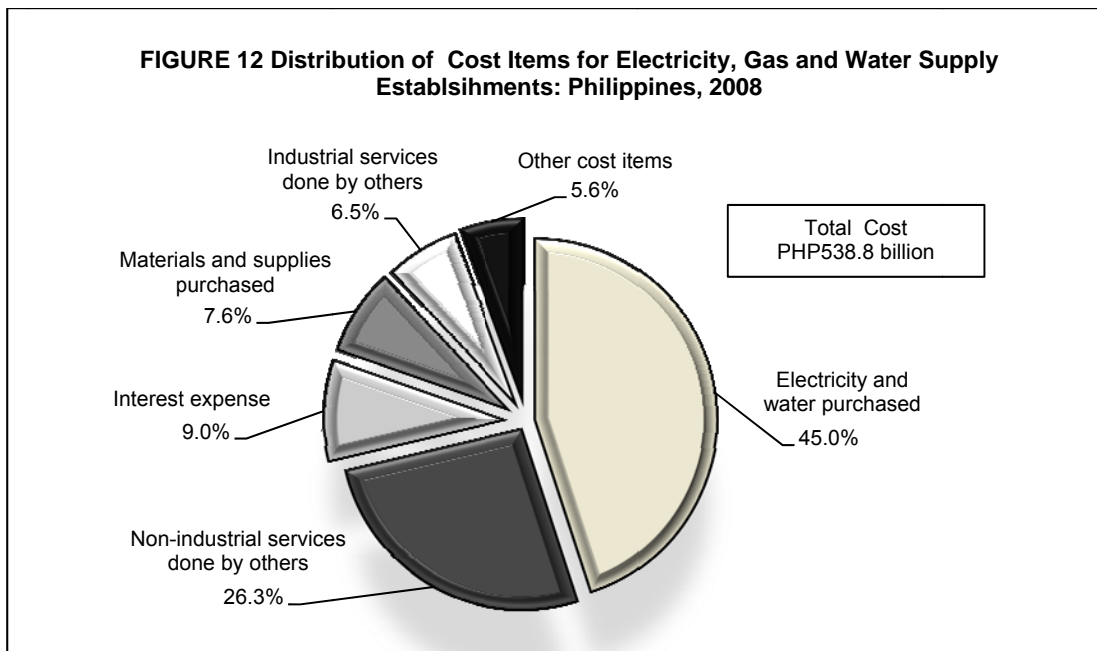

Among industry groups, generation, collection and distribution of electricity establishments were the major contributor to total value of output with PHP614.6 billion or 93.2 percent of the total. The shares to value of output of collection, purification and distribution of water, and steam and hot water supply establishments amounted to PHP32.9 billion (5.0%) and PHP11.6 billion (1.8%), respectively. Figure 11 displays the distribution of value of output for electricity, gas and water supply establishments by industry sub-class in 2008.

Cost

Total cost, excluding depreciation and bad and doubtful debts, incurred by all electricity, gas and water supply establishments was estimated at PHP538.8 billion. Establishments with total employment of 20 and over spent a total of PHP537.1 billion representing 99.7 percent of the total while only PHP1.7 billion (0.3%) was spent by establishments with total employment of less than 20.

By type of cost, the biggest cost item valued at PHP242.5 billion (45%) was spent for electricity and water purchased. This was followed far behind by expenditures on non-industrial services done by others amounting to PHP141.8 billion (26.3%). Interest expense valued at PHP48.7 billion (9.0%) came next, followed by expenditures on materials and supplies and industrial services done by others amounting to PHP41.1 billion (7.6%) and PHP34.9 billion (6.5%), respectively. The rest of the cost items with combined amount of PHP29.9 billion were spent for fuels, lubricants, oil and greases, indirect taxes, royalty fee, environmental protection expense, research and experimental development, franchise fee, goods purchased for resale and other cost. Figure 12 illustrates the distribution of cost items for electricity, gas and water supply in 2008.

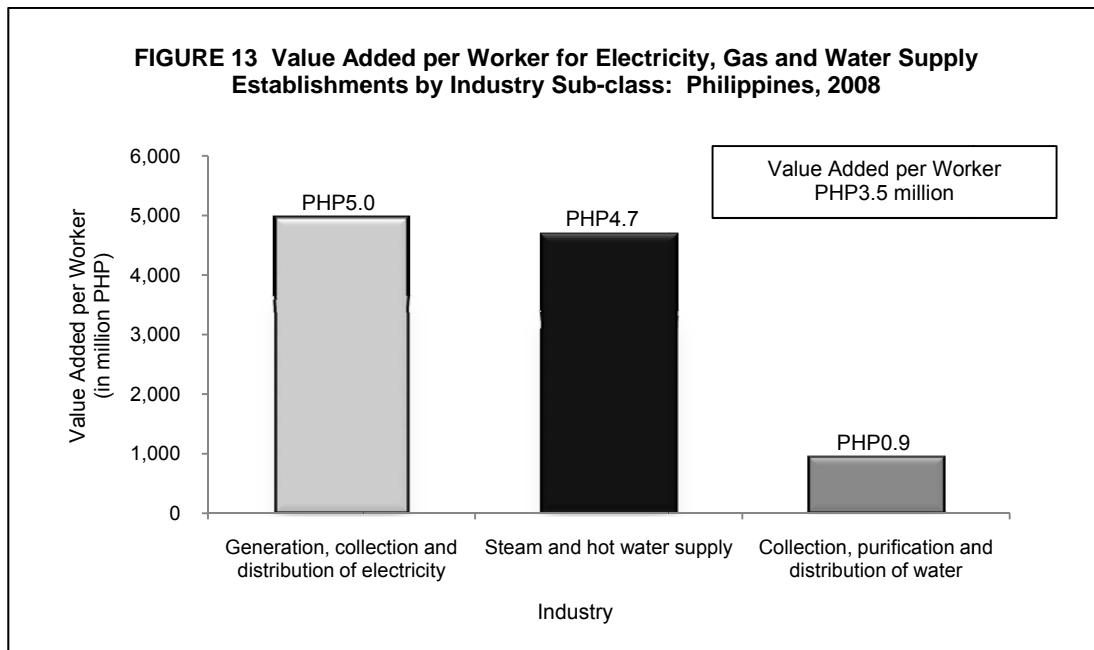

Value Added

Value added produced by all electricity, gas and water supply establishments was estimated at PHP251.0 billion. Of the total value added, 99.4 percent (PHP249.5 billion) was contributed by establishments with total employment of 20 and over while only PHP1.5 billion (0.6%) was generated by establishments with total employment of less than 20.

By industry group, generation, collection and distribution of electricity accounted for the biggest share to value added at 88.6 percent or PHP222.5 billion. Value added contribution of collection, purification and distribution of water amounted to PHP23.5 billion or 9.3 percent of the total. Steam and hot water supply had the least contribution to total value added amounting to only PHP5.1 billion (2.0%).

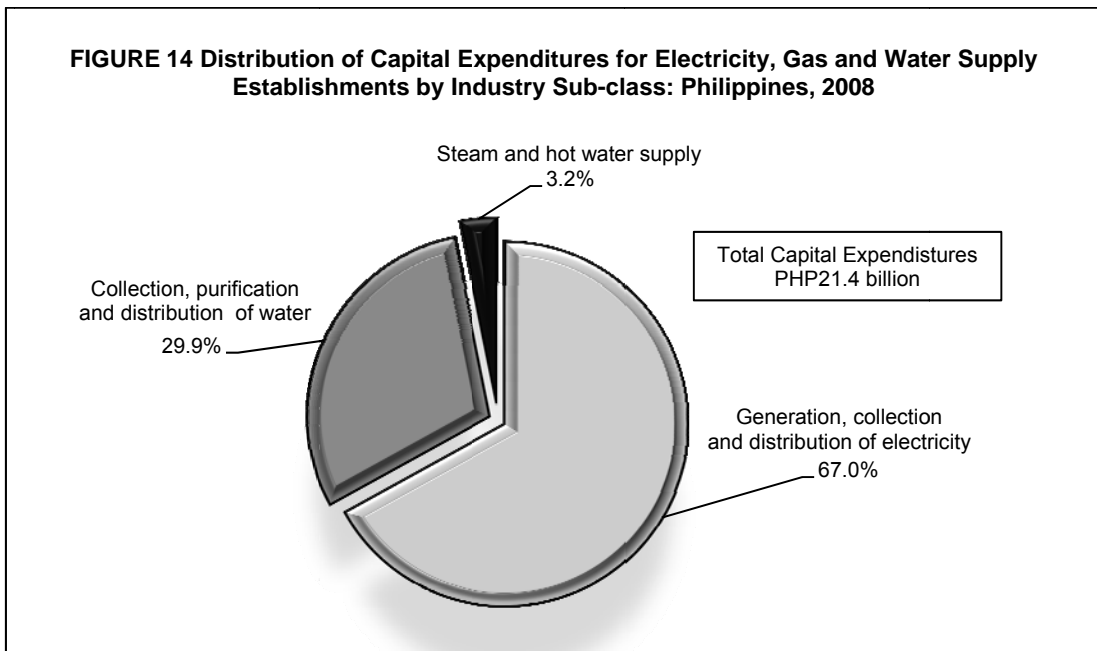

Labor productivity, defined as value added per worker, was estimated at PHP3.5 million. Among industries, generation, collection and distribution of electricity contributed the highest labor productivity reaching PHP5.0 million per worker followed by steam and hot water supply with PHP4.7 million per worker. On the other hand, collection, purification and distribution of water generated the lowest productivity of only PHP0.9 million per worker. Figure 13 shows the value added per worker for electricity, gas and water supply establishments by industry sub-class in 2008.

Capital Expenditures

Capital expenditures of all electricity, gas and water supply establishments reached PHP21.4 billion. A lion's share (99.5%) of the total capital expenditures amounting to PHP21.3 billion was spent by establishments with total employment of 20 and over while only PHP0.1 billion was spent by establishments with total employment of less than 20.

Among industries, generation, collection and distribution of electricity spent the largest amount for capital goods valued at PHP14.3 billion or 67.0 percent of total. Collection, purification and distribution of water followed far behind spending PHP6.4 billion (29.9%). On the other hand, steam and hot water supply spent the smallest amount for capital goods worth PHP0.6 billion (3.2%) of the total. Figure 14 displays the distribution of capital expenditures for electricity, gas and water supply establishments by industry sub-class in 2008.

Gross Addition to Fixed Assets

In 2008, gross addition to fixed assets incurred by all electricity gas and water supply establishments totaled to PHP21.4 billion. By employment size, gross addition to fixed assets of establishments with total employment of 20 and over amounted to PHP21.2 billion, representing 99.5 percent of the total. While only PHP0.1 billion or 0.5 percent of gross addition to fixed assets was accounted by establishments with total employment of less than 20.

Among industry groups, generation, collection and distribution of electricity registered the highest share to gross addition to fixed assets accounting for 66.9 percent of the total. This was followed by collection, purification and distribution of water with PHP6.4 billion (29.9%). Steam and hot water supply had the lowest addition to fixed assets worth PHP0.7 billion (3.2%).

Subsidies

Total subsidies provided by the government to support the business operation of the electricity, gas and water supply establishments reached PHP2.9 billion.

Among industries, generation, collection and distribution of electricity received the highest subsidy from the government in the amount of PHP2.8 billion or 95.4 percent of the total. This was followed by collection, purification and distribution of water with PHP0.1 (4.6%) in government subsidy. On the other hand, steam and hot water supply did not receive any subsidy from the government.

Establishments
for All Employment Sizes
NATIONAL TABLES

TABLE 1 Summary Statistics for Electricity, Gas and Water Supply Establishments for All Employment Sizes by Industry Sub-Class: Philippines, 2008

(Value in thousand pesos. Details may not add-up to total due to rounding and/or statistical disclosure control)

1994 PSIC Code	Industry Description	Number of Establishments	Employment as of November 15		Total Compensation	Total Revenue	Total Cost
			Total	Paid Employees			
			(1)	(2)			
E	Electricity, Gas and Water Supply	865	70,767	70,767	28,912,439	775,067,834	583,429,285
E40100	Generation, collection and distribution of electricity	210	44,796	44,796	22,033,500	727,181,914	557,223,156
E40300	Steam and hot water supply	6	1,093	1,093	781,165	12,935,278	8,043,889
E41000	Collection, purification and distribution of water	649	24,878	24,878	6,097,774	34,950,643	18,162,240

1994 PSIC Code	Industry Description	Value of Output	Intermediate Cost	Value Added	Gross Addition to Fixed Assets	Change in Inventories	Subsidies
		(7)	(8)	(9)	(10)	(11)	(12)

2008 ANNUAL SURVEY OF PHILIPPINE BUSINESS AND INDUSTRY

MINING AND QUARRYING
MANUFACTURING
ELECTRICITY, GAS AND WATER SUPPLY
January - December 2008

Please enter your TIN here

OBJECTIVE

The **2008 Annual Survey of Philippine Business and Industry (ASPBI)** will provide key measures on the performance, structure and trends of businesses and industries that will be used for planning and policy formulation by the government and private sectors.

AUTHORITY

The information sought is collected under the authority of **COMMONWEALTH ACT 591**. The Act authorizes the **National Statistics Office** to collect information from businesses and industries. Any person who fails or refuses to accomplish this questionnaire shall, upon conviction, be punished as provided for in **Section 3** of this same **Act**.

CONFIDENTIALITY

Section 4 of **CA 591** provides that all information furnished this Office will be kept strictly **CONFIDENTIAL** and shall not be used for purposes of taxation, investigation or regulation.

REFERENCE PERIOD

Report should refer to the period from **January 1** to **December 31, 2008**.

DUE DATE

Duly accomplished form should be submitted to NSO or to the authorized representative **ON** or **BEFORE** _____

INQUIRIES

For inquiries please contact:

CARMELITA N. ERICTA
Administrator

Tel. No. _____

E-mail Address _____

or E-mail: E.deGuzman@census.gov.ph

Appendix 1

Please read this first

Inclusion: *Include only the Philippine-based activities, including imports and exports, of the establishment referred to in the addressed label on the cover page.*

Estimates: *If exact figures are not available in your records, please provide your best estimates. If an exact or detailed item is not applicable, indicate N. A.*

Explanatory Notes and Definitions: *Explanatory notes and definitions are provided in the specific items. Please refer to the relevant **Include** and **Exclude** portions and other notes when providing responses for each item.*

GENERAL INFORMATION ABOUT THE ESTABLISHMENT

1. Economic Activity or Business in 2008
Describe in detail the main and other activities of this establishment.

A. Main Activity (Refers to the activity that contributes the biggest or major portion of the gross income or revenue of this establishment)

ISIC Code				

B. Major products/goods produced or sold and/or type of service rendered *(Specify)*

C. Secondary/Other Activities

2. Year Started Operation
 On the space provided, indicate the year when this establishment started operation: _____

3. Legal Organization in 2008
Mark (X) the box corresponding to the best description of the establishment.

1 Single Proprietorship 3 Government Corporation 5 Cooperative

2 Partnership 4 Private Corporation 6 Others (foundation, NGOs, association, etc.)

4. Economic Organization in 2008
Mark (X) the box corresponding to the best description of the establishment.

1 Single Establishment

2 Branch only
 ⇒ Provide details of Main Office below

3 Establishment and main office
(both located in the same address and with branches elsewhere)

4 Main Office only

5 Ancillary unit other than Main Office
 ⇒ Provide details of Main Office below

Single Establishment is an establishment which has neither branch nor main office.

Branch is an establishment which has a separate main office located elsewhere.

Main office is the unit which controls, supervises and directs one or more establishments of an enterprise.

Ancillary unit is the unit that operates primarily or exclusively for a related establishment or group of related establishments and provides goods or services that support but do not become part of the output of those establishments.

A. Name of Main Office _____

B. Address of Main Office _____

C. Contact Person in Main Office

(1) Name _____ (4) Fax No. _____

(2) Title/Designation _____ (5) E-mail _____

(3) Tel. No. _____

5. Capital Participation as of 31 December 2008
Mark (X) all applicable boxes of the nationality of the stockholders of this establishment and indicate the corresponding percent share.

1 <input type="checkbox"/> Filipino _____%	6 <input type="checkbox"/> Japanese _____%
2 <input type="checkbox"/> American _____%	7 <input type="checkbox"/> Korean _____%
3 <input type="checkbox"/> British _____%	8 <input type="checkbox"/> Singaporean _____%
4 <input type="checkbox"/> Chinese _____%	9 <input type="checkbox"/> Taiwanese _____%
5 <input type="checkbox"/> German _____%	10 <input type="checkbox"/> Others, Specify: _____%

Continued on Page 3

EMPLOYMENT

6. Number of Paid Employees Who Worked for this Establishment as of 15 November 2008**INCLUDE:**

- Full-time/part-time employees working in or for the establishment and receiving regular pay
- Employees working away from this establishment paid by and under the control of this establishment
- Employees on sick or maternity leave
- Employees on paid vacation or holiday
- Employees on strike
- Directors of corporations working for pay
- Executives/managers and other officers of the same category
- Working owners receiving regular pay
- Apprentices and learners receiving regular pay
- Any other employee receiving regular pay not reported above

EXCLUDE:

- Directors paid solely for their attendance at meetings of Board of Directors
- Consultants
- Workers on indefinite leave
- Working owners/members of cooperatives who do not receive regular pay
- Homeworkers
- Workers receiving commissions only

PAID EMPLOYEES BY SEX	LN NO	NUMBER
a. Male	01	
b. Female	02	
c. Total (sum of a and b)	03	

7. Number of Unpaid Workers Who Worked for this Establishment as of 15 November 2008**INCLUDE:**

- Working owners who do not receive regular pay
- Apprentices and learners without regular pay
- Persons working for at least 1/3 of the time normal to the establishment without regular pay

EXCLUDE:

- Silent or inactive business partners

UNPAID WORKERS BY SEX	LN NO	NUMBER
a. Male	01	
b. Female	02	
c. Total (sum of a and b)	03	

8. Total Employment of this Establishment as of 15 November 2008

TOTAL EMPLOYMENT BY SEX	LN NO	NUMBER
a. Male (sum of 6a and 7a)	01	
b. Female (sum of 6b and 7b)	02	
c. Total (sum of 8a and 8b)	03	

Continued on Page 4

Appendix 1

⇒ Page 4	PLEASE ENTER ON THE APPROPRIATE SPACE OR BOX THE DATA REQUESTED.	
PRODUCTION WORKERS AND HOURS WORKED		
9. Number of Production Workers as of 15 November 2008 <i>(for Mining and Quarrying; Manufacturing; Electricity, Gas and Water Supply Establishments only)</i>		
INCLUDE: <ul style="list-style-type: none"> • Working foremen • Workers directly engaged in the production process 	EXCLUDE: <ul style="list-style-type: none"> • Apprentices and other learners receiving regular pay/not directly engaged in production process • Managers, executives, administrative and technical personnel above foremen level • Accounting and personnel staff • Unpaid production workers

CAPITAL EXPENDITURES FOR TANGIBLE FIXED ASSETS

16. Capital Expenditures and Sale of Tangible Fixed Assets, including Losses and Damages in 2008

Tangible Fixed Assets refer to physical assets (tangible) acquired and for use of this establishment and expected to have a productive life of more than one year. These include land; buildings, other structures and land improvements; transport equipment; machinery and equipment; sub-soil assets; and other fixed assets.

INCLUDE:

- Tangible fixed assets received from other establishments belonging to the same enterprise as this establishment should be valued as though purchased.
- Delivery charges and installation costs, taxes and other necessary fees (import duties, registration fees, etc.)

EXCLUDE:

- Financing cost

Capital expenditures for tangible fixed assets refer to the full value of fixed assets **acquired in 2008** whether or not full payments have been made.

Sale of tangible fixed assets refers to the actual amount received/realized (**not** book value) from the sale of fixed assets during the year including the value of fixed assets transferred to other establishments of the same enterprise.

Losses and damages refer to the decrease in the book value of tangible fixed assets due to theft, major catastrophe, and other accidental destructions.

CAPITAL EXPENDITURES FOR TANGIBLE FIXED ASSETS (Cont.)

17. Capital Expenditures for All Tangible Fixed Assets by Mode of Acquisition in 2008

⇒ Report the full value of all tangible fixed assets acquired in 2008 by mode of acquisition. Total in this item should equal to the **Total** reported in Item 16 column 1.

New tangible fixed assets refer to brand new tangible fixed assets acquired during the year, including directly/newly imported tangible fixed assets. **Directly/newly imported tangible fixed assets** are considered new whether or not they were used before they were imported.

Major alterations and improvements on tangible fixed assets are done to increase the performance or capacity of existing tangible fixed assets or to significantly extend their expected service lives.

Used tangible fixed assets refer to those that have been previously used within the country.

Tangible fixed assets produced on own account refer to the physical assets produced by the establishment for its own use. It should be valued as the cost of all work put in place including overhead cost.

ITSD Ref. No. 08ITD00-326
 July 1, 2008

DESIGNATION ORDER NO. 2008- 176

To facilitate the planning activities and the smooth conduct of the 2008 Annual Survey of the Philippine Business and industry (ASPBI), the following employees are hereby designated as members of committees/working groups to perform specific functions in addition to their regular office duties:

I. **Steering Committee**

Chairman: Administrator - Carmelita N. Ericta
 Vice-Chairman: Deputy Administrator - Paula Monina G. Collado
 Members:

Director, Industry and Trade Statistics Department (ITSD) – Estela T. De Guzman
 Director, Information and Resources Department (IRD) – Valentino C. Abuan
 OIC-Director General Administration Department (GAD) – Fiel C. Pizarro
 OIC-Director, Household Statistics Department (HSD) – Socorro D. Abejo
 OIC-Regional Director, National Capital Region (NCR) – Lourdes V. Homecillo

Terms of Reference:

1. Provides overall direction for the implementation of the various activities of the ASPBI.
2. Approves census/survey design and operation plans.
3. Approves work plans of committee and working groups.
4. Approves budget proposal.
5. Conducts regular quarterly meetings and other meetings as the need arises.

Secretariat: Statistician I, ITSD – Glen Polo
 Statistician I, Statistical Sampling and Operation Division (SSOD) – Ruth Polo

II. **Technical Committee**

Chairman: Director, ITSD – Estela T. De Guzman
 Co-Chairman: OIC-RD, NCR – Lourdes V. Homecillo
 Members:

Chief, Business and Services Statistics Division (BSSD) - Katrina G. Esclamad
 Chief, SSOD - Elsie B. Solidum
 Chief, Information Technology Systems and Research Division (ITSRD) – Veronica P.

Pido

OIC-Chief, Industry Statistics Division (ISD) – Dulce A. Regala
 Statistician IV, SSOD – Juanita B. Soriano
 Statistician IV, BSSD – Apolinar F. Oblea
 Statistician IV, Foreign Trade Statistics Section (FTSS) – Gloria A. Cubinar
 Information Systems Analyst III, ITSRD – Noel P. Perez

Terms of Reference:

1. Reviews timetable of activities and work plans.
2. Reviews census/survey design including scope and coverage, data items, concepts and definitions.
3. Organizes consultative fora with stakeholders.
4. Reviews resource requirements (budget, hardware and manpower).

A. Working Group on Questionnaire Design, Manuals and Field Operations

Chairman: OIC-Chief, ISD – Dulce Regala
Co-Chairman: Chief, BSSD – Katrina Esclamad
Members:

Chief, SSOD – Elsie Solidum
Statistician IV, FTSS – Ma. Julieta Soliven
Statistician III, ISD – Anita Bрева
Statistician III, ISD – Josephine Albino
Statistician III, BSSD – Anilor Fontanilla
Statistician III, BSSD – Carole Blanco
Computer Programmer III, ITSRD – Renato Asuncion
Computer Programmer III, ITSRD – Florencio Atentar
Statistician II, BSSD – Ralph Bariata
Statistician II, BSSD – Felisa Abad
Statistician I, ISD – Myrly Lilia Cuachin

Terms of Reference:

1. Designs ASPBI questionnaire and other forms.
2. Conducts pre-test of the questionnaire through Focus Group Discussions with data suppliers.
3. Prepares Field Operations Plan including spotchecking.
4. Prepares Field Operations and Processing Manual.
5. Prepares Central Office Processing Manual.
6. Prepares requirements for NSCB clearance.
7. Consolidates narrative reports on field operations including spotchecking.
8. Conducts bi-monthly meetings and other meetings as the need arises.
9. Submits monthly progress report to the Technical Committee
10. Documents all proceedings of the Working Group.
11. Performs other duties as directed by Technical Committee

Secretariat: Statistician II, ISD – Ma. Thelma Lofranco
Statistician Aide, ISD – Elmor Baroquillo

B. Working Group on Sampling Design, Selection and Estimation

Chairman: Chief, SSOD – Elsie Solidum
Vice-Chairman: Statistician IV, SSOD – Juanita Soriano
Members:

Information Systems Analyst III, ITSRD – Noel Perez
Computer Programmer II, ITSRD – Raymond Nimeno
Statistician IV, ISD – Gloria Cubinar
Statistician III, SSOD – Nenita Rebarter
Statistician III, SSOD – Mario Ilagan Jr.
Statistician II, BSSD – Fraulein Cantara
Statistician II, ISD – Sharon Martinez
Statistician I, SSOD – Jeremias Empas, Jr.

Terms of Reference:

1. Determines and recommends scope and coverage for the ASPBI.
2. Reviews and develops sampling design for the ASPBI.
3. Prepares estimation procedures.
4. Prepares materials and presents sampling design for approval.
5. Draws ASPBI samples.
6. Prepares control list of samples.
7. Conducts bi-monthly meetings and other meetings as the need arises.
8. Submits monthly progress report to the Technical Committee.
9. Documents all proceedings of the Working Group.
10. Performs other duties as directed by Technical Committee.

Secretariat: Statistician I, SSOD – Cherilyn Cosico
Statistician Aide, SSOD – Editha Aguilar

C. Working Group on Training, Publicity and Data Dissemination

Chairman: Statistician IV, FTSS – Gloria Cubinar

Co-Chairman: OIC-Chief, Databank and Information Services Division – Vincent Morris Olivar

Members:

PRO, Office of the Administrator – Cristy Oliveros
 HRMO IV, Human Resource Management Division (HRMD) – Hilda Ballefin
 Administrative Officer V, HRMD – Daisy Adlawan
 Statistician III, FTSS – Soraya de Guzman
 Statistician III, ISD – Felicidad Hebron
 Statistician III, SSOD – Nenita Rebarter
 Statistician II, ISD – Cecilia Matienzo
 Statistician II, SSOD – Elizabeth Pajigal
 Statistician II, BSSD – Mari-Belle Dy
 Statistician II, BSSD – Belinda Intalan
 Statistician I, ITSD – Eduardo Dulay Jr
 Statistician I, BSSD – Jaylon Modina
 Statistician I, ISD – Teresita Mabilangan
 Statistician I, ISD – Jose Alvin Almedilla

Terms of Reference:

1. Plans and implements publicity program.
2. Prepares training plan and training design.
3. Prepares training materials and travel order.
4. Consolidates Narrative Reports of training.
5. Prepares Evaluation Form for Trainers and Trainees
6. Prepares Training Evaluation Report.
7. Plans and organizes data dissemination fora.
8. Prepares publication plans.
9. Conducts bi-monthly meetings and other meetings as the need arises.
10. Submits monthly progress report to the Technical Committee.
11. Documents all proceedings of the Working Group.
12. Performs other duties as directed by Technical Committee.

Secretariat: Statistician I, FTSS – Epifanio Cruz Jr

Assistant Statistician, FTSS – Jonyper Molejon

D. Working Group on Logistics and Budget Preparation

Chairman: Statistician IV, BSSD – Apolinar Oblea

Co-Chairman: Statistician III, ISD – Jennifer Pevidal

Members:

Budget Officer IV, Budget Division – Evelyn Tolentino
 Statistician II, BSSD – Marivic Acosta
 Statistician II, ISD – Lucinda Bitong
 Statistician II, ISD – Apolinario Rosario Jr.
 Statistician II, SSOD – Redempta Velilla
 Statistician II, BSSD – Belinda Intalan
 Statistician II, BSSD – Wilfredo Montano Jr.
 Freight Service Supervisor II, Administrative Services Division (ASD) – Vicente Cumagun
 Statistician I, ISD – Jose Alvin Almedilla
 Statistician I, BSSD – Francisco Abutan Jr.

Terms of Reference:

1. Prepares budget/cost estimate
2. Prepares workload and manpower requirements.
3. Prepares allocation of supplies and materials, forms, questionnaires and manuals.
4. Coordinates with ASD the procurement of supplies and materials
5. Coordinates with the printing of questionnaires, manual and forms.
6. Coordinates with shipment of questionnaires, manual and materials to field offices.
7. Conducts bi-monthly meetings and other meetings as the need arises.
8. Submits monthly progress report to the Technical Committee.
9. Documents all proceedings of the Working Group.
10. Performs other duties as directed by Technical Committee.

Secretariat: Statistician I, BSSD – Jaylon Modina

Statistician I, BSSD – Harold Carpio

E. Working Group on Machine Processing

Chairman: Chief, BSSD – Katrina Esclamad

Co-Chairman: OIC-ISD – Dulce Regala

Members:

Chief, Information Technology Operations Division – Elpidio Nogales Jr.
Information Systems Analyst III, ITSRD – Noel Perez
Computer Programmer III, ITSRD – Renato Asuncion
Computer Programmer III, ITSRD – Florencio Atentar
Computer Programmer II, ITSRD – Raymond Nimeno
Statistician III, BSSD – Carole Blanco
Statistician III, BSSD – Anilor Fontanilla
Statistician III, BSSD – Jean Floirendo
Statistician III, ISD – Anita Breva
Statistician III, ISD – Josephine Albino
Statistician III, ISD – Felicidad Hebron
Statistician III, SSOD – Mario Ilagan Jr.
Statistician II, BSSD – Stephen Bello
Statistician II, BSSD – Emerson Aquino
Statistician II, BSSD – Fraulein Cantara
Statistician I, BSSD – Belen Salvacion Aguilar
Statistician I, ISD – Myrly Lilia Cuachin
Statistician I, ITSD – Glen Polo

Terms of Reference:

1. Prepares tabulation formats and specifications.
2. Prepares machine edit specifications including Monitoring and Tracking System.
3. Prepares computer systems design.
4. Develops computer programs.
5. Prepares Machine Processing Manual.
6. Conducts bi-monthly meetings and other meetings as the need arises.
7. Submits monthly progress report to the Technical Committee.
8. Documents all proceedings of the Working Group.
9. Performs other duties as directed by Technical Committee.

Secretariat: Statistician I, BSSD – Miriam Dumalaog

Assistant Statistician, BSSD – Ismael Dayag, Jr.

This Designation Order shall take effect immediately and shall continue to be enforced until the completion of the duties and responsibilities as specified in the Terms of Reference.
