FOREWORD

This volume contains the final results of the **2008 Annual Survey of Philippine Business and Industry (ASPBI)** for Major Division J (**Financial Intermediation**). The 2008 ASPBI was conducted in May 2009 with the year 2008 as the reference period of data, except for employment which is as of November 15, 2008.

Statistics on the number of establishments, employment, compensation, revenue, cost, fixed assets, capital expenditures, inventories, and value added are presented by region and industry sub-class for establishments with total employment of 20 and over. Furthermore, statistics for all establishments and establishments with total employment of less than 20 are presented at the national level and by industry sub-class for easy reference of data users. Information contained in this report will be useful to government and non-government agencies in formulating and implementing economic plans and programs.

This Office acknowledges with sincere thanks and appreciation the cooperation of reporting establishments.

EXPLANATORY TEXT

INTRODUCTION

The 2008 ASPBI is one of the designated statistical activities of the National Statistics Office with the objective of collecting and generating information on the structure and trends of economic activities for the year 2008 in the formal sector of the economy.

In the conduct of annual surveys of establishments by the National Statistics Office, the 2008 ASPBI represents the series listed below by sector:

Sector	Nth Series	Sector	Nth Series
Agriculture, Forestry and Hunting	15 th	Hotels and Restaurants	26 th
Fishery	15 th	Transport, Storage and Communications	25 th
Mining and Quarrying	25 th	Financial Intermediation	26 th
Manufacturing	39 th	Real Estate, Renting and Business Activities	26 th
Electricity, Gas and Water	25 th	Education	26 th
Construction	15 th	Health and Social Work	26 th
Wholesale and Retail Trade; Repair of Motor Vehicles and Personal and Household Goods	30 th	Other Community, Social and Personal Service Activities	26 th

Uses of Survey Data

The data collected from the ASPBI will constitute bases upon which the government and the private sector can formulate policies and evolve economic development plans.

Specifically, the survey results are used in:

- constructing national and regional income accounts of the Philippine economy
- formulating development strategies and monitoring plans/policies in the attainment of national and regional goals
- determining and comparing regional economic structures and performance
- valuating conditions of the economy, employment and income perspective in order to make more informed decisions
- evaluating business options, assessing opportunities for new investments and estimating market shares of industries
- providing updates for the frame of establishments

ASPBI Slogan and Logo

Providing Statistics for a Globally Competitive Economy – This is the slogan of the census/survey of establishments since the 2000 CPBI. Along with the slogan is the logo shown below.

The logo, which is a stylistic representation of the Filipino flag, capsulizes the objectives of the 2008 ASPBI.

The golden sun represents the vision of hope which reaches out like the sun's rays for the improvement of the quality of life of all Filipinos; the red chart, the desired trend of the country's economic progress; the white building, the businesses and industries that propel the growth of the economy; while the blue background symbolizes the cooperation between and among the data providers, data producers and data users.

LEGAL AUTHORITY

The conduct of the 2008 ASPBI was undertaken by authority of the following legislative acts and presidential directives:

- ❖ **Commonwealth Act No. 591** An Act to Create the Bureau of the Census and Statistics to consolidate statistical activities of the government therein. This empowers the Bureau, among other things, to prepare for and undertake all censuses of population, agriculture, industry and commerce.
- ❖ **Presidential Decree No. 418** dated March 20, 1974 reconstituted the Bureau of the Census and Statistics as a new agency to be known as the National Census and Statistics Office (NCSO), under the administrative supervision of the National Economic Authority (NEDA).
- ❖ **Executive Order No. 121** (Reorganization Act of the Philippine Statistical System) dated August 4, 1987 renamed the National Census and Statistics Office (NCSO) to National Statistics Office (NSO) which shall be the major statistical agency responsible for generating general purpose statistics and undertaking such censuses and surveys.
- ❖ **Executive Order 352** (Designation of Statistical Activities that will generate critical data for decision-making by the Government and the Private Sector, dated July 1, 1996.
- ❖ **Executive Order 5** (Strengthening the National Statistics Office), dated July 29, 1998.

Penalty Clause

Section 3 of the Commonwealth Act No. 591 states that:

“Any person who fails to accomplish, mail or deliver such questionnaire or form received by him to the Bureau of the Census and Statistics within thirty days of its receipt by him; or any person who signs such questionnaire or form, knowingly gives data or information which shall prove to

be materially untrue in any particular; or any person who signs such questionnaire or form after it has been accomplished in the knowledge that it is untrue, in any particular, shall upon conviction, be punished by a fine of not more than six hundred pesos or by imprisonment for not more than six months, or by both.”

Confidentiality of Information

Section 4 of the Commonwealth Act No. 591 states that:

“Data furnished the Bureau of the Census and Statistics by an individual, corporation, partnership, institution or business enterprise shall not be used as evidence in any court or in any public office either as evidence for or against the individual, corporation, association, partnership, institution or business enterprise from whom such data emanates; nor shall such data or information be divulged to any person except authorized employees of the Bureau of the Census and Statistics, acting in the performance of their duties; nor shall data be published except in the form of summaries or statistical tables in which no reference to an individual, corporation, association, partnership, institution, or business enterprise shall appear. Any person violating the provisions of this section shall, upon conviction, be punished by a fine of not more than six hundred pesos or by imprisonment for not more than six months, or by both.”

SCOPE AND COVERAGE

The 2008 ASPBI is a nationwide undertaking confined to the formal sector of the economy and as such excludes the “informal” sector. The following comprise the formal sector:

1. Corporations and partnerships
2. Cooperatives and foundations
3. Single proprietorship with employment of 10 or more
4. Single proprietorship with branches

The rationale of covering only the formal sector for the survey is based on the contribution of this group to the value added of the major sectors. The 2005 ASPBI results show that the contribution of the formal sector was at least 50 percent of value added. In 11 of the 14 sectors, value added of the formal sector ranged from 80 to 100 percent of the total. Another consideration was the quality of the ASPBI frame. The ASPBI frame is extracted from the List of Establishments (LE). The series of updating operations since 1999 focused more on the updating of the formal sector. Budgetary constraint was the reason why coverage was limited to these economic units.

The 2008 ASPBI covers only the following economic units:

- All establishments with Total Employment (TE) of 10 or more, and
- All establishments with TE of less than 10, except those establishments with Legal Organization (LO=1, Single Proprietorship) and Economic Organization (EO=1, single establishment) that are engaged in economic activities, classified according to the amended 1994 Philippine Standard Industrial Classification.

The economic activities within the scope and coverage of the 2008 ASPBI are listed below.

1994 PSIC	Economic Activity	1994 PSIC	Economic Activity
A	Agriculture, Hunting and Forestry	H	Hotels and Restaurants
B	Fishing	I	Transport, Storage and Communication (except operators of tricycles, pedicabs, jeepneys, Asian Utility Vehicles (AUVs), government postal and telegraphic offices, booking/ticketing offices of foreign airlines)
C	Mining and Quarrying	J	Financial Intermediation (except Central Bank)
D	Manufacturing	K	Real Estate, Renting and Business Activities (except letting and operating real estate such as residential and non-residential buildings and land rentals)
E	Electricity, Gas and Water	M	Education (except public education services)
F	Construction	N	Health and Social Work (except public medical, dental and other health services)
G	Wholesale and Retail Trade; Repair of Motorcycles and Personal and Household Goods (except sari-sari stores with no regularly paid employees)	O	Other Community, Social and Personal Service Activities (except activities of membership organizations, not elsewhere classified)

Moreover, to improve response rates for Government-Owned-And-Controlled Corporations (GOCCs) LO=3, only those with EO= 1, 3, and 4 were covered starting with the 2008 ASPBI.

UNIT OF ENUMERATION

The unit of enumeration in the ASPBI or any other economic survey or census of the NSO is the establishment. It is defined in the United Nations International Recommendations on Industrial Statistics as:

“an economic unit under a single ownership control, i.e., under a single legal entity, engaged in one or predominantly one kind of economic activity at a single fixed location.”

In actual practice, however, there are difficulties in applying the ideal definition so the establishment is defined in operational terms to take into account the organization and record

keeping practices of certain sectors by making the single location and activity criteria more flexible. This necessitates the use of the kind-of-activity unit for certain sectors as the single location restriction is eliminated.

For the Construction; Transport, Storage and Communications; Other Monetary Institutions, Credit Card Activities, Non-bank Financial Intermediation not elsewhere classified (except mutual building and loan association operation, non-stock savings and loan association operation, and credit cooperative activities), Insurance and Pension Funding; Pre-need Plan Activities, Activities Auxiliary to Insurance and Pension Funding; Real Estate Buying, Developing, Subdividing and Selling; Cemetery Development and Sale; and Investigation and Security Activities, the establishment is defined as:

“the unit that is engaged in the production of the most homogenous group of goods and services, usually at one location, but sometimes over a wider area, for which separate records are available that can provide data concerning the production of these goods and services and the materials, labor and physical resources used in the production.”

This unit also applies to cooperatives engaged in generation, collection and distribution of electricity; and collection, purification and distribution of water.

SURVEY DESIGN

Classification of Establishments

An establishment is categorized by its economic organization (EO), legal organization (LO), industrial classification, employment size, and geographic location.

Economic Organization. (EO) This relates to the organizational structure or role of the establishment in the organization. The following are the types of EO:

- Single establishment (EO=1) is an establishment which has neither branch nor main office
- Branch only (EO=2) is an establishment which has a separate main office located elsewhere
- Establishment and main office (EO=3), both located in the same address and with branch/es elsewhere
- Main office only (EO=4) is the unit which controls, supervises and directs one or more establishments of an enterprise
- Ancillary unit other than Main Office (EO=5) is the unit that operates primarily or exclusively for a related establishment or group of related establishments or its parent establishment and provides goods or services that support but do not become part of the output of those establishments.

Legal Organization. (LO) This provides the legal basis for ownership of the establishment. The following are the types of LO:

- Single Proprietorship (LO=1) is a business establishment organized, owned and managed by one person, who alone assumes the risk of the business enterprise.

- Partnership (LO=2) is an association of two or more individuals for the conduct of a business enterprise based upon an agreement or contract between or among them to contribute money, property or industry into a common fund with the intention of dividing profits among themselves.
- Government Corporation (LO=3) is a private corporation organized for private aim, benefit or purpose and owned and controlled by the government.
- Private Corporation (LO=4) is a corporation organized by private persons.
- Cooperative (LO=5) is an organization composed primarily of small producers and/or consumers who voluntarily join together to form business which they themselves own, control and patronize.
- Others (LO=6) is an organization not classified in any of the above classification. It includes private associations, foundations, NGOs or other forms of legal organization.

Industrial Classification. The industrial classification of an economic unit is determined by the activity from which it derives the major income or revenue. The amended 1994 Philippine Standard Industrial Classification (PSIC) is utilized to classify economic units according to their economic activities. It is aligned with the International Standard Industrial Classification of all economic activities (ISIC) Revision 3.1.

Establishment Size. The size of an establishment is determined by its Total Employment (TE). The following is the employment size classification used in the establishment census/survey:

TE Code	Total Employment (TE)
0	1-4
1	5-9
2	10-19
3	20-49
4	50-99
5	100-199
6	200-499
7	500-999
8	1,000-1,999
9	2,000 and over

Geographic Classification. Establishments are also classified by geographic area using the Philippine Standard Geographic Code (PSGC). The PSGC contains the latest updates on the official number of regions, provinces, cities, municipalities and barangays in the Philippines. It consists of the 17 administrative regions as approved under Executive Order No. 36 dated 19 September 2001 (*Providing for the Reorganization of the Administrative Regions in Mindanao...*) and Executive Order No. 103 dated 17 May 2002 (*Dividing Region IV into Region IV-A and Region IV-B, transferring the province of Aurora to Region III*)

The geographic codes used in the 2008 ASPBI are in accordance with PSGC as of September 2008.

Frame of Establishments

The 2008 ASPBI sampling frame was extracted from the 2008 List of Establishments (LE). There were 761,409 establishments in operation in the country in 2008. Distribution of these establishments reveals that 604,777 establishments are classified as the informal sector and the remaining 156,632 establishments are considered as the formal sector. A total of 139,492 (89%) of establishments classified in the formal sector are within the coverage of the 2008 ASPBI and thus, comprise the frame of the survey.

The 2008 LE is the combined result of the following:

1. 2004 Updating of the List of Establishments (ULE) conducted in the National Capital Region and in selected urban barangays in cities/provincial capitals/first class municipalities (2004 ULE areas) during the period from September 2004 to May 2005.
2. 2005 ULE in rural barangays in provincial capitals/cities/municipalities of selected provinces (2005 ULE areas) conducted from September to December 2005. The selected provinces are in Regions 3 and 4, in provinces where NSO Regional Office is located, and in provinces with the highest count of establishments in rural barangays of the provincial capitals/cities/municipalities. It also covered growth areas in selected provinces.
3. 2008 LE conducted in September 2008 in priority areas (growth centers and other areas where significant changes in number of establishments were observed) and field verification of status and characteristics of establishments listed in selected sources but not found in the LE or referred to as “no matched” establishments.
4. Survey feedbacks from the 2006 CPBI (Census of Philippine Business and Industry), 2008 MISSI (Monthly Integrated Survey of Selected Industries), the 2008 QSPBI (Quarterly Survey of Philippine Business and Industry), the 2008 SIFE (Survey on Impact of Floods on Establishments), the 2007 SSIC (Special Survey of Imported Commodities) and 2008 SPLN (Survey on Production and Logistics Networks of Philippine Manufacturing Industries) were also used to update and validate the 2008 LE.

Sampling Design

The 2008 ASPBI used stratified systematic sampling with five-digit PSIC serving as first stratification variable and total employment (TE) as the second stratification variable.

Sampling Domain

Geographic Domain

For establishments with TE of less than 20, the geographic domain was the whole country. For those with TE of 20 and over, the geographic domains were the 17 administrative regions of the country (Table 1). Hence, the samples of the 2008 ASPBI with TE of 20 and over can provide estimates up to the regional level while those for less than 20 only at the national level.

Table 1. List of Geographic Domains and Provinces comprising the Region

REGION	PROVINCE
National Capital Region (NCR)	City of Manila, Quezon City, Mandaluyong City, Marikina City, Pasig City, San Juan City, Caloocan City, Malabon City, Navotas City, Valenzuela City, Makati City, Pateros, Taguig City, Parañaque City, Las Piñas City, Muntinlupa City, Pasay City
Cordillera Administrative Region (CAR)	Abra, Apayao, Benguet Ifugao, Kalinga, Mountain Province
Region I – Ilocos	Ilocos Norte, Ilocos Sur, La Union, Pangasinan
Region II – Cagayan Valley	Batanes, Cagayan, Isabela, Nueva Vizcaya, Quirino
Region III – Central Luzon	Aurora, Bataan, Bulacan , Nueva Ecija, Pampanga, Tarlac, Zambales
Region IV-A – CALABARZON	Cavite, Laguna, Batangas, Rizal, Quezon
Region IV-B – MIMAROPA	Oriental Mindoro, Occidental Mindoro, Romblon, Marinduque, Palawan
Region V – Bicol	Albay, Camarines Norte, Camarines Sur, Catanduanes, Masbate, Sorsogon
Region VI – Western Visayas	Aklan, Antique, Capiz, Guimaras, Iloilo, Negros Occidental
Region VII – Central Visayas	Bohol, Cebu, Negros Oriental, Siquijor
Region VIII – Eastern Visayas	Biliran, Leyte, Southern Leyte, Eastern Samar, Northern Samar, Western Samar
Region IX – Zamboanga Peninsula	Zamboanga del Norte, Zamboanga del Sur, Zamboanga Sibugay, City of Isabela
Region X– Northern Mindanao	Bukidnon, Camiguin, Lanao del Norte, Misamis Occidental, Misamis Oriental
Region XI – Davao Region	Compostela Valley, Davao del Norte, Davao del Sur, Davao Oriental

REGION	PROVINCE
Region XII – SOCCSKSARGEN	North Cotabato, Sarangani, South Cotabato, Sultan Kudarat, Cotabato City
Autonomous Region in Muslim Mindanao (ARMM)	Lanao del Sur, Maguindanao (excluding Cotabato City), Sulu, Tawi-Tawi, Basilan (excluding Isabela City)
Caraga	Agusan del Sur, Agusan del Norte, Dinagat Island, Surigao del Sur, Surigao del Norte

Industry Domain

There were 1,036 sub-classes (5-digit PSIC) which constituted the industry domains for both establishments with TE of 20 and over and TE of less than 20. This was done to prepare for the translation of the amended 1994 PSIC to the ISIC Rev 4, with emphasis on the sub-classes that were split into two or more ISIC codes; and at the same time provide data for ICT (Information and Communication Technology) and other emerging industries.

The Table 2 below presents the distribution of industry strata by major division of the amended 1994 PSIC.

Table 2. Distribution of Industry Strata by Major Division

Major Division	Number of Strata
A	114
B	20
C	26
D	441
E	4
F	15
G	167
H	12
I	53
J	39
K	74
M	11
N	18
O	42
Total	1,036

Employment Stratum

For the 2008 ASPBI, some TE sizes were combined or taken as a group to comprise an **employment stratum** and were limited to only five strata for all major divisions. The basic consideration for grouping was the concentration of establishments in the employment size.

Within the industry domains for each major division, the establishments were grouped according to the following employment stratum:

Employment Stratum	
TE 1 - 9	(size 0 & 1)
TE 10 - 19	(size 2)
TE 20 - 49	(size 3)
TE 50 - 99	(size 4)
TE 100 & over	(size 5 to 9)

Sample Size Determination

Sampling Units

Table 3 shows the sampling units by major division/group/class. Generally, the sampling unit for major divisions, except Construction and Transport, Storage and Communications, included establishments with EO = 1 (single establishment), 2 (branch) or 3 (establishment and main office).

However, the sampling units for Construction and Transport, Storage and Communications and selected industry group/class were establishments with EO = 1, 3 or 4 (main office only). These establishments do not strictly meet the criteria for defining an establishment as these are classified as kind-of-activity units.

For GOCCs, the sampling units were those with EO=1, 3 and 4.

Table 3. Sampling Units by Major Division/Group/Class

Major Division / Group	Description	EO
A	Agriculture, Hunting and Forestry	1, 2, 3
B	Fishing	1, 2, 3
C	Mining and Quarrying	1, 2, 3

Major Division / Group	Description	EO
D	Manufacturing	1, 2, 3
E	Electricity, Gas and Water Supply except E401 and E410	1, 2, 3
E401	Generation, collection and distribution of electricity with LO = 3	1, 3, 4
E401	Generation, collection and distribution of electricity with LO = 1, 2, 4, 5, 6	1, 2, 3
E410	Collection, purification and distribution of water with LO = 3	1, 3, 4
E410	Collection, purification and distribution of water with LO = 1, 2, 4, 5, 6	1, 2, 3
F	Construction	1, 3, 4
G	Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles, and Personal and Household Goods	1, 2, 3
H	Hotels and Restaurants	1, 2, 3
I	Transport, Storage and Communications	1, 3, 4
J	Financial Intermediation except J659, J6701, J6702, J6703, J6814 and J682	1, 2, 3
J659	Other monetary intermediation	1, 3, 4
J6613	Credit card activities	1, 3, 4
J66910	Investment company operation	1, 3, 4
J66920	Investment house operation	1, 3, 4
J66930	Securities dealership, own account	1, 3, 4
J66940	Financial holding company activities	1, 3, 4
J66950	Venture capital corporation	1, 3, 4
J6701	Life insurance	1, 3, 4
J6702	Pension funding/fund management	1, 3, 4
J6703	Non-life insurance	1, 3, 4
J6814	Pre-need plan activities	1, 3, 4
J682	Activities auxiliary to insurance and pension funding	1, 3, 4
K	Real estate, Renting and Business Activities except K7012, K7492	1, 2, 3
K7012	Real estate buying, developing, subdividing and selling	1, 3, 4
K7013	Cemetery development and sale including burial crypt	1, 3, 4
K7492	Investigation and security activities	1, 3, 4
M	Education	1, 2, 3
N	Health and Social work	1, 2, 3
O	Other Community, Social and Personal Service Activities	1, 2, 3

Sample Size

The sample size of the 2008 ASPBI was determined based on the following factors: budget, acceptable sampling error, level of disaggregation of the estimates aligned with the ISIC Rev4, coefficients of variation and number of establishments by industry. Given the importance of the results of the ASPBI to the Philippine System of National Accounts (PSNA), the sample size has to be at a manageable level without compromising the reliability and accuracy of the survey returns.

In general, the TE 100 and over is a **certainty stratum** for all sectors. Refer to Appendix 2 for the sampling rates by sector, by employment stratum, and 5-digit PSIC industry. It also shows the non-certainty strata by major division and selected sub-classes.

*A **certainty stratum** is defined as the employment stratum whose sampling ratio is 100 percent. In this stratum, all establishments are taken as certainty samples, i.e. the selection probability is 1 and the sampling weight is 1. On the other hand, a **non-certainty stratum** is the employment stratum where only sample establishments are taken.*

The employment strata TE of 20 and over, whose establishments are considered as 'large' units, comprised the **certainty strata** for the Major Divisions D,I,J,O and including selected sub-classes in Major Divisions A, G, K, M, and N.

For all major divisions except B, C, E, and F, the employment strata in TE of less than 20 are considered as non-certainty strata, except for those identified as the Information and Communication Technology (ICT) core industries and the following sub-classes in manufacturing:

- manufacture of coke oven products (D23100)
- manufacture of refined petroleum products (D23200)
- manufacture of other fuel products (D23300)
- manufacture of cement (D26200)

The following sectors were, however, taken on a 100 percent basis regardless of employment stratum because of the relatively small number of their population.

B - Fishing
C - Mining and Quarrying

E - Electricity, Gas and Water
F - Construction

a. Sample size for total employment of less than 20

The sample size for TE of less than 20 was determined by applying the specified sampling rates for each employment stratum (that is, separately for strata TE 1-9 and TE 10 -19) of the industry

domain (5-digit PSIC) at the national level. The total sample size for establishments with TE of less than 20 was about **11,000**.

b. Sample Size for total employment of 20 and over

The sample size for establishments with TE of 20 and over was obtained by applying the specific sampling rates for the i^{th} employment stratum in the h^{th} industry stratum at the national level and then allocated to **geographic domain** (region). The aggregate sample size for TE of 20 and over in all sectors was about **18,000** establishments.

Table 4. Sample Size by Major Division

Major Division	Description	Sample Size		
		Total	Less than 20	20 and over
	Total	29,205	11,160	18,045
A	Agriculture, Hunting and Forestry	1,029	463	566
B	Fishing	550	369	181
C	Mining and Quarrying	117	58	59
D	Manufacturing	7,445	1,918	5,527
E	Electricity, Gas and Water Supply	940	489	451
F	Construction	1,198	583	615
G	Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles, and Personal and Household Goods	6,100	3,139	3,750
H	Hotels and Restaurants	957	233	724
I	Transport, Storage and Communications	1,767	682	1,085
J	Financial Intermediation	1,293	512	781
K	Real Estate, Renting and Business Activities	3,326	1,368	1,958
M	Education	1,434	265	1,169
N	Health and Social Work	608	181	427
O	Other Community, Social and Personal Service Activities	1,652	900	752

Thus, the total number of samples for the 2008 ASPBI is about **29,205**.

Sample Allocation

a. Sample Allocation for TE of less than 20 (Strata TE 1-9 and TE 10-19)

No allocation was done in these strata, as the sample sizes were determined at the 5-digit PSIC (Industry domain) and national level.

Minimum sample size was set to 3 establishments and maximum of 30 per cell (industry domain and employment stratum). However, when the total number of establishments (N) in the cell is equal to or less than the set minimum sample size, all establishments in that cell were taken as samples.

b. Sample Allocation for TE 20 and over (Strata TE 20-49 and TE 50-99)

Proportional allocation was used in allocating the number of samples in the sampling strata of TE 20-29 and ATE 50-99 of the industry domain and employment stratum at the regional level. Basis of allocation was the number of establishments (N) in the region by industry domain and by employment stratum.

Minimum sample size was also set to 3 establishments and maximum of 10 establishments per cell (industry domain, employment stratum and region). However, when the total number of establishments (N) in the cell is equal to or less than the set minimum sample size, all establishments in that cell are taken as samples.

The number of samples for each employment stratum of the industry domain at the national level was allocated by region. The formula used is,

$$n_{hij} = \left(\frac{N_{hij}}{N_{hi}} \right) \times n_{hi}$$

where:

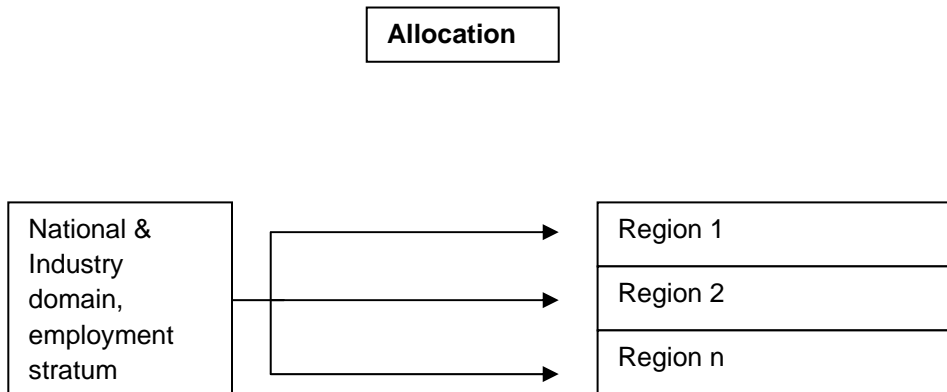

N_{hij} = total number of establishments in the j^{th} region of the i^{th} employment stratum in the h^{th} industry domain

N_{hi} = total number of establishments in the i^{th} employment stratum of the h^{th} industry domain

n_{hij} = number of sample establishments in the j^{th} region of the i^{th} employment stratum in the h^{th} industry domain

n_{hi} = number of sample establishments in the i^{th} employment stratum of the h^{th} industry domain

Figure _ SAMPLE ALLOCATION DIAGRAM FOR TE of 20 and over
(Strata TE 20-49 and TE 50-99)

Estimation Procedure

For Establishments with Total Employment of Less Than 20

A. Non-certainty Stratum

The estimate of the total of a characteristic (\hat{X}_s) for the non-certainty employment stratum TE less than 20 in the s^{th} industry domain is

$$\hat{X}_s = \sum_{j=1}^{n_s} W_{sj} x_{sj}$$

where:

s denotes the non-certainty employment strata in employment of less than 20 in the s^{th}

x_{sj} = value of the j^{th} establishment in the non-certainty employment stratum in employment of less than 20 in the s^{th} industry domain

$j = 1, 2, 3, \dots, n_s$ establishments

W_{sj} = weight of the j^{th} establishment in the non-certainty employment stratum in employment of less than 20 in the s^{th} industry domain

$$W_{sj} = N_s/n_s$$

N_s = total number of establishments in the non-certainty employment stratum in employment of less than 20 in the s^{th} industry domain

n_s = number of sample establishments in the non-certainty employment stratum in employment less than 20 in the s^{th} industry domain

B. Certainty Stratum

The estimate of the total of a characteristic (\hat{X}_c) for the certainty employment stratum in the c^{th} industry domain is

$$\hat{X}_c = \sum_{j=1}^{m_c} x_{cj}$$

where :

c denotes the certainty employment strata in employment of less than 20 in the c^{th} industry domain

x_{cj} = value of the j^{th} establishment in the certainty employment strata in employment of less than 20 in the c^{th} industry domain

$j = 1, 2, 3, \dots, m_c$ establishments

m_c = number of establishments in the certainty employment strata in employment of less than 20 in the c^{th} industry domain

Total Estimate for Total Employment of Less Than 20

National level estimates of the total of a characteristic (X_d) for the industry domain was obtained by aggregating the estimates for all employment strata (non-certainty and certainty) in the same industry domain,

$$X_d = \sum X_s + \sum X_c$$

where d denotes the industry domain

For Establishments with Total Employment of 20 and Over

A. Non-Certainty Stratum (strata of employment 20 to 49 and employment 50 to 99 for Major Divisions A, D, G, H, K, M and N)

The estimate of the total of a characteristic (X_{sp}) for the non-certainty employment strata in employment of 20 and over for selected industry domain in each region (geographic domain) is

$$X_{sp} = \sum_{j=1}^{n_{sp}} W_{spj} X_{spj}$$

where:

s denotes the non-certainty employment strata in employment of 20 and over

$p = 1, 2, \dots, 17$ regions (geographic domains)

X_{spj} = value of the j^{th} establishment in the non-certainty employment strata in employment of 20 and over for an industry domain in each region

$j = 1, 2, 3, \dots, n_{sp}$ establishments

W_{spj} = weight of the j^{th} establishment in the non-certainty employment strata in employment of 20 and over for an industry domain in each region

$$W_{spj} = N_{sp} / n_{sp}$$

N_{sp} = total number of establishments in the non-certainty employment strata in employment of 20 and over for an industry domain in each region

n_{sp} = number of sample establishments in the non-certainty employment strata in employment of 20 and over for an industry domain in each region

B. Certainty Stratum

The estimate of the total of a characteristic (λ_{cp}) for the certainty employment stratum in employment of 20 and over in an industry domain in each geographic domain (region) is

$$\lambda_{cp} = \sum_{j=1}^{m_{cp}} x_{cpj}$$

where:

c denotes the certainty employment strata in employment of 20 and over

$p = 1, 2, \dots, 17$ regions (geographic domains)

x_{cpj} = value of the j^{th} establishment in the certainty employment strata in employment of 20 and over in an industry domain within each region

$j = 1, 2, 3, \dots, m_{cp}$ establishments

m_{cp} = number of establishments in the certainty employment strata in employment of 20 and over in an industry domain within each region

Total Estimate for Total Employment of 20 and Over

The estimate of the total of a characteristic (X_{dp}) for the industry domain in each region (geographic domain) was obtained by aggregating the estimates for all employment strata (non-certainty and certainty) in the same industry domain,

$$X_{dp} = \sum \hat{X}_{sp} + \sum \hat{X}_{cp}$$

where dp denotes the industry domains in each region

National level estimates of the characteristics by industry domain were obtained by aggregating separately the estimates (X_{dp}) for the particular industry domain from all the regions.

Weight Adjustment Factor for Non-Response

To account for non-response in the non-certainty strata, the adjustment factors, (n/n') was multiplied with the sampling weight (W) of each of the sampling unit. The sampling weight which is defined as N/n was recomputed as

$$W' = \frac{N}{n} \times \frac{n}{n'} = \frac{N}{n'} \quad \text{General Formula}$$

Thus, the adjusted weight (W'_{sj}) for employment stratum in employment of 1-9 or employment of 10-19 is

$$W'_{sj} = \frac{N_s}{n_s} \times \frac{n_g}{n_g} = \frac{N_s}{n_s}$$

N_s = total number of establishments in the employment stratum in employment of 1-9 or employment of 10-19 in the sth industry domain

n_s = number of responding establishments in the employment stratum in employment of 1-9 or employment of 10-19 in the sth industry domain

For the non-certainty employment stratum for the selected industry domain with employment of 20-99, the adjusted weight (W'_{spj}) is

$$W'_{spj} = \frac{N_{sp}}{n_{sp}} \times \frac{n_{sp}}{n'_{sp}} = \frac{N_{sp}}{n'_{sp}}$$

where:

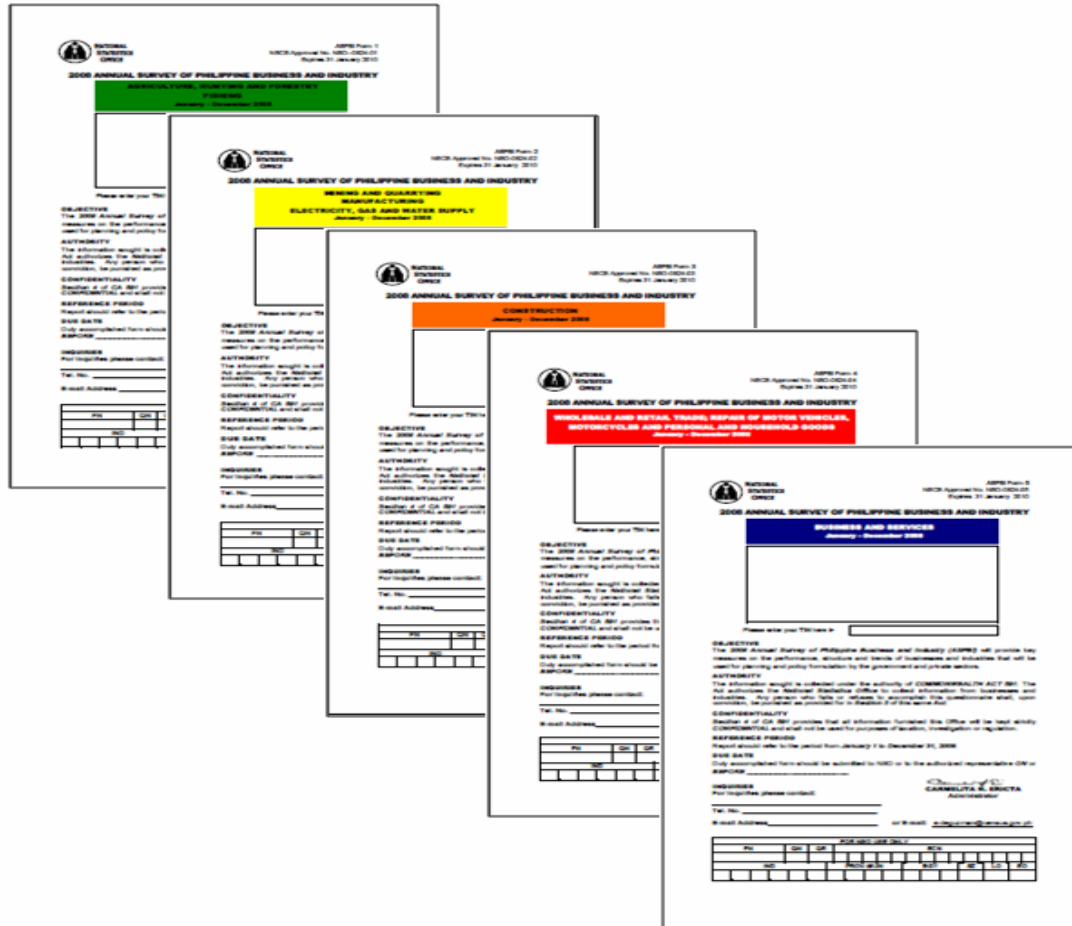

N_{sp} = total number of establishments in the non-certainty employment stratum with employment of 20-99 for the selected industry domain within each geographic domain (region)

n_{sp} = number of responding establishments in the non-certainty employment stratum with employment of 20-99 for the selected industry domain within each geographic domain (region)

Questionnaire Design

Survey Forms. The 2008 ASPBI utilized five types of questionnaires. These questionnaires were designed after taking into consideration the requirements of the main users. The questionnaires are listed below:

Form Type	Sector	Spot Color
ASPBI Form 1	Agriculture, Hunting and Forestry; Fishing	green
ASPBI Form 2	Mining and Quarrying; Manufacturing; Electricity, Gas and Water Supply	yellow
ASPBI Form 3	Construction	orange
ASPBI Form 4	Wholesale and Retail Trade; Repair of Motor Vehicles, Motorcycles and Personal and Household Goods	Red
ASPBI Form 5	Business and Services	Blue

Data Items. Below is the list of data items found in the ASPBI questionnaires.

ITEM NO.	DESCRIPTION
(Cover Page)	Name and Address of the establishment and its reporting unit
	Control Panel for Establishment Characteristics (For NSO Use Only)
1	Economic Activity or Business in 2008
2	Year Started Operation
3	Legal Organization in 2008
4	Economic Organization in 2008
	Name and Address of Main Office and Contact Person in Main Office
5	Capital Participation as of 31 December 2008
6	Number of Paid Employees as of 15 November 2008
7	Number of Unpaid Workers as of 15 November 2008

ITEM NO.	DESCRIPTION
8	Total Employment as of 15 November 2008
9	Number of Production/Construction Workers as of 15 November 2008 (only in ASPBI Form 2 and ASPBI Form 3)
10	Total Hours Worked by Production/Construction Workers in 2008 (only in ASPBI Form 2 and ASPBI Form 3)
11	Gross Salaries and Wages Paid in 2008
12	Total Employer's Contributions to SSS/GSIS, etc. paid in 2008
13	Total Revenue in 2008
14	Subsidies Received in 2008
15	Total Cost Incurred in 2008
16	Capital Expenditures and Sale of Tangible Fixed Assets, including Losses and Damages in 2008
17	Capital Expenditures for All Tangible Fixed Assets by Mode of Acquisition in 2008
18	Capital Expenditures for Intangible Assets in 2008
19	Book Value of Tangible Fixed Assets as of 31 December 2008
20	Book Value of Intangible Assets as of 31 December 2008
21	Average Capacity Utilization Rate in 2008 (only in ASPBI Form 2)
22	Inventories in 2008
23	Branches, Divisions, Plants Owned and Controlled (for Main Office)
24	Remarks
	Certification
	Contact Person
	Processing Information (FOR NSO USE ONLY)

SURVEY OPERATIONS

Preparatory Activities

NSO officials, subject matter statisticians and selected IRD staff undertook the planning activities for the 2008 ASPBI with the participation of the Steering Committee. Technical Committee and WG under Designation Order No. 2008-176 dated July 1, 2008. These activities include the following; frame preparation, questionnaire design and content, clearance process, manual preparation, processing plan, publicity and training plans, budgeting, frame updating, sample design and selection, preparation of edit specifications, preparation of tabulation formats and table specifications, computer system design and program development, publicity campaign, addressing of questionnaires, printing of survey forms and manuals, preparation for shipment of survey materials and other related activities, recruitment of statistical researchers, etc

A write-shop on the preparation of the 2008 ASPBI and SICT Field and Operations Manual was undertaken in January 2009.

Publicity

Publicity campaign was done to inform and educate the general public of the basic information and importance of the 2008 ASPBI and its rider surveys. It aimed to solicit support from government and non-government agencies, business organizations and target respondents in the early submission of reports.

Display of 2008 ASPBI streamers and posters were done in the central office and in the field offices.

Training

Training for field operations and processing for the 2008 ASPBI conducted on February to March of 2009, was done in three levels, as follows:

- Task Force training –The first level training was conducted on February 2 to 6, 2009 in Pililia, Rizal. Field operation procedures, technical and administrative aspects of the 2008 ASPBI were discussed extensively in this training. It was participated by ITSD and selected IRD and NCR staff who then served as trainers for the 2nd and 3rd level trainings.

Task Force Training at Villa Lorenza

- Second level training – The Second level training was conducted on March 10 to 13, 2009 in all regional offices, except NCR with Task Force participants as trainers. Regional Directors, Provincial Statistics Officers, OICs, Regional Statisticians and regional Statistical Staff (with at least SG 11) responsible for establishment surveys and Provincial Statisticians or provincial statistical staff (with at least SG 13) participated in this training.

2nd Level Training held in Batangas

- Third level training – This training was conducted in all provinces and the six districts of NCR on March 23 -27, 2009 with participants in the second level training serving as trainers. One ITSD staff who attended the Task Force training was assigned to assist the 3rd level trainers in selected provinces. Participants to this training were the Provincial Statistical Staff, District Statistics Officers, Statistical Coordination Officers and hired Statistical Researchers.

3rd Level Training held in Cebu

These field operations trainings also served as venues for the launching of the 2008 ASPBI and SICT during the period February to March 2009.

Launching of ASPBI/SICT in Region 7

Several workshops on machine processing were conducted in Tagaytay City on July 15-17, 2009 for the edit specification; and in Subic on August 5-7, 2009 for the table specification and format.

Edit Specifications Workshop in Tagaytay City

Table Specifications Workshop in Subic

Field Operations

Distribution of Questionnaires. Distribution of questionnaires was done by about 492 provincial staff (239 regular field staff and 253 hired statistical researchers) through personal delivery of questionnaires to sample establishments in April 2009.

Collection of Questionnaires. Respondents were given 30 days within which to accomplish the questionnaires. Generally, timetable for collection was programmed from May to June 2009. For regions with large workload such as NCR and Region IV-A, timetable for collection was until September 2009. Actual collection of accomplished questionnaires was extended to December 2009 to allow more time for collection of establishments that were considered as industry leaders.

Supervision and Spotchecking. The ITSD/FOs conducted close supervision of collection and field editing of all collected questionnaires to ensure their accuracy and completeness. Spot-checking was also conducted based on the quality of the report and status of receipt of sample establishments.

Receipt and Control. A Monitoring and Tracking System was developed by IRD and adopted by field offices to keep track the distribution, collection and transmittal of questionnaires and MTS data files. At the same time, a control list of sample establishments was made available where information on the status of the questionnaire was recorded. The MTS facilitated preparation and early submission of progress reports to ITSD since field offices can submit them electronically.

A central office version of the MTS was utilized by ITSD to monitor the distribution, collection and submission of questionnaires and MTS data files from the provincial offices to the Central Office. Consolidated progress reports and status reports were prepared regularly to inform the management and field offices on the progress of the survey operations.

Data Processing

Manual Processing

Manual editing of data was done in three levels, as follows:

- Field editing of data was done by the field men, hired SRs and Provincial Staff upon collection of the accomplished questionnaires from the establishments. The objective is to check for completeness of entries in the questionnaires, following the instructions provided in the Field Operations and Processing Manual. Any missing data was corrected at this stage as this can be immediately verified from the respondents.
- Verification was done by Provincial Staff upon receipt of the accomplished questionnaires from the field men and hired SRs to check on the completeness as well as for the consistencies of entries in the questionnaire. In some instances, the staff contacted directly the establishments through phone call or sent email inquiries to verify some inconsistent or missing data.
- Review of accomplished questionnaires was done by the ITSD staff to check the consistency and reasonableness of entries. In addition, the review process validated the status of establishments that were non-responding and reported closed, cannot be located, transferred, and out of scope. Telephone inquiry was extensively utilized to verify information from the establishment's contact person. The Internet was also used to obtain information on the contact address and to research for information on the status of the establishment.

Machine processing

A microcomputer-based machine processing and tabulation system for the 2008 ASPBI was developed by the staff of the IRD using CSPro software. CSPro is a software package developed by the International Processing Center (IPC) of the United States Bureau of Census. It has several modules specifically designed for processing census and survey data.

Data entry was done by IRD-FOMS staff while verification of completeness check and ID validation, generation of summary file report, preliminary and final tabulation were done by SMD-ITSD statisticians

Imputation Procedure

Data of non-responding establishments were imputed manually and electronically based on the established imputation methods. Sources of information were from previous reports of the same establishment, or from report of other responding establishment with similar characteristics, financial statements filed at Securities and Exchange Commission and other establishment-based surveys such as MISSI and QSPBI.

Data of closed, duplicate and out of scope establishments in the certainty stratum were not imputed.

Tabulation

The statistical tables are presented and classified according to establishments with total employment (TE) for establishments with TE of 20 and over and with TE of less than 20. In all the major sectors, statistical tables are presented at the national and regional levels for establishments with TE of 20 and over and national level for establishments with TE of less than 20. The statistical tables were further disaggregated by industry group.

Statistical Disclosure Control

Section 4 of Commonwealth Act 591 requires that the data of individual business firms be kept confidential. Guidelines are formulated by NSO statisticians in the statistical disclosure control of data pertaining to a particular corporation, partnership, institution or business firm so as to safeguard its confidentiality during the publication stage.

To avoid disclosure of information of individual establishment, statistical tables shall not provide information for any industry group or class in which the number of establishments is less than three. In such case, two methods are adopted to safeguard the confidentiality of data. These are through combination and/or suppression of confidential cell.

- Combination involves the grouping of a confidential cell in a statistical table with another cell of the same group (3-digit PSIC), class (4-digit PSIC), or sub-class (5-digit PSIC) and the information is disseminated for the aggregate and not for the individual cell. Grouping of data shall be done for similar industries. The bracket (}) shall be used to identify the cell combined.
- Suppression means the disclosure control of confidential data in a cell. The values in the confidential primary cells (primary suppression) are not published while publishing the original values of the other cell with establishments' count of more than three. If necessary, other cells must also be suppressed to guarantee the protection of the values under the primary cells, leading to the secondary suppression. The symbol "s" shall be used to the suppressed cells.

Dissemination

Preliminary results of the 2008 ASPBI by sector became available starting April 2010, in compliance with Executive Order No. 352 and barely 4 months after the field operation. These results were presented by Administrator Carmelita N. Ericta in the National Data Dissemination Seminar held on May 28, 2010 at the Hotel Intercontinental in Makati City. The presentation was focused on the comparative results of the 2006 CPBI and 2008 ASPBI of the 14 industry major divisions namely: Agriculture, Hunting and Forestry (A); Fishing (B); Mining and Quarrying (C); Manufacturing (D); Electricity, Gas and Water (E); Construction (F); Wholesale and Retail Trade (G); Hotels and Restaurants (H); Transport, Storage and Communications (I); Financial Intermediation (J); Real Estate, Renting and Business Activities (K); Education (M); Health and Social Work (N) and Other Community, Social and Personal Service Activities (O). Selected statistics, selected indicators, labor productivity indicators, profitability indicators and summary of findings were among the results presented.

Fact sheets by sector were also completed in time for the recently held seminar.

The table below shows a series of 2008 ASPBI/SICT Data Dissemination Seminars to be conducted in different regions/provinces.

**SCHEDULE OF REGIONAL/PROVINCIAL
2008 ASPBI/SICT DATA DISSEMINATION SEMINARS**

Region/Province	Date	Time	Venue	CO Resource Person
CAR	16 Aug 2010	9:00 AM	Pines View Hotel, Baguio City	Ms. Jean C. Floirendo, Statistician III, NSO Manila
I – Ilocos Region	30 Jul 2010	9:00 AM	ORT Community Multi-Purpose Cooperative, San Fernando La Union	DA Paula Monina G. Collado
II – Cagayan Valley	11 Aug 2010	1:30 PM	Crown Hotel, Tuguegarao City, Cagayan	DA Paula Monina G. Collado
IVa – CALABARZON	12 Aug 2010	1:00 PM	Blue Sapphire, Brgy. Sico, Lipa City	Ms. Josephine S. Albino, Statistician IV, NSO Manila
IVb – MIMAROPA	10 Aug 2010	1:00 PM	Max Restaurant, San Vicente, Calapan	Ms. Josephine S. Albino, Statistician IV, NSO Manila
Palawan	26 Jul 2010	1:00 PM	A&A Plaza Hotel, Puerto Princesa, Palawan	Dir. Estela T. De Guzman
V – Bicol Region	12 Aug 2010	1:00 PM	Avenue Plaza Hotel, Naga City	Adm. Carmelita N. ERICTA
VII – Central Visayas	12 Aug 2010	1:30 PM	Eduardo Aboitiz Development Study Center, Cebu City	Ms. Elsie B. Solidum, Division Chief, NSO Manila
VIII – Eastern Visayas	12 Aug 2010	1:00 PM	Balyuan Convention Center, Tacloban City	Ms. Carole A. Blanco, Statistician III, NSO Manila
IX – Zamboanga Peninsula	12 Aug 2010	1:00 PM	Garden Orchid Hotel, Zamboanga City	Mr. Apolinar F. Oblea, Statistician IV, NSO Manila
XII – SOCCSKSARGEN	26 Jul 2010		Koronadal City	DA Paula Monina G. Collado

RESPONSE RATE

Total response rate obtained at the national level was high. This was achieved through intensified implementation of the Census Compliance Project. The objective of the project was

to improve response rate, timeliness of submission of accomplished questionnaires and increased accuracy of information provided by sample units. Task Force members to the compliance, in place as of 2009, were prosecutors from 14 provinces and cities in the country. They acted as Census Compliance Officers in the enforcement of CA591.

The table below shows the response rates by sector and total employment size.

Major Division	Description	Response Rate		
		Total	Less than 20	20 and over
Philippines				
A	Agriculture, Forestry and Hunting	96.79	97.41	96.29
B	Fishing	97.09	97.29	96.69
C	Mining and Quarrying	97.44	96.55	98.31
D	Manufacturing	97.15	97.34	97.09
E	Electricity, Gas and Water	98.51	98.98	98.00
F	Construction	97.91	97.77	98.05

CONCEPTS AND DEFINITIONS

Book value is the initial value or acquisition cost of tangible fixed assets less accumulated depreciation.

Capacity Utilization is the ratio of total output to the maximum rated capacity.

Rated capacity refers to the largest volume of output possible at which the establishment can operate with an acceptable degree of efficiency taking into consideration unavoidable losses of productive time (i.e. vacation, holiday and repair of equipment) and availability of raw materials.

Capital expenditures for tangible fixed assets include cost of acquisition of new and used fixed assets; fixed assets produced by the establishment for its own use; major alterations, additions and improvements to fixed assets, whether done by others or on own account. Fixed assets received from other establishments belonging to the same enterprise are valued as though purchased.

Cost refers to all expenses incurred during the year whether paid or payable. Valuation is at purchaser prices including taxes and other charges, net of rebates, returns and allowances. Goods and services received by the establishment from other establishments of the same enterprise are valued as though purchased.

Cost of goods sold represents the total value of goods purchased for resale plus beginning inventory of goods for resale less ending inventory of goods for resale.

Depreciation is the total amount set aside for the year to cover the decreases in value of fixed assets owned by the establishment because of foreseen obsolescence, wear and tear as a result of operation and normal amount of accidental damage.

Economic activity is the establishment's source of income. If the establishment is engaged in several activities, its main economic activity is that which earns the biggest income or revenue.

Employer's contribution to SSS or GSIS and the like refers to payments made by the establishment on behalf of the employees. Examples are SSS, GSIS, Employees Compensation Commission (ECC), Philhealth and PAG-IBIG.

Fixed assets are physical assets expected to have productive lives of more than one year and intended for use and/or being used by the establishment. Included are land, buildings, other structures and land improvements, transport equipments, machinery and other equipments, furniture, fixtures, and other fixed assets.

Fixed assets produced on own account refer to the physical assets produced by the establishment for its own use. It is valued at the cost of all work put in place, including overhead.

Gross addition to fixed assets is equal to capital expenditures less sale of fixed assets, including land.

Indirect taxes refer to all taxes, other than income tax, incidental to the production or sale of goods and services that are chargeable as expenses including business license, BIR stamps, real estate tax and other local taxes.

Intermediate cost refers to expenses incurred in the production of goods and industrial services such as materials and supplies purchased, fuels purchased, electricity purchased and industrial services done by others plus beginning inventory of materials, supplies and fuels less ending inventory of materials, supplies and fuels.

In the past surveys/censuses, cost of materials, fuels and electricity consumed and industrial services also includes goods purchased for resale.

Inventories refer to the stock of goods owned by and under the control of the establishment as of a fixed date, regardless of where the stocks are located. Valuation should be at current

replacement cost in purchaser (market) prices. Replacement cost is the cost of an item in terms of its present price rather than its original cost.

Finished products inventory refers to the goods made by the establishment, which are ready for sale/shipment as of a reference date. Valuation is at producer price.

Work-in-progress inventory refers to the value of all materials which have been partially processed by the establishment but which are not usually sold or turned over to other establishment without further processing. Valuation is at producer price.

Change in total inventories is computed as the total value of ending inventory *less* the total beginning inventory.

New fixed assets refer to brand new fixed assets acquired during the year, including directly or newly imported fixed assets.

Number of hours actually worked by production workers refers to the number of hours actually spent by production workers at work, including waiting time and overtime. It excludes time spent for paid vacation leave.

Revenue includes cash received and receivables for goods/products and by-products sold and services rendered. Valuation is at producer prices (ex-establishment), net of discounts, and allowances, including duties and taxes but excluding subsidies.

Salaries and wages are payments in cash or in kind to all employees, prior to deductions for employee's contributions to SSS/GSIS, withholding tax, etc. Included are total basic pay, overtime pay and other benefits.

Other benefits include bonuses, cost of living allowances, commutable transportation and representation allowances, food, housing, commissions, paid to salaried employees, separation, retirement, terminal pay, gratuities, etc. Excluded are cost of uniform/working clothes and reimbursable transportation and representation allowances.

Overtime pay is payment given for extra hours worked.

Subsidies are all special grants in the form of financial assistance or tax exemption or tax privilege given by the government to aid and develop an industry.

Total employment is the number of persons who worked in for the establishment as of November 15, 2008. The concept of employment as of the payroll November 15 was adopted for the first time in the 2002 ASPBI (reference year 2001).

Average total employment is the sum of the number of persons who worked in or for the establishment for all months of the year divided by 12, regardless of the number of months the establishment is in operation.

Paid employees are all persons working in the establishment and receiving pay, as well as those working away from the establishment paid by and under the control of the establishment. Included are all employees on sick leave, paid vacation or holiday. Excluded are consultants, home workers, receiving pure commissions only, and workers on indefinite leave.

Unpaid workers are persons working for at least one third of the working time normal to the establishment and do not receive regular pay.

Working owners are owners who are actively engaged in the management but do not receive regular pay, i.e. not included in the payrolls. Managers and directors of corporations working for pay are reported as managers.

Used fixed assets refer to those that have been used previously within the country.

Valued added is gross output less intermediate input.

Gross output (for PSIC J65 and J66) is equal to the sum of total revenue less interest expense plus capital expenditures of fixed assets produced on own account.

Gross output (for PSIC J67 and J6814) is equal to the sum of total revenue less insurance claims paid plus capital expenditures of fixed assets produced on own account.

Gross output (for PSIC J6811, J68130, J6819 and J68200) is equal to the sum of total revenue and capital expenditures of fixed assets produced on own account.

Intermediate costs is equal to the sum of the following cost items: materials and supplies purchased; fuels purchased to run motor vehicles, machinery and other equipments; electricity purchased; industrial services done by others; non-industrial services done by others; computer software expenses; research and experimental development and other costs (*plus* change in inventory of materials, supplies and fuels).

Kind of Establishment

Kinds of Establishment	Description
Agriculture Establishment	Farms, plantation, hacienda, ranch, or company engaged in the production of agricultural crops, livestock, poultry and other animals including animal products; firm providing agricultural, animal husbandry and horticultural services.
Forestry Establishment	Company engaged in logging operations; planting, replanting and conservation of forest; hunting, trapping and game propagation.
Fishing Establishment	Firm or company, engaged in ocean, coastal and inland fishing; fish farms, fishponds, fish pen; pearl farms and other fishing activities.
Mining Establishment	Mining camp engaged in the exploration, extraction, dressing and beneficiating of minerals such as coal and ores, crude petroleum and natural gas.
Quarrying Establishments	Firm or company engaged in the extraction from the earth of building and monumental stone, clay, sand and gravel; guano gathering and salt evaporation.

Manufacturing Establishment	Shop, factory, bakery, millwork, distillery, refinery, cannery, abattoir, brewery, foundry, tannery or plant engaged in manufacturing processing, fabricating or finishing products, mechanically or manually, including the assembly of the component parts of manufactured products and the substantial alteration, reconstruction and repair of special types of goods.
Electricity Establishment	Plant engaged in the generation, transmission, and/or distribution of electric energy for sale to users, or one, which produces electricity for its parent enterprise.
Gas Establishment	Plant engaged in the manufacture of gas, in gas works and the distribution of manufactured or natural gas through a system of mains to users.
Water Supply Establishment	Water system/waterworks engaged in the collection, purification and distribution of water to users.
Construction Establishment	General contractor engaged in the construction, repair or demolition of buildings, highways, airports and other structures; land leveling; earth moving and land reclamation; specialty contractor engaged in only specialized trade or craft like electrical installation, plumbing, painting, air conditioning, well drilling, installation of doors and windows and other work on component parts of the structure.
Wholesale Trade and Commission Trade Establishment	Store, shop, office, bazaar, arcade or emporium engaged in the (a) resale (sale without transformation) of new and used goods (in bulk) to retailers, industrial/commercial/institutional/professional users, or to other wholesalers and (b) trading on behalf and on the account of others
Retail Trade Establishment	Department store, hypermart, convenience store, variety store, shop, mart, bazaar, sari-sari store, pharmacy, supermarket, grocery, arcade or emporium engaged in the resale (sale without transformation) of new and used goods to the general public.
Repair Service Establishment	Shop specializing in the repair of consumer goods like footwear, luggage, handbags and gloves and other leather goods; electrical appliances, and equipment as television and radio receivers, refrigerators, washing machines, ironers, vacuum cleaners, toasters, motor vehicles including motorcycles; watch, clock and jewelry; bicycles; typewriters, cameras, binoculars, musical instruments, umbrellas, etc.
Food and Drinks Service Establishment	Restaurant, bar, lounge, salon, parlor, kiosk, club, counter, café, canteen engaged in the sale of prepared food and drinks generally for consumption within the premises.
Lodging and Rooming Service Establishment	Hotel, motel, resort, inn, lodge, camp, dormitory or lodging house engaged in the provision of lodging facilities, to the general public on lease, rental or fee basis.

Transport Establishment	Bus line, air line, shipping line, agency, broker or transport operator engaged in providing (a) vehicles for the transport to passenger or freight through regular scheduled operation, charter, rental or fee basis, and (b) services incidental to transport such as maintenance and operation of piers, terminals, depots; pilotage, forwarding packing and crating.
Storage and Warehousing Establishment	Brokerage, agency or office engaged in the operation of storage facilities and warehouse for hire by the general public for storage of such items as farm products, food, furniture and other household goods, textiles and lumber;
Telecommunication Establishment	Station, office or agency engaged in the transmission of sound, images, data or other information via cables, broadcasting, relay, or satellite.
Financial Establishment	Bank, savings and loan association, credit institution, pawnshop, financial institution, trust company, investment company, pawn broker, or institution engaged in accepting of deposits, granting loans and the investment of money; dealer, broker or office engaged in investment research and counseling, check cashing, stock quotation, foreign exchange dealing and other financial services.
Real Estate Establishment	Realtor, developer, agency, broker, lessor or companies engaged in the operating developing, subdividing, buying, selling, of real estate including cemetery lots; columbarium
Business Service Establishment	Office, agency or firm engaged in (a) rental and leasing of machinery and equipment, audio-video machines, tapes and records, sports and recreational equipment; (b) computer-related activities; (c) legal, accounting, bookkeeping, research and development, advertising and other technical services; (d) cleaning of offices, shops, and factories; (e) photographic activities; (f) basic and general research in the biological, physical and social sciences; (g) transcription activities (medical, legal); and (h) call centers.
Sanitary Establishment	Company engaged in the collection and disposal of garbage, sewage and human waste.
Social Service Establishment	School, college, university or seminary offering educational services; a clinic, hospital, sanitarium, nursing home or a similar institution offering medical, dental and other health and veterinary services; a home orphanage, society, center or agency engaged in providing social welfare services.
Recreational and Cultural Service Establishment	Motion picture producer, booking agency, movie house, theater, radio and television station and studio, stage and opera company, band, orchestra, ticket agency, library, museum, dance hall, bowling alley, park, beach, swimming pool, sports club, gallery, skating rink race track or golf course engaged in providing entertainment, amusement and recreational services.

Personal Service
Establishment

A laundry shop, barber shop, massage clinic, beauty parlor, funeral parlor, fortune telling shop and such engaged in rendering various specialized service to the general public

BRIEF ANALYSIS

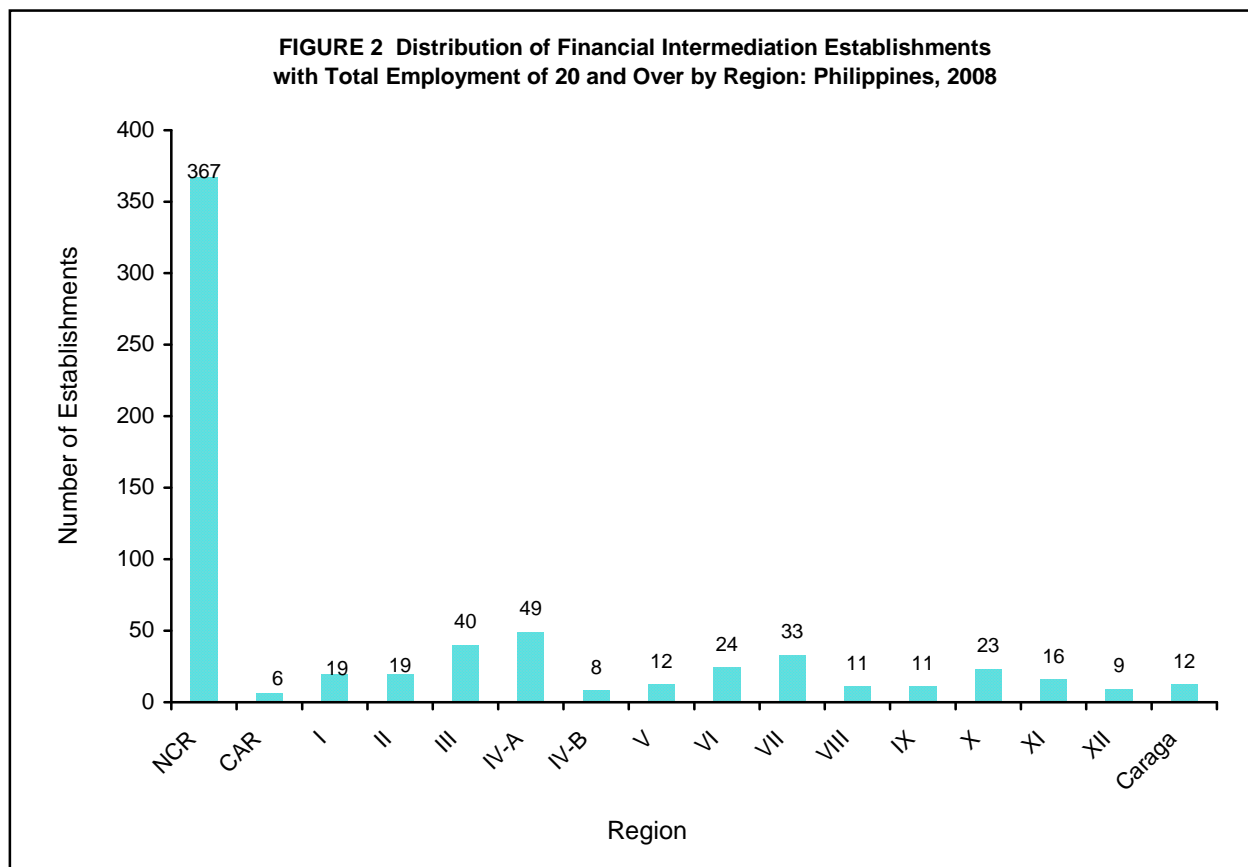

NUMBER OF ESTABLISHMENTS

The 2008 Annual Survey of Philippines Business and Industry (ASPBI) covered a total of 13,139 Financial Intermediation establishments. Majority (95.0%) or 12,480 establishments had total employment (TE) of less than 20. The remaining 5.0 percent or 659 establishments were with total employment (TE) of 20 and over.

By industry group, Pawnshop Operations registered the highest number of establishments with 6,520 or accounting for almost half (49.6%) of the total. This was far followed by Credit Granting with 2,941 establishments (22.4%). Non-Bank Financial Intermediation, N.E.C. ranked third with 1,966 establishments (15.0%). Establishments engaged in Insurance and Pension Funding except Compulsory Social Security recorded the least in number of establishments with 124 or 0.9 percent. (See Figure 1)

Across regions, 78.9 percent or 520 Financial Intermediation establishments with TE of 20 and over were located in Luzon. The National Capital Region (NCR), where the center of financial capital of the country is located, had the biggest share which consisted of 367 establishments or 55.7 percent of the total. CALABARZON and Central Luzon ranked far second and third with 49 (7.4%) and 40 (6.1%) establishments, respectively. In the Visayas, Central Visayas, contributed the highest number of establishments with 33 or 5.0 percent of the total. Cordillera Administrative Region (CAR) had the smallest number of establishments with 6 or 0.9 percent of the total. (See Figure 2)

EMPLOYMENT

The Financial Intermediation sector generated employment for 222,112 workers in 2008. Of the total, 98.1 percent or 217,982 workers were paid employees and the remaining 1.9 percent or 4,130 persons were working owners and unpaid workers.

Majority of Financial Intermediation workers were employed in establishments with TE of 20 and over with 157,265 persons or 70.8 percent of the total employment. The remaining 64,847 employees (29.2%) were employed in establishments with TE of less than 20.

Industry-wise, Other Monetary Intermediation was the top employer in the sector, accounting for more than half (54.8%) or 121,779 workers. This was followed by Credit Granting with 29,629 workers (13.3%) and Non-Bank Financial Intermediation, N.E.C. with 21,970 workers (9.9%). On the other hand, Activities Auxiliary to Insurance and Pension Funding employed the least number of workers with 3,842 persons (1.7%).

About three in every five workers or 133,088 of the total workforce in the Financial Intermediation sector were female. This was demonstrated in Other Monetary Intermediation which comprised of 72,034 female workers and accounting for almost one-third (32.4%) of the total employment. Establishments engaged in Credit Granting employed 15,681 female workers accounting for 11.8 percent of the total female workforce. All industries employed more female workers. (See Figure 3 and Table E)

Regionwise, NCR being the hub of economic activities in the country accounted for 86.7 percent of the entire workforce or 136,325 workers for Financial Intermediation establishments with TE of 20 and over. This was followed by CALABARZON and Central Visayas employing 3,987 (2.5%) and 2,324 (1.5%) workers, respectively. MIMAROPA employed the least number of workers with only 302 or 0.2 percent of the total employment.

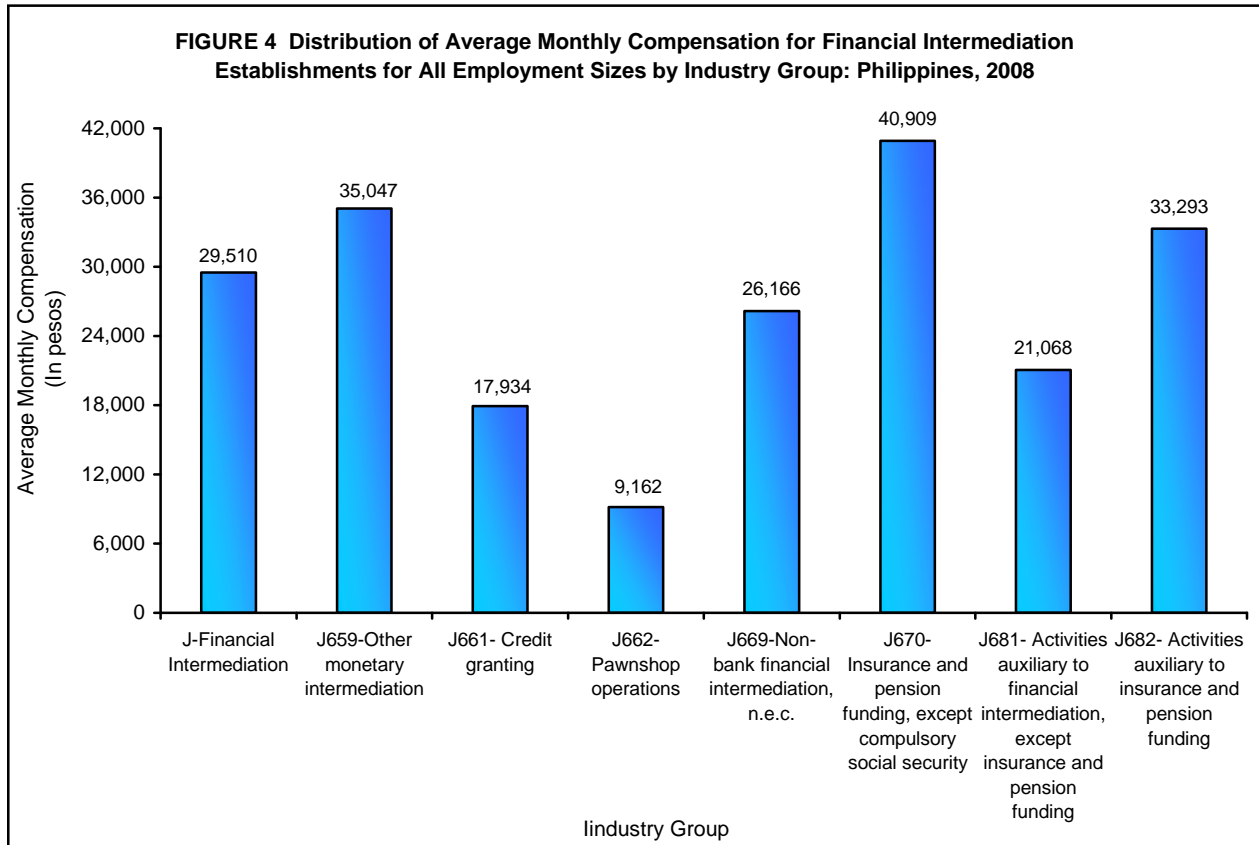

COMPENSATION

The total compensation paid by Financial Intermediation establishments to its 217,982 paid employees amounted to PhP77.19 billion. This translated to an average annual compensation per paid employee of PhP354,117. Of the total, 94.4 percent or PhP72.88 billion covered the salaries and wages while the remaining 5.6 percent (PhP4.31 billion) were employer's contribution to SSS/GSIS and the like.

Other Monetary Intermediation establishments paid the highest which amounted to PhP51.09 billion, accounting for about two-thirds (66.2%) of the total compensation. This was

followed by Insurance and Pension Funding, except Compulsory Social Security establishments with PhP7.83 billion (10.1%). Establishments engaged in Activities Auxiliary to Insurance and Pension Funding registered the least with PhP1.43 billion or 1.9 percent of the total.

With respect to average monthly compensation, Insurance and Pension Funding, except Compulsory Social Security were the highest earners with PhP40,909. Workers in Other Monetary Intermediation ranked second with PhP35,047 average monthly pay. Pawnshop Operations establishments' workers received the lowest average monthly pay of PhP9,162. (See Figure 4)

At the regional level, NCR based workers in Financial Intermediation establishments with TE of 20 and over paid the highest average monthly pay of PhP39,487 and the only region that surpassed the national average. This was followed by workers in Central Visayas with an average monthly pay of PhP23,008. Workers in the regions of MIMAROPA and Eastern Visayas received the lowest average monthly pay of PhP10,824 and PhP7,808, respectively.

REVENUE

The total revenue generated by Financial Intermediation establishments reached PhP760.43 billion in 2008. Establishments with TE of 20 and over contributed the largest share with PhP706.62 billion or 92.9 percent of the total. The remaining 7.1 percent (PhP53.81 billion) were contributed by establishments with TE of less than 20.

By source of revenue, Interest Income grossed PhP454.29 billion, accounting for almost three-fifths (59.7%) of the total revenue. This was followed by Insurance Premiums earned by Insurance and Pre-need Plan companies which amounted to PhP92.60 billion (12.2%). Dividend Income and Service Charges ranked third and fourth with revenue share of PhP68.11 billion (9.0%) and PhP30.90 billion (4.1%), respectively. The remaining 15.1 percent (PhP114.54 billion) were derived from other sources.

At the industry group level, Other Monetary Intermediation establishments contributed the highest share with PhP411.04 billion or 54.1 percent of the sector's total revenue. Establishments engaged in Non-Bank Financial Intermediation, N.E.C. and Insurance and Pension Funding, except Compulsory Social Security earned PhP134.35 billion (17.7%) and PhP117.31 billion (15.4%), respectively. Pawnshop Operations establishments recorded the least share with PhP7.95 billion (1.0%). (See Figure 5)

As expected, NCR based Financial Intermediation establishments with TE of 20 and over earned the highest revenue estimated at PhP675.34 billion (95.6%). Outside NCR, Central Visayas contributed PhP16.28 billion (2.3%) to the sector's total revenue. Other regions with contribution above 0.2 percent were CALABARZON with PhP2.95 (0.4%) billion, Davao with PhP2.31 billion (0.3%) and Central Luzon with PhP2.25 billion (0.3%).

The revenue per peso cost (excluding compensation) earned by Financial Intermediation establishments stood at PhP1.55. This showed that for every peso spent by the sector, a corresponding value of PhP1.55 was generated. Industries that surpassed the national average were Non-Bank Financial Intermediation, N.E.C with PhP3.10, Pawnshop Operations with PhP1.96 and Credit Granting with PhP1.88. However, Activities Auxiliary to Financial Intermediation, except Insurance and Pension Funding had the least ratio with PhP1.07.

COST

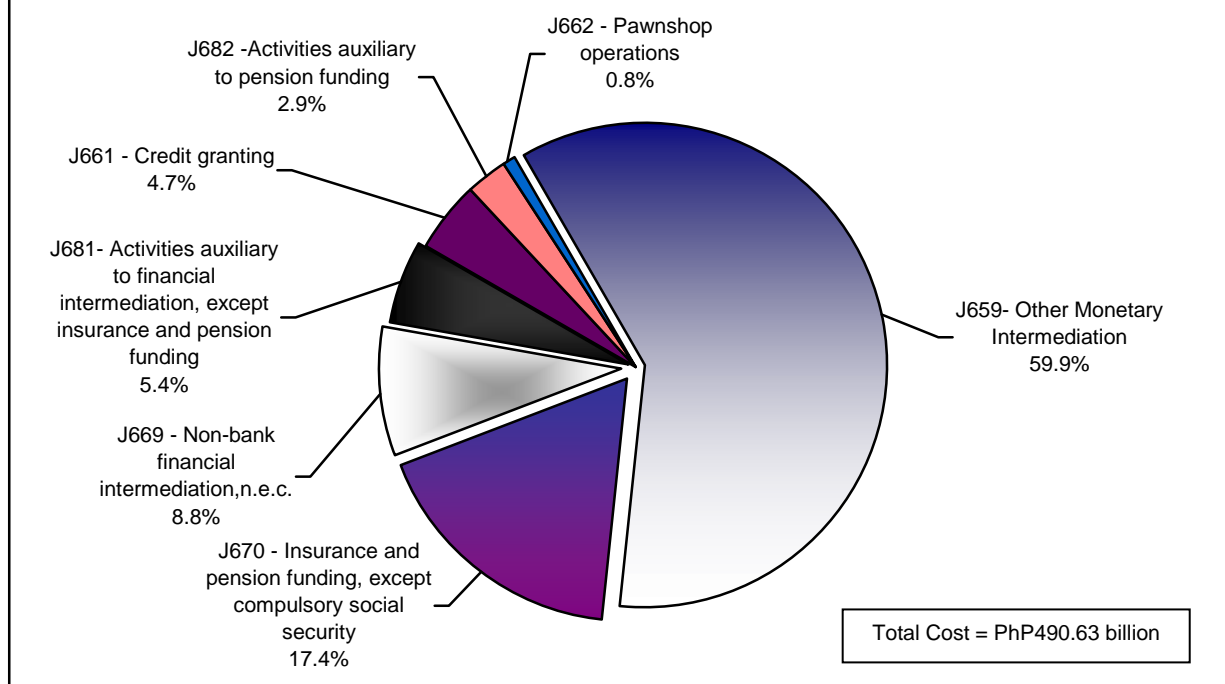

The total cost incurred by Financial Intermediation establishments for its operation amounted to PhP490.63 billion in 2008. Of the total, more than one-third (36.9%) or PhP181.07 billion was spent for interest expense. This was followed by expenses on non-industrial services done by others with PhP135.58 billion (27.6%). Cost incurred on insurance and claims paid and bad and doubtful debts ranked third and fourth with PhP53.17 billion (10.8%) and PhP42.09 billion (8.6%), respectively. The rest of the cost items summed to PhP78.72 billion.

Establishments with TE of 20 and over spent the most with PhP466.67 billion or accounting for 95.1 percent of the total cost. The remaining 4.9 percent (PhP23.96 billion) were for establishments with TE of less than 20.

Other Monetary Intermediation establishments incurred the largest cost amounting to PhP293.81 (59.9%). This was followed by establishments engaged in Insurance and Pension Funding, except Compulsory Social Security and Non-Bank Financial Intermediation, N.E.C. with expenses of PhP85.45 billion (17.4%) and PhP43.34 billion (8.8%), respectively. Pawnshop Operations disbursed the least with PhP4.07 billion (0.8%). (See Figure 6)

At the regional level, Financial Intermediation establishments with TE of 20 and over, situated in NCR incurred the highest cost for its operation amounting to PhP454.87 billion or 97.5 percent. This was followed by Central Visayas with PhP2.51 billion (0.5%), CALABARZON with PhP1.85 billion (0.4%), Central Luzon with PhP1.61 billion (0.3%) and Davao with PhP1.35 billion (0.3%). Other regions had a percent share of less than 0.3 percent to the total cost.

FIGURE 6 Distribution of Costs for Financial Intermediation Establishments for All Employment Sizes by Industry Group: Philippines, 2008

GROSS ADDITIONS TO FIXED ASSETS

The Financial Intermediation sector acquired an estimated total of PhP13.88 billion to its fixed assets in 2008. Establishments with TE of 20 and over acquired assets worth PhP12.51 billion or 90.1 percent of the total while the remaining 9.9 percent (PhP1.37 billion) were accounted for by establishments with TE of less than 20.

By mode of acquisition, the largest share of the Financial Intermediation establishment's acquired fixed assets were for new fixed assets comprising of more than half (52.4%) or PhP9.20 billion of total capital expenditure. Followed next were Major Alterations and Improvements on Fixed Assets with 25.9 percent or PhP4.55 billion of the total capital expenditures. Capital expenditure of fixed assets produced on own account registered the least with PhP256.12 million (1.5%).

About sixty-three percent (PhP8.80 billion) of the total gross additions to fixed assets were realized by Other Monetary Intermediation establishments. This was followed by establishments engaged in Non-Bank Financial Intermediation, N.E.C. with PhP2.94 billion (21.2%) and Credit Granting with PhP1.01 billion (7.3%) gross additions to fixed assets. On the other hand, establishments engaged in Activities Auxiliary to Insurance and Pension Funding acquired the least fixed assets with PhP65.66 million (0.5%). (See Figure 7)

FIGURE 7 Distribution of Gross Additions to Fixed Assets for Financial Intermediation Establishments for All Employment Sizes by Industry Group: Philippines, 2008

NCR spent the highest capital outlay used for their operation amounting to PhP11.75 billion or 94.0 percent of the total gross additions for fixed assets for Financial Intermediation establishments with TE of 20 and over. For regions outside NCR, only Central Visayas had acquired assets more than the hundred million mark with PhP178.83 million (1.4%). The rest of the regions had less than 1.0 percent share to the total acquired assets.

CHANGE IN INVENTORIES

The total change in inventories for Financial Intermediation establishments registered a positive value of PhP35.47 million. Establishments with TE of 20 and over posted a negative change in inventories of PhP108.72 million while establishments with TE of less than 20 had positive value of PhP144.19 million.

Financial Intermediation establishments engaged in Non-Bank Financial Intermediation, N.E.C., Pawnshop Operations and Other Monetary Intermediation registered a positive change in inventories amounting to PhP131.22 million, PhP22.33 million and PhP14.31 million, respectively. The rest of the industry groups of the Financial Intermediation sector recorded a negative change in inventories.

At the regional level for establishments with TE of 20 and over, Central Visayas accounted for the highest positive change in inventories which totaled to PhP25.89 million. This was followed by CALABARZON with PhP3.35 million. NCR registered the lowest change in total inventories with a negative value amounting to PhP134.75 million.

VALUE ADDED

The total value added contributed by Financial Intermediation establishments reached PhP363.50 billion in 2008. Of the total, majority were contributed by establishments with TE of 20 and over with PhP329.80 billion (90.7%) and the remainder were by establishments with TE of less than 20 with PhP33.71 billion (9.3%).

By industry group, Other Monetary Intermediation establishments contributed the highest value added with PhP176.19 billion or 48.5 percent of the sector's total value added. This was followed by establishments engaged in Non-Bank Financial Intermediation, N.E.C., with PhP98.55 billion (27.1%) and Insurance and Pension Funding, except Compulsory Social Security with PhP37.03 billion (10.2%). Activities Auxiliary to Financial Intermediation, except Insurance and Pension Funding recorded the least share to total value added with PhP2.74 million (0.8%). (See Figure 8)

Among the regions, NCR contributed the biggest share to value added with an estimated amount of PhP307.97 billion or 93.4 percent of the total for Financial Intermediation establishments with TE of 20 and over. This was followed by Central Visayas with PhP14.21 billion (4.3%), CALABARZON with PhP1.56 billion (0.5%) and Davao with PhP1.26 billion (0.4%). The rest of the regions had contribution of less than 0.4 percent to total value added.

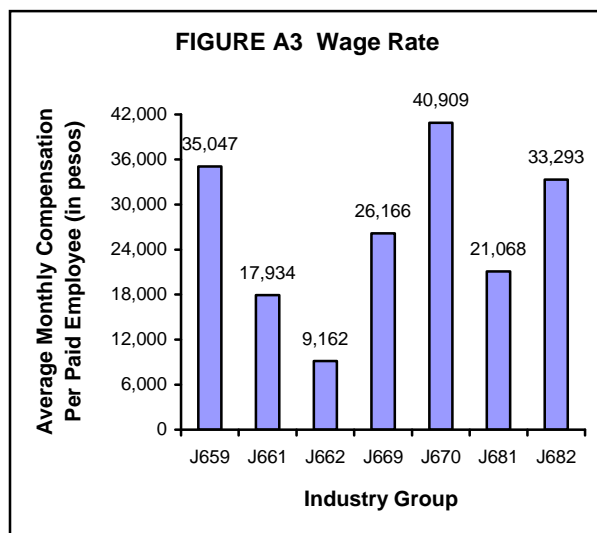

Labor productivity (Value added per employment) in Financial Intermediation establishments stood at an annual average of PhP1.64 million in 2008. Establishments with TE of 20 and over had the highest ratio and surpassed the national average with PhP2.10 million while establishments with TE of less than 20 had a ratio of PhP519,770. Establishments engaged in Non-Bank Financial Intermediation, N.E.C. , Activities Auxiliary to Insurance and Pension Funding and Insurance and Pension Funding, except Compulsory Social Security surpassed the national average with PhP4.49 million, PhP4.17 million and PhP2.32 million, respectively.

SUBSIDIES

The Financial Intermediation sector received subsidies granted by government to support its operation which totaled to PhP3.83 billion in 2008. Majority (99.9%) or PhP3.83 billion subsidies were provided to establishments with TE of 20 and over. The remaining 0.1 percent or PhP1.97 million were for establishments with TE of less than 20.

Industry-wise, Financial Intermediation establishments engaged in Credit Granting received the highest subsidies which amounted to PhP2.46 billion (64.1%). Other industries that received subsidies were; Activities Auxiliary to Insurance and Pension Funding with PhP795.22 million (20.8%), Other Monetary Intermediation with PhP376.51 million (9.8%), and Non-Bank Financial Intermediation, N.E.C. with PhP1.22 million (0.03%). However, Pawnshop Operations and Activities Auxiliary to Financial Intermediation, except Insurance and Pension Funding did not receive any subsidy from the government.

2008 ANNUAL SURVEY OF PHILIPPINE BUSINESS AND INDUSTRY

BUSINESS AND SERVICES
 January - December 2008

Please enter your TIN here

OBJECTIVE

The **2008 Annual Survey of Philippine Business and Industry (ASPBI)** will provide key measures on the performance, structure and trends of businesses and industries that will be used for planning and policy formulation by the government and private sectors.

AUTHORITY

The information sought is collected under the authority of **COMMONWEALTH ACT 591**. The Act authorizes the **National Statistics Office** to collect information from businesses and industries. Any person who fails or refuses to accomplish this questionnaire shall, upon conviction, be punished as provided for in **Section 3** of this same **Act**.

CONFIDENTIALITY

Section 4 of **CA 591** provides that all information furnished this Office will be kept strictly **CONFIDENTIAL** and shall not be used for purposes of taxation, investigation or regulation.

REFERENCE PERIOD

Report should refer to the period from **January 1 to December 31, 2008**.

DUE DATE

Duly accomplished form should be submitted to NSO or to the authorized representative **ON** or **BEFORE**

 CARMELITA N. ERICTA
Administrator

REVENUE

13. Total Revenue in 2008

Revenue refers to cash received and receivables for services rendered and goods sold.

Valuation: Services rendered and goods sold should be in **producer price** net of discounts and allowances.

Producer price is the amount receivable by the producer from the purchaser for a unit of a product (good or service produced) as output, minus any VAT or similar deductible tax, invoiced to the purchaser. It excludes any transport charges invoiced separately by the producer.

INCLUDE:

- Revenue from transactions within and outside the country.
- Services rendered and goods transferred to other establishments belonging to the same enterprise as this establishment which should be treated as sales and valued as if sold to a customer or **valued at cost**.

EXCLUDE:

- Subsidies received.

**CAPITAL EXPENDITURES AND SALE OF TANGIBLE FIXED ASSETS,
INCLUDING LOSSES AND DAMAGES**

16. Capital Expenditures and Sale of Tangible Fixed Assets, Including Losses and Damages in 2008

Tangible Fixed Assets refer to physical assets (tangible) acquired and for use of this establishment and expected to have a productive life of more than one year. These include land; buildings, other structures and land improvements; transport equipment; machinery and equipment; and other fixed assets.

INCLUDE:

- Tangible fixed assets received from other establishments belonging to the same enterprise as this establishment should be valued as though purchased.
- Delivery charges and installation cost, taxes and other necessary fees (import duties, registration fees, etc.)

EXCLUDE:

- Financing cost

Capital expenditures for tangible fixed assets refer to the full value of tangible fixed assets **acquired in 2008** whether or not full payments have been made.

Sale of tangible fixed assets refers to the actual amount received/realized (**not book value**) from the sale of tangible fixed assets during the year including the value of tangible fixed assets transferred to other establishments of the same enterprise.

Losses and Damages refer to the decrease in the book value of tangible fixed assets due to theft, major catastrophe, and other accidental destructions.

CAPITAL EXPENDITURES FOR TANGIBLE FIXED ASSETS (Cont.)

17. Capital Expenditures for All Tangible Fixed Assets by Mode of Acquisition in 2008

⇒ Report the full value of all tangible fixed assets acquired in 2008 by mode of acquisition. Total in this item should equal to the **Total** reported in Item 16 column 1.

New tangible fixed assets refer to brand new tangible fixed assets acquired during the year, including directly/newly imported tangible fixed assets. **Directly/newly imported tangible fixed assets** are considered new whether or not they were used before they were imported.

Major alterations and improvements on tangible fixed assets are done to increase the performance or capacity of existing fixed assets or to significantly extend their expected useful lives.

Used tangible fixed assets refer to those that have been previously used within the country.

Tangible fixed assets produced on own account refer to the physical assets produced by the establishment for its own use. It should be valued as the cost of all work put in place including overhead cost.

MODE OF ACQUISITION	LN NO	VALUE IN PESOS (Omit Centavos)

ITSD Ref. No. 08ITD00-326
July 1, 2008

DESIGNATION ORDER NO. 2008- 176

To facilitate the planning activities and the smooth conduct of the 2008 Annual Survey of the Philippine Business and industry (ASPBI), the following employees are hereby designated as members of committees/working groups to perform specific functions in addition to their regular office duties:

I. Steering Committee

Chairman: Administrator - Carmelita N. Ericta
Vice-Chairman: Deputy Administrator - Paula Monina G. Collado
Members:

Director, Industry and Trade Statistics Department (ITSD) – Estela T. De Guzman
Director, Information and Resources Department (IRD) – Valentino C. Abuan
OIC-Director General Administration Department (GAD) – Fiel C. Pizarro
OIC-Director, Household Statistics Department (HSD) – Socorro D. Abejo
OIC-Regional Director, National Capital Region (NCR) – Lourdes V. Homecillo

Terms of Reference:

1. Provides overall direction for the implementation of the various activities of the ASPBI.
2. Approves census/survey design and operation plans.
3. Approves work plans of committee and working groups.
4. Approves budget proposal.
5. Conducts regular quarterly meetings and other meetings as the need arises.

Secretariat: Statistician I, ITSD – Glen Polo
Statistician I, Statistical Sampling and Operation Division (SSOD) – Ruth Polo

II. Technical Committee

Chairman: Director, ITSD – Estela T. De Guzman
Co-Chairman: OIC-RD, NCR – Lourdes V. Homecillo
Members:

Chief, Business and Services Statistics Division (BSSD) - Katrina G. Esclamad
Chief, SSOD - Elsie B. Solidum
Chief, Information Technology Systems and Research Division (ITSRD) – Veronica P. Pido
OIC-Chief, Industry Statistics Division (ISD) – Dulce A. Regala
Statistician IV, SSOD – Juanita B. Soriano
Statistician IV, BSSD – Apolinar F. Oblea
Statistician IV, Foreign Trade Statistics Section (FTSS) – Gloria A. Cubinar
Information Systems Analyst III, ITSRD – Noel P. Perez

Terms of Reference:

1. Reviews timetable of activities and work plans.
2. Reviews census/survey design including scope and coverage, data items, concepts and definitions.
3. Organizes consultative fora with stakeholders.
4. Reviews resource requirements (budget, hardware and manpower).
5. Monitors progress of Working Groups and resolves administrative, technical and operational issues that may arise.
6. Conducts regular monthly meetings and other meetings as the need arises.
7. Submits quarterly progress report to the Steering Committee.
8. Documents all proceedings of the Committee.
9. Performs other duties as directed by Steering Committee.

Secretariat: Statistician II, BSSD – Mari-Belle D. Dy
Statistician I, ITSD – Eduardo C. Dulay Jr.

A. Working Group on Questionnaire Design, Manuals and Field Operations

Chairman: OIC-Chief, ISD – Dulce Regala
Co-Chairman: Chief, BSSD – Katrina Esclamad
Members:

Chief, SSOD – Elsie Solidum
Statistician IV, FTSS – Ma. Julieta Soliven
Statistician III, ISD – Anita Brevia
Statistician III, ISD – Josephine Albino
Statistician III, BSSD – Anilor Fontanilla
Statistician III, BSSD – Carole Blanco
Computer Programmer III, ITSRD – Renato Asuncion
Computer Programmer III, ITSRD – Florencio Atentar
Statistician II, BSSD – Ralph Bariata
Statistician II, BSSD – Felisa Abad
Statistician I, ISD – Myrly Lilia Cuachin

Terms of Reference:

1. Designs ASPBI questionnaire and other forms.
2. Conducts pre-test of the questionnaire through Focus Group Discussions with data suppliers.
3. Prepares Field Operations Plan including spotchecking.
4. Prepares Field Operations and Processing Manual.
5. Prepares Central Office Processing Manual.
6. Prepares requirements for NSCB clearance.
7. Consolidates narrative reports on field operations including spotchecking.
8. Conducts bi-monthly meetings and other meetings as the need arises.
9. Submits monthly progress report to the Technical Committee
10. Documents all proceedings of the Working Group.
11. Performs other duties as directed by Technical Committee

Secretariat: Statistician II, ISD – Ma. Thelma Lofranco
Statistician Aide, ISD – Elmor Baroquillo

B. Working Group on Sampling Design, Selection and Estimation

Chairman: Chief, SSOD – Elsie Solidum
Vice-Chairman: Statistician IV, SSOD – Juanita Soriano
Members:

Information Systems Analyst III, ITSRD – Noel Perez
Computer Programmer II, ITSRD – Raymond Nimeno
Statistician IV, ISD – Gloria Cubinar
Statistician III, SSOD – Nenita Rebarter
Statistician III, SSOD – Mario Ilagan Jr.
Statistician II, BSSD – Fraulein Cantara
Statistician II, ISD – Sharon Martinez
Statistician I, SSOD – Jeremias Empas, Jr.

Terms of Reference:

1. Determines and recommends scope and coverage for the ASPBI.
2. Reviews and develops sampling design for the ASPBI.
3. Prepares estimation procedures.
4. Prepares materials and presents sampling design for approval.

Appendix 3 - Concluded

5. Draws ASPBI samples.
6. Prepares control list of samples.
7. Conducts bi-monthly meetings and other meetings as the need arises.
8. Submits monthly progress report to the Technical Committee.
9. Documents all proceedings of the Working Group.
10. Performs other duties as directed by Technical Committee.

Secretariat: Statistician I, SSOD – Cherilyn Cosico
Statistician Aide, SSOD– Editha Aguilar

C. Working Group on Training, Publicity and Data Dissemination

Chairman: Statistician IV, FTSS – Gloria Cubinar

Co-Chairman: OIC-Chief, Databank and Information Services Division – Vincent Morris Olaivar

Members:

PRO, Office of the Administrator – Cristy Oliveros
HRMO IV, Human Resource Management Division (HRMD) – Hilda Ballestin
Administrative Officer V, HRMD – Daisy Adlawan
Statistician III, FTSS – Soraya de Guzman
Statistician III, ISD – Felicidad Hebron
Statistician III, SSOD – Nenita Rebarter
Statistician II, ISD – Cecilia Matienzo
Statistician II, SSOD – Elizabeth Pajigal
Statistician II, BSSD – Mari-Belle Dy
Statistician II, BSSD – Belinda Intalan
Statistician I, ITSD – Eduardo Dulay Jr
Statistician I, BSSD – Jaylon Modina
Statistician I, ISD – Teresita Mabilangan
Statistician I, ISD – Jose Alvin Almedilla

Terms of Reference:

1. Plans and implements publicity program.
2. Prepares training plan and training design.
3. Prepares training materials and travel order.
4. Consolidates Narrative Reports of training.
5. Prepares Evaluation Form for Trainers and Trainees
6. Prepares Training Evaluation Report.
7. Plans and organizes data dissemination fora.
8. Prepares publication plans.
9. Conducts bi-monthly meetings and other meetings as the need arises.
10. Submits monthly progress report to the Technical Committee.
11. Documents all proceedings of the Working Group.
12. Performs other duties as directed by Technical Committee.

Secretariat: Statistician I, FTSS – Epifanio Cruz Jr
Assistant Statistician, FTSS – Jonyper Molejon

D. Working Group on Logistics and Budget Preparation

Chairman: Statistician IV, BSSD – Apolinar Oblea

Co-Chairman: Statistician III, ISD – Jennifer Pevidal

Members:

Budget Officer IV, Budget Division – Evelyn Tolentino

Statistician II, BSSD – Marivic Acosta

Statistician II, ISD – Lucinda Bitong

Statistician II, ISD – Apolinario Rosario Jr.

Statistician II, SSOD – Redempta Velilla

Statistician II, BSSD – Belinda Intalan

Statistician II, BSSD – Wilfredo Montano Jr.

Freight Service Supervisor II, Administrative Services Division (ASD) – Vicente Cumagun

Statistician I, ISD – Jose Alvin Almedilla

Statistician I, BSSD – Francisco Abutan Jr.

Terms of Reference:

1. Prepares budget/cost estimate
2. Prepares workload and manpower requirements.
3. Prepares allocation of supplies and materials, forms, questionnaires and manuals.
4. Coordinates with ASD the procurement of supplies and materials
5. Coordinates with the printing of questionnaires, manual and forms.
6. Coordinates with shipment of questionnaires, manual and materials to field offices.
7. Conducts bi-monthly meetings and other meetings as the need arises.
8. Submits monthly progress report to the Technical Committee.
9. Documents all proceedings of the Working Group.
10. Performs other duties as directed by Technical Committee.

Secretariat: Statistician I, BSSD – Jaylon Modina

Statistician I, BSSD – Harold Carpio

E. Working Group on Machine Processing

Chairman: Chief, BSSD – Katrina Esclamad

Co-Chairman: OIC-ISD – Dulce Regala

Members:

Chief, Information Technology Operations Division – Elpidio Nogales Jr.

Information Systems Analyst III, ITSRD – Noel Perez

Computer Programmer III, ITSRD – Renato Asuncion

Computer Programmer III, ITSRD – Florencio Atentar

Computer Programmer II, ITSRD – Raymond Nimeno

Statistician III, BSSD – Carole Blanco

Statistician III, BSSD – Anilor Fontanilla

Statistician III, BSSD – Jean Floirendo

Statistician III, ISD – Anita Brevia

Statistician III, ISD – Josephine Albino

Statistician III, ISD – Felicidad Hebron

Statistician III, SSOD – Mario Ilagan Jr.

Statistician II, BSSD – Stephen Bello

Statistician II, BSSD – Emerson Aquino

Statistician II, BSSD – Fraulein Cantara

Statistician I, BSSD – Belen Salvacion Aguilar

Statistician I, ISD – Myrly Lilia Cuachin

Statistician I, ITSD – Glen Polo

Appendix 3 - Concluded

Terms of Reference:

1. Prepares tabulation formats and specifications.
2. Prepares machine edit specifications including Monitoring and Tracking System.
3. Prepares computer systems design.
4. Develops computer programs.
5. Prepares Machine Processing Manual.
6. Conducts bi-monthly meetings and other meetings as the need arises.
7. Submits monthly progress report to the Technical Committee.
8. Documents all proceedings of the Working Group.
9. Performs other duties as directed by Technical Committee.

Secretariat: Statistician I, BSSD – Miriam Dumalaog
Assistant Statistician, BSSD – Ismael Dayag, Jr.

This Designation Order shall take effect immediately and shall continue to be enforced until the completion of the duties and responsibilities as specified in the Terms of Reference.
