*Notes:*

\* *In this table, the barangays legally existing as of the 2010 Census of Population and Housing were also used to present the data on urban barangays by category for 2007. Hence, the total barangays for year 2007 is not comparable with the figures in 2007 Census of Population Report No. 4 - Urban Population.*

\*\* *Based on the New Definition, barangays in NCR are entirely urban.*

*The following are the categories used for classifying the urban barangays in 2007 and 2010:*

**Category 1** *refers to barangays with population size of 5,000 or more.*

**Category 2** *refers to barangays with at least one establishment with a minimum of 100 employees.*

**Category 3** *refers to barangays with five or more establishments with 10 to 99 employees, and five or more facilities within the two-kilometer radius from the barangay hall.*
