DISSEMINATION OF EDUCATION STATISTICS/INDICATORS**

WHEREAS, the education system adopts a trifocal approach on planning and decision making based on the three levels of education namely basic, technical/vocational, and higher education;

WHEREAS, the education agencies independently compile, generate and disseminate education statistics based on their respective procedures, data releases and manner of data releases;

WHEREAS, the compilation, generation and dissemination of statistics for the basic, technical/vocational, higher education, and other levels of education use administrative reporting forms and surveys that have different sets of timelines and forms of dissemination;

WHEREAS, the Interagency Committee on Education Statistics (IACES) recognized the need to resolve the foregoing concerns and agreed to formulate an Advance Release Calendar with the corresponding cut-off dates for data collection and date of dissemination of education data/indicators whether uploaded on the agency's websites and/or printed as a statistical bulletin/report;

WHEREAS, the education agencies have set the dates for the collection and dissemination of specific education statistics/indicators as shown on Annex BR 01-20160316-01;
