***Philippine Statistics Authority to Conduct the
1st Regional Statistics Committee Summit
on 21 September 2016 at the Crowne Plaza Manila Galleria***

Recognizing the vital role of the Regional Statistics Committees (RSCs) as the policymaking body on statistical matters at the local level, the Philippine Statistics Authority (PSA) will conduct the 1st RSC Summit on 21 September 2016 at the Crowne Plaza Manila Galleria in Ortigas Center, Quezon City.

The Summit, with the theme “Local Statistics: Vital to Country’s Sustainable Development”, aims to serve as a venue for presentation and discussion on local statistical development programs, specifically, for data requirements that will support development planning, implementation, and monitoring of local programs and projects.

This will include discussions on the Core Regional Indicators System (CoRe-IS), region-specific indicators and data requirements, data collection improvement at the LGU level, and components of data ecosystems in the regions.

Chairs and members of the RSCs, members of the PSA Board, officials/staff of NEDA and PSA central and regional offices are expected to participate in the Summit with the goal of strengthening inter-regional statistical cooperation, coordination, and collaboration.
