Figure 2. Distribution of Employment for All Establishments by Employment Grouping: Philippines, 2020

Source: Philippine Statistics Authority, 2020 ASPBI (Final Results)

In terms of employment per establishment, the country registered an average number of 26 workers per establishment in 2020. Large establishments had an average number of 750 workers per establishment. Medium establishments reported 139 workers per establishment, while small and micro establishments registered average numbers of 25 workers and four workers per establishment, respectively. (Tables A and 2)

Large establishments received the highest average annual compensation

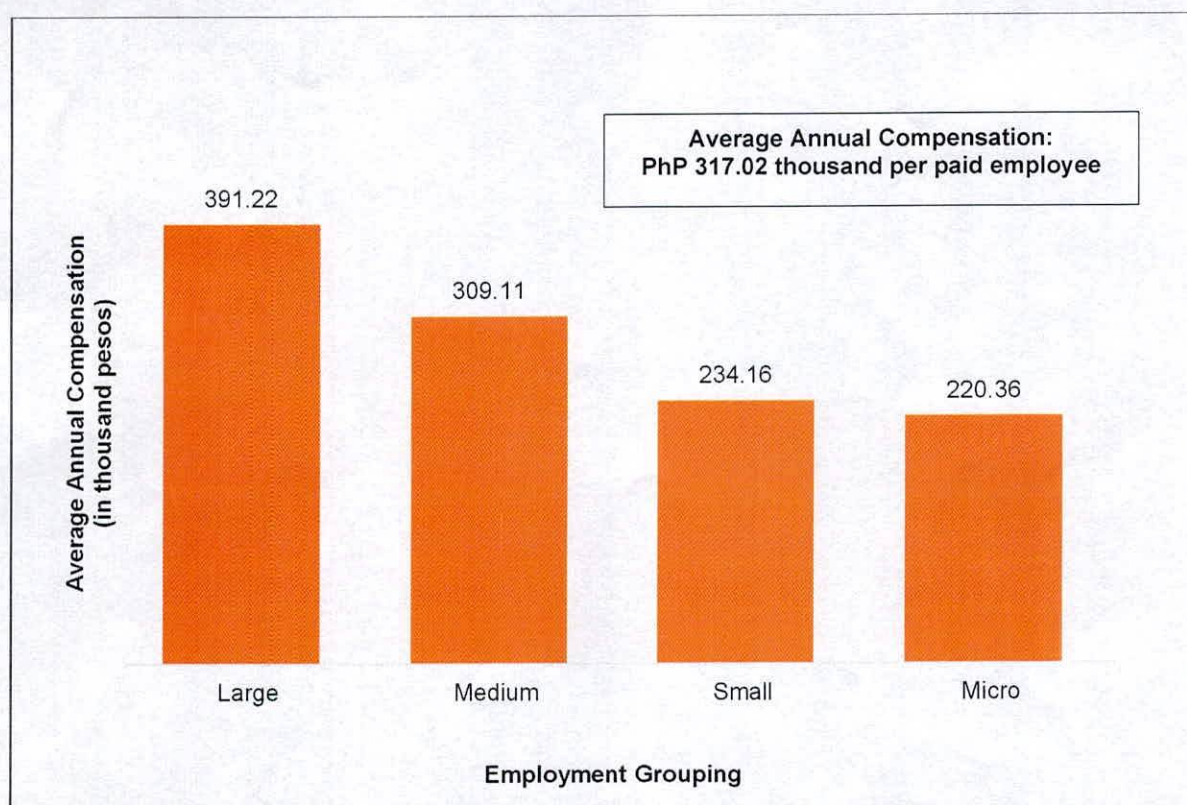

The total compensation paid by all establishments in the formal sector to their employees reached PhP 1.90 trillion in 2020. This translates to an average annual compensation of PhP 317.02 thousand per paid employee. (Tables A,1, and 2)

More than half of the total compensation was paid by large establishments with PhP 1.17 trillion or 61.6 percent of the total compensation. This was followed by small establishments paying PhP 455.45 billion (23.9%) total

compensation, medium establishments paying PhP 144.44 billion (7.6%), and micro establishments paying PhP 131.01 billion (6.9%). (Tables A, 1, and 2)

In terms of average annual compensation, large establishments paid the highest average of PhP 391.22 thousand per paid employee, exceeding the national average in 2020. This was followed by medium establishments paying an average annual compensation of PhP 309.11 thousand per paid employee, small establishments paying PhP 234.16 thousand per paid employee, and micro establishments paying PhP 220.36 thousand per paid employee. (Figure 3 and Tables A and 2)

Figure 3. Average Annual Compensation of Paid Employees for All Establishments by Employment Grouping: Philippines, 2020

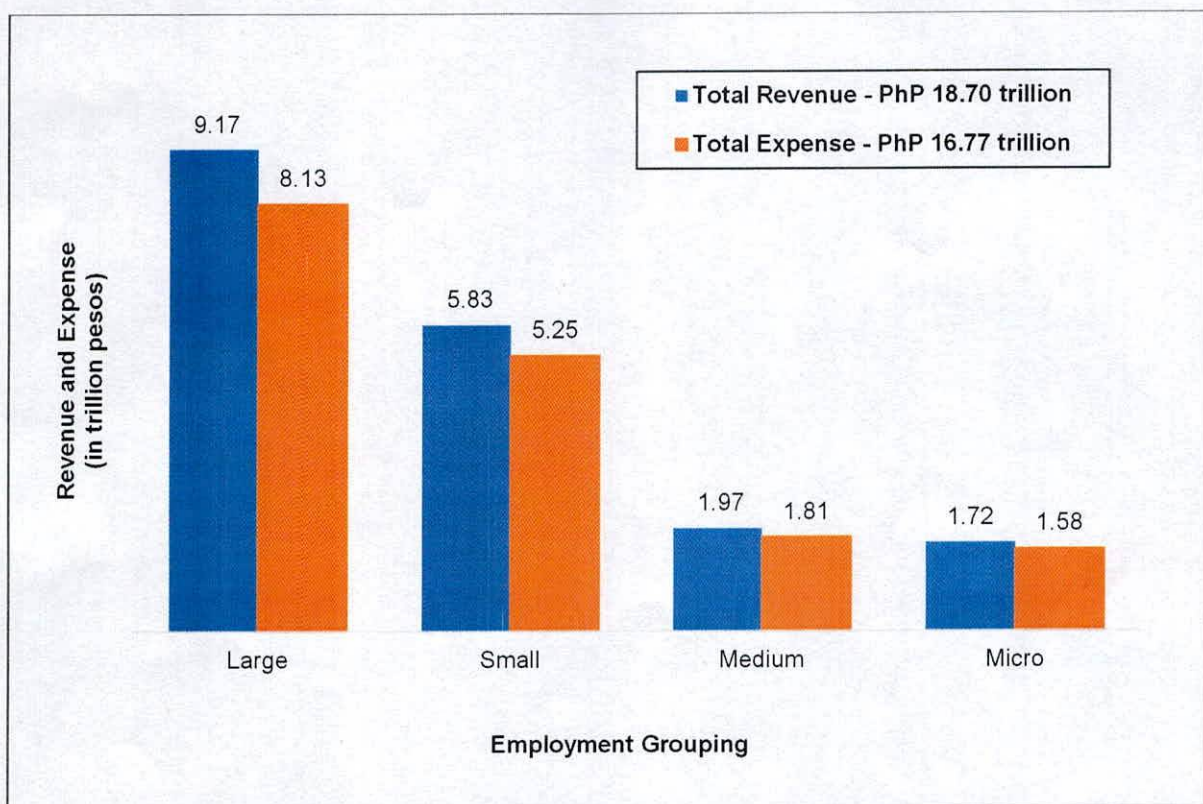

Source: Philippine Statistics Authority, 2020 ASPBI (Final Results)

Large establishments had the highest share to total revenue and total expense

The total revenue earned by all establishments in the formal sector was estimated at PhP 18.70 trillion in 2020. Meanwhile, these establishments incurred a total expense of PhP 16.77 trillion in 2020. (Tables A and 1)

Large establishments generated the highest revenue of PhP 9.17 trillion (49.1%) and incurred a total expense of PhP 8.13 trillion (48.5%). This was followed by small establishments with PhP 5.83 trillion (31.2%) total revenue and PhP 5.25 trillion (31.3%) total expense, medium establishments with total revenue of PhP 1.97 trillion (10.5%) and total expense of PhP 1.81 trillion (10.8%), and micro establishments generating the lowest total revenue and total expense of PhP 1.72 trillion (9.2%) and PhP 1.58 trillion (9.4%), respectively. (Figure 4 and Table 1)

Figure 4. Total Revenue and Total Expense for All Establishments by Employment Grouping: Philippines, 2020

Note: Details may not add-up to total due to rounding.
 Source: Philippine Statistics Authority, 2020 ASPBI (Final Results)

All establishments in the formal sector generated a revenue per peso expense ratio of 1.11 in 2020. This means that for every peso spent in the business operations of all establishments in 2020, a revenue of PhP 1.11 was generated.

Among employment group, large establishments recorded the highest revenue per peso expense ratio of 1.13. This was followed by small establishments with revenue per peso expense ratio of 1.11. On the other

hand, both micro and medium establishments recorded a revenue per expense ratio of 1.09. (Table 2)

Large establishments received the highest government subsidies

Subsidies are special grants in the form of financial assistance or tax privilege given by the government to aid and develop an industry.

Total subsidies received by all establishments in the formal sector in 2020 amounted to PhP 50.78 billion. Large establishments received the highest subsidies amounting to PhP 33.46 billion (65.9%). Small and medium establishments received PhP 8.29 billion (16.3%) and PhP 8.20 billion (16.1%) subsidies, respectively. Micro establishments on the other hand, received the lowest subsidies from the government worth PhP 823.93 thousand (1.6%). (Table 1)
